WGU Information Technology Management QGC1 Sample Questions (Q99-Q104):

NEW QUESTION # 99
What should an IT leader consider when creating a presentation that will be delivered to the board of directors?

- A. Focus on problems rather than solutions
- B. Brevity is key because of time constraints
- C. Be through and provide all the technical details
- D. Know the audience and speak to their level of knowledge

Answer: D

NEW QUESTION # 100
A company has a large percentage of employees who resist the use of new technologies. What should the company consider first before implementing a unified communications system?

- A. Corporate culture
- B. Employee accessibility
- C. Competitors' systems
- D. Pilot testing

Answer: A

Explanation:
* Importance of Corporate Culture in Technology Adoption:
* Organizational culture directly influences employees'willingness to adopt new technologies.
* Resistance often stems from fear of change, lack of trust in technology, or inadequate training.
* Steps Before Implementing a Unified Communications System:
* Assess the corporate culture to identify barriers to adoption.
* Develop a change management strategy to address concerns and align the system with company values.
* Incorrect Options Analysis:
* A. Pilot Testing:Useful later in implementation, but not the first step.
* B. Employee Accessibility:Important but secondary to addressing cultural barriers.
* D. Competitors' Systems:Irrelevant to internal resistance issues.
References and Documents of Information Technology Management:
* ITIL 4 Digital Transformation Guide (Axelos).
* "Change Management in Technology Implementation" (Harvard Business Review).

NEW QUESTION # 101
Which term is used to describe the business needs, justification, requirements, and boundaries of a project?

- A. Project scope
- B. Project management
- C. Project milestone
- D. Project plan

Answer: A

NEW QUESTION # 102
What is the purpose of the Internet Use portion of the IT ethics policy?

- A. To improve worker productivity
- B. To specify which email messages may be read by others
- C. To specify what a user can and cannot do with company printers
- D. To identify company branding for use in communications

Answer: A

Explanation:
* Purpose of Internet Use Policy in IT Ethics:
* An Internet Use Policy is a subset of an organization's IT ethics policy. It outlines acceptable use of the organization's internet resources by employees.
* By defining clear guidelines, the policy aims to minimize time wasted on personal browsing and ensure internet use aligns with business goals.
* Relation to Worker Productivity:
* The policy is designed to prevent misuse of the internet (e.g., excessive social media use or visiting non-work-related websites), which can negatively impact productivity.
* Encouraging responsible use fosters a professional environment and helps employees focus on work-related tasks.
* Why Other Options Are Incorrect:
* Option B:Email monitoring may be part of broader IT security policies but is not the focus of Internet Use policies.
* Option C:Branding guidelines apply to communication policies, not internet usage policies.
* Option D:Printer usage is covered under equipment policies, not internet use policies.
References:
* "Employee Internet Use Policy Guidelines" - SHRM
* IT Ethics and Acceptable Use Policies, ISO 27002

NEW QUESTION # 103
How does service-oriented architecture (SOA) help companies become more agile?

- A. Aligns business needs and the management information system capabilities that support these needs
- B. Breaks the project into four phases to provide quicker feedback and improve results
- C. Builds a working model of the system on a small scale to detect errors early in development
- D. Requires a tight adherence to a sequence of steps to accomplish the original goal

Answer: A

NEW QUESTION # 104
.....
