- C. Global movement towards digital transformation
- D. Increasing investment in physical retail stores

Answer: C

* The worldwide shift toward digital transformation is the primary catalyst making Digital Adoption Platforms (DAPs) essential-organizations must ensure their tools are not just implemented, but also fully adopted by users.
* WalkMe specifically addresses the "digital adoption gap" where companies invest heavily in digital tools but struggle to achieve actual usage-costing millions in productivity and ROI losses.

* C. Rising popularity of traditional employee training methods - Traditional training is declining; digital, in-app guidance is gaining momentum.
* D. Increasing investment in physical retail stores - This is unrelated to software adoption and digital change initiatives.
