

# Topic: Real CWNP CWDP-305 Exam Practice Questions

2025 Latest PracticeMaterial CWDP-305 PDF Dumps and CWDP-305 Exam Engine Free Share: [https://drive.google.com/open?id=19rWIiKCXiwSLfRb4LhhwlegSpOcp\\_l-w](https://drive.google.com/open?id=19rWIiKCXiwSLfRb4LhhwlegSpOcp_l-w)

With the CWDP-305 qualification certificate, you are qualified to do this professional job. Therefore, getting the test CWDP-305 certification is of vital importance to our future employment. And the CWDP-305 study tool can provide a good learning platform for users who want to get the test CWDP-305 Certification in a short time. If you can choose to trust us, I believe you will have a good experience when you use the CWDP-305 study guide, and pass the exam and get a good grade in the test CWDP-305 certification.

## CWNP CWDP-305 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>• Design the WLAN: This section of the exam measures the skills of a WLAN Design Engineer and covers the process of selecting configurations, architecture types, and wireless components to meet business and technical requirements. It includes using design software, selecting access points and antennas, and applying methodologies such as predictive or measured design. Candidates must demonstrate the ability to produce effective documentation and configure features like QoS, roaming security, and network services for different types of client devices and applications.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>• Deploy the WLAN: This section of the exam measures the skills of a WLAN Implementation Specialist and involves overseeing the deployment phase of wireless networks. It focuses on understanding deployment procedures for various WLAN architectures, configuring supporting infrastructure, and verifying proper installation. The section also addresses physical installation checks, documentation handover, and quality assurance practices during ongoing installations.</li></ul>
Topic 3	<ul style="list-style-type: none"><li>• Validate and Optimize the WLAN: This section of the exam measures the skills of a WLAN Optimization Specialist and assesses the ability to test, validate, and fine-tune wireless networks post-deployment. Key tasks include RF validation surveys, performance testing, troubleshooting connectivity and security issues, and applying appropriate physical or RF adjustments. It also involves client testing and final project handover, including documentation, knowledge transfer, and meetings to ensure long-term WLAN success.</li></ul>

Topic 4	<ul style="list-style-type: none"> <li>• Define Specifications for the WLAN: This section of the exam measures the skills of a Wireless Network Planner and focuses on gathering business and technical requirements needed for designing wireless LANs. It includes understanding user needs, regulatory and safety constraints, and environmental factors. Candidates are expected to identify critical elements such as coverage, capacity, security, and device compatibility, and to analyse existing infrastructure and documentation to ensure a successful design strategy.</li> </ul>

## **100% Pass CWNP - CWDP-305 - Certified Wireless Design Professional Newest Exam Guide Materials**

Our CWDP-305 training materials are professional practice material under warranty. Accompanied with acceptable prices for your reference, all our CWDP-305 exam quiz with three versions are compiled by professional experts in this area more than ten years long. Moreover, there are a series of benefits for you. If you place your order right now, we will send you the free renewals lasting for one year. All those supplements are also valuable for your CWDP-305 practice materials.

### **CWNP Certified Wireless Design Professional Sample Questions (Q226-Q231):**

#### **NEW QUESTION # 226**

Which of the following is not a business requirement?

Response:

- A. The new network design must make employees happy to come to work.
- B. The new network design must improve employee productivity.
- **C. The new network design must provide support for 802.11n.**
- D. The new network design must cut operating expenses.

**Answer: C**

#### **NEW QUESTION # 227**

What best describes ensuring coverage requirements in a deployed WLAN?

- **A. Verifying that you can connect to the WLAN from all required locations with the least capable device**
- B. Verifying that a 3x3:3 gaming laptop can connect to the WLAN from all required locations
- C. Verifying that the WLAN can be seen from all required locations
- D. Measuring the signal strength and number of APs at each location and comparing it to the requirement specifications

**Answer: A**

Explanation:

Coverage must be validated from the perspective of the least capable or lowest-spec client device expected in the environment. This ensures that all necessary devices-not just the most capable ones-can associate and operate reliably.

From CWDP-305:

"Validating coverage should focus on the least capable client device since it will typically have the weakest radio and lowest sensitivity. This ensures all users can connect and meet performance requirements."

- Reference: CWDP-305 Official Study Guide, Post-Design Validation Chapter

#### **NEW QUESTION # 228**

When installing APs on high ceilings, what should be the most common PPE to be used?

- A. Clean suits, masks and glasses
- B. Glasses, gloves and jacket

- C. Clean suits, gloves and jacket
- D. Hardhat, high visibility vest and body belt

**Answer: D**

Explanation:

When working at heights, especially during the installation of Access Points (APs) on high ceilings, safety is paramount. Personal Protective Equipment (PPE) such as hardhats protect against head injuries, high visibility vests ensure that workers are easily seen, and body belts (or harnesses) provide fall protection. These are standard safety measures in such environments. NWExam The CWDP-305 Official Study and Reference Guide underscores the importance of appropriate PPE:

"Ensure that installation personnel use appropriate PPE, including hardhats, high visibility vests, and body belts, when working at heights." Reference: CWDP-305 Official Study and Reference Guide, Chapter on Advanced Site Surveys

### NEW QUESTION # 229

A museum requires its wireless access points to be discreetly integrated into the environment without sacrificing performance. Which design choice best meets this requirement while maintaining optimal functionality?

- A. Use an 802.11b AP, so it looks old enough to be in a museum
- B. Place the APs in between walls and I-beams
- C. Use a plastic cover that could blend in with the environment
- D. Lock the AP inside of a metal box

**Answer: C**

### NEW QUESTION # 230

What basic RF math formula should be used as a baseline to convert an RF value in units of dBm into a value of mW?

\*Note: "dBm" in the formulas represents the known dBm value

- A. mW C.
- B. 0 dBm = 1 mW
- C. mW mW

**Answer: B**

### NEW QUESTION # 231

.....

If you are new to our CWDP-305 exam questions, you may doubt about them a lot. And that is normal. Many of our loyal customers first visited our website, or even they have bought and studied with our CWDP-305 practice engine, they would worried a lot. But when they finally passed the exam with our CWDP-305 simulating exam, they knew that it is valid and helpful. And we also have free demos on our website, then you will know the quality of our CWDP-305 training quiz.
