In the world of industry, VCAP-CMA Design certification is the key to a successful career. If you have achieved credential such as VMware then it means a bright future is waiting for you. Avail the opportunity of 3V0-32.23 dumps at ExamsTorrent that helps you in achieving good scores in the exam. Due to these innovative methodologies students get help online. The 3V0-32.23 Exam Questions Answers are very effective and greatly helpful in increasing the skills of students. They can easily cover the exam topics with more practice due to the unique set of 3V0-32.23 exam dumps. The 3V0-32.23 certification learning is getting popular with the passage of time.

VMware 3V0-32.23 exam is a challenging certification exam that requires a lot of preparation and study. 3V0-32.23 exam consists of 60 multiple-choice questions, and candidates have 120 minutes to complete the exam. 3V0-32.23 exam covers a broad range of topics, including VMware vRealize Automation, VMware vRealize Orchestrator, and VMware vRealize Operations. It is recommended that candidates have a minimum of two years of experience in designing, deploying, and managing VMware cloud solutions before taking the exam.

VMware 3V0-32.23 certification exam covers various topics related to cloud management and automation, including cloud infrastructure design, automation and orchestration, cloud operations management, and cloud governance and compliance. 3V0-32.23 Exam requires the candidate to have a deep understanding of cloud computing concepts, virtualization technologies, and VMware products and solutions. Passing the VMware 3V0-32.23 certification exam can open up new career opportunities for professionals in cloud computing and virtualization, as well as help them gain recognition and respect in their field.

### 3V0-32.23 Guide, 3V0-32.23 Test Lab Questions

ExamsTorrent have made customizable VMware 3V0-32.23 practice tests so that users can take unlimited tests and improve Cloud Management and Automation Advanced Design exam preparation day by day. These 3V0-32.23 practice tests are based on the real examination scenario so the students can feel the pressure and learn to deal with it. The customers can access the result of their previous given 3V0-32.23 Exam history and try not to make any excessive mistakes in the future. The Cloud Management and Automation Advanced Design practice tests have customizable time and 3V0-32.23 exam questions feature so that the students can set the time and 3V0-32.23 exam questions according to their needs.

### VMware Cloud Management and Automation Advanced Design Sample Questions (Q11-Q16):

#### NEW QUESTION # 11

An architect is designing a VMware Aria Cloud Management solution. During the requirements gathering workshop with the customer, the following comments were recorded:

Access to all cloud management tooling must be controlled and audited.

The solution must comply with the company's ISO 27001 compliance standard.

When creating the design documentation, which design quality should be used to classify the requirements?

- A. Security
- B. Manageability
- C. Availability
- D. Performance

**Answer: A**

Explanation:

Requirements related to access control, auditing, and compliance standards (such as ISO 27001) fall under the design quality of Security.

#### NEW QUESTION # 12

An architect is designing a solution that consists of VMware Aria SaaS. When considering the connectivity between the SaaS services and on-prem cloud proxies, which statement is correct?

- A. VMware Aria SaaS are establishing network connections to the on-prem cloud proxies over TCP ports 443, 80 and 22.
- B. On-prem cloud proxies are establishing network connections to the VMware Aria SaaS over TCP port 443.
- C. VMware Aria SaaS are establishing network connections to the on-prem cloud proxies over TCP port 443.
- D. On-prem cloud proxies are establishing network connections to the VMware Aria cloud SaaS over TCP ports 80 and 22.

**Answer: B**

Explanation:

On-premises cloud proxies initiate outbound connections to the VMware Aria SaaS services over secure HTTPS (TCP port 443), ensuring secure communication without requiring inbound firewall exceptions.

#### NEW QUESTION # 13

An architect is responsible for creating the design for a Cloud Management solution that will be used to automate and govern a VMware Software Defined Data Center.

Given the information from the service owner, which two statements would be considered business requirements? (Choose two.)

- A. The solution must support cloud agnostic cloud templates creation.
- B. The solution must be redundant to a minimum of N+1 including during planned maintenance.
- C. The solution must provide business-aware IT control to enforce security and compliance.
- D. The solution must provide a self-service portal.
- E. The solution must enable faster time to market for new applications and services.

**Answer: D,E**

Explanation:

Business requirements focus on outcomes that deliver business value, such as providing self-service capabilities and enabling faster delivery of applications and services.

#### NEW QUESTION # 14

A company is in the initial stage of planning a vRealize Automation project for its cloud datacenter. It wants to provide self-service provisioning of applications based on templates created by IT and application subject matter experts. Security policy will be predefined by the security team and applied dynamically as new application instances are provisioned. The existing private cloud infrastructure will be utilized to host this, along with existing Active Directory and other common infrastructure such as the enterprise IP address management system.

Which are two design constraints in this scenario? (Choose two.)

- A. There are existing DNS and NTP servers.
- B. No further ESXi hosts can be added.
- C. There may be insufficient capacity.

- D. The existing IP address management system must be used.

Answer: C,D

#### NEW QUESTION # 15

In a Cloud Management physical design, how does VMware Aria Automation Config contribute to efficiency?

- A. Managing office supplies inventory
- B. Designing employee performance evaluation forms
- C. Automating cloud infrastructure configuration and deployment tasks
- D. Streamlining customer billing processes

Answer: C

#### NEW QUESTION # 16

.....

Our 3V0-32.23 exam review contains the latest test questions and accurate answers along with the professional explanations. A little attention to prepare 3V0-32.23 practice test will improve your skills to clear exam with high passing score. For most busy IT workers, 3V0-32.23 Dumps PDF is the best alternative to your time and money to secure the way of success in the IT field.
