Valid Dumps Oracle 1Z0-1195-25 Book - New 1Z0-1195-25 Braindumps Ebook

What's more, part of that TestPDF 1Z0-1195-25 dumps now are free: https://drive.google.com/open?id=1PiN_YAb1PRgKYaFuT2zClLkENLCg51X2

The price for 1Z0-1195-25 training materials is reasonable, and no matter you are a student or you are an employee, you can afford the expense. In addition, 1Z0-1195-25 exam brindumps are high-quality, and you can pass the exam just one time. 1Z0-1195-25 exam materials cover most of knowledge points for the exam, and they will help you pass the exam as well as improve your ability in the process of learning. We also pass guarantee and money back guarantee for 1Z0-1195-25 and if you fail to pass the exam, we will give you full refund.

Oracle 1Z0-1195-25 Exam Syllabus Topics:

Topic	Details
Topic 1	• Upgrades and Migrations: This section tests the knowledge of Migration Specialists and Cloud Architects in planning cloud migrations. It includes various migration strategies to OCI, as well as upgrade options for transitioning existing databases to newer versions or cloud environments.

Topic 2	• Resiliency: This section tests the knowledge of Database Security Engineers and Disaster Recovery Specialists in implementing Oracle's Maximum Security Architecture and Maximum Availability Architecture to ensure database resiliency and high availability.
Topic 3	• Converged Database: This section evaluates the expertise of Multi-Model Database Specialists and Application Developers in using Oracle's converged database for multi-model use cases. It covers JSON, graph, and spatial data capabilities within the Oracle Database.
Topic 4	• Autonomous Database and Tools: This section evaluates the expertise of Database Administrators and Cloud Engineers in working with Oracle Autonomous Database (ADB). It includes provisioning ADB instances, scaling CPU and storage, starting and stopping databases, and using tools to load data into ADB effectively.
Topic 5	• MySQL and NoSQL: This section measures the skills of Database Developers and Data Engineers in working with Oracle MySQL HeatWave Database Service. It focuses on their features and uses cases for modern application development.
Topic 6	• Data Lake, Data Warehouse, and Machine Learning: This section evaluates the expertise of Data Scientists and Big Data Engineers in understanding UCI's Data Lakehouse architecture, Oracle Machine Learning capabilities, and Data Mesh architecture for managing distributed data environments.
Topic 7	• Developing on Oracle Database: This section measures the skills of Application Developers and DevOps Engineers in managing Autonomous Databases using REST APIs, Oracle's data toolset, low-code development with APEX, and CI • CD processes for database tools and APEX applications.
Topic 8	• Exadata and DBCS: This section tests the knowledge of Exadata Specialists and Database Administrators in understanding Exadata deployment options, lifecycle management tasks such as patching and backup, and the features of Oracle Base Database Service (DOracle NoSQL Database ServiceBCS).

New 1Z0-1195-25 Braindumps Ebook & Frequent 1Z0-1195-25 Updates

TestPDF Oracle Data Platform 2025 Foundations Associate (1Z0-1195-25) practice test material covers all the key topics and areas of knowledge necessary to master the Oracle Certification Exam. Experienced industry professionals design the 1Z0-1195-25 exam questions and are regularly updated to reflect the latest changes in the Oracle Data Platform 2025 Foundations Associate (1Z0-1195-25) exam. In addition, TestPDF offers three different formats of practice material which are discussed below.

Oracle Data Platform 2025 Foundations Associate Sample Questions (Q15-Q20):

NEW QUESTION # 15
A customer is looking to migrate their old database backups from their on-premises data center to Oracle Cloud Infrastructure (OCI). Which OCI service is the most cost-effective?

- A. Archive Storage
- B. File Storage
- C. Object Storage (standard)
- D. Block Volume

Answer: A

Explanation:
For migrating "old database backups" to OCI, "Archive Storage" (D) is the most cost-effective service. Archive Storage offers the lowest cost per gigabyte for long-term, infrequently accessed data, ideal for backups that don't require immediate retrieval. "Object Storage (standard)" (A) is more expensive and suited for frequent access, "Block Volume" (B) is high-performance and costly, and

"File Storage" (C) is for active file systems. Oracle's storage pricing and use case documentation recommend Archive Storage for cost-effective backup archival.

NEW QUESTION # 16

Oracle Lakehouse provides extensive data processing capabilities, to accommodate the migration of existing architectures or the creation of new, agile ones. Which service does NOT provide data processing on Oracle Cloud Infrastructure (OCI) Lakehouse?

- A. OCI Data Flow
- B. Big Data Service
- C. Autonomous Database
- D. NoSQL Service

Answer: D

Explanation:
In the Oracle Cloud Infrastructure (OCI) Lakehouse, data processing capabilities are provided by services designed to handle computation and transformation of data. "Autonomous Database" (A) offers self-managing data processing for SQL workloads, "Big Data Service" (C) supports large-scale processing with Hadoop and Spark, and "OCI Data Flow" (D) enables serverless Spark processing. However, "NoSQL Service" (B) is primarily a storage service for unstructured key-value data, optimized for high-performance retrieval and scalability, not for general data processing tasks like transformation or analytics. Oracle's Lakehouse documentation emphasizes processing services like Autonomous Database, Big Data Service, and OCI Data Flow, while NoSQL Service is positioned for persistence and access rather than processing.

NEW QUESTION # 17

Which Oracle Cloud Infrastructure storage platform is used by MySQL Database Service for all data storage?

- A. Flash Local Storage
- B. Object Storage
- C. Block Volume Storage
- D. File Storage

Answer: C

Explanation:
The "MySQL Database Service" on OCI uses "Block Volume Storage" (D) for all data storage, providing high-performance, persistent block storage attached to compute instances for database operations. "Object Storage" (A) is for unstructured data, "Flash Local Storage" (B) is temporary and instance-specific, and "File Storage" (C) is for shared file systems-none suit MySQL's needs. Oracle's MySQL Service documentation confirms Block Volume as the standard.

NEW QUESTION # 18

Which command for the MySQL Data Service will resume OCPU billing?

- A. Start
- B. Stop
- C. Restart
- D. Backup

Answer: A

Explanation:
For the "MySQL Database Service," the "Start" command (A) resumes OCPU billing, as it activates the database instance, incurring compute costs. "Stop" (B) halts billing by suspending the instance, "Restart" (C) is a stop-then-start sequence, and "Backup" (D) affects storage, not OCPU billing. Oracle's MySQL Service documentation ties billing to the Start command.

NEW QUESTION # 19

What is the most important reason to upgrade and patch?

- A. Upgrading and patching the database is not important
- B. Fix bugs
- C. Restructure the database
- D. Security

Answer: D

Explanation:
The most important reason to upgrade and patch is "Security" (A). Patches address vulnerabilities, protecting against exploits and ensuring compliance, which outweighs "Fix bugs" (C) in priority. "Restructure the database" (B) is unrelated to patching, and "Upgrading and patching the database is not important" (D) is false. Oracle's security guidelines prioritize patching for protection.

NEW QUESTION # 20

......

These experts are committed and work together and verify each 1Z0-1195-25 exam question so that you can get the real, valid, and updated Oracle Data Platform 2025 Foundations Associate (1Z0-1195-25) exam practice questions all the time. So you do not need to get worried, countless 1Z0-1195-25 exam candidates have already passed their dream Oracle 1Z0-1195-25 Certification Exam and they all got help from real, valid, and error-free 1Z0-1195-25 exam practice questions. So you also need to think about your future and advance your career with the badge of 1Z0-1195-25 certification exam.
