

F5CAB1 Updated Test Cram & Test F5CAB1 Testking

P.S. Free 2026 F5 F5CAB1 dumps are available on Google Drive shared by Pass4sureCert: https://drive.google.com/open?id=1pdQ_ul2duwyrQiBy4QErwqMqnu147aC

It is similar to the F5CAB1 desktop-based software, with all the elements of the desktop practice exam. This mock exam can be accessed from any browser and does not require installation. The BIG-IP Administration Install, Initial Configuration, and Upgrade (F5CAB1) questions in the mock test are the same as those in the real exam. And candidates will be able to take the web-based BIG-IP Administration Install, Initial Configuration, and Upgrade (F5CAB1) practice test immediately through any operating system and browsers.

F5 F5CAB1 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">• BIG IP Administration Support and Troubleshooting: This section of the exam measures skills of Network Administrators and covers identifying and resolving common issues that affect BIG IP operation. It focuses on using logs, statistics, diagnostic tools, and basic troubleshooting methods to restore normal traffic flow and maintain stable application delivery.
Topic 2	<ul style="list-style-type: none">• BIG IP Administration Control Plane Administration: This section of the exam measures skills of System Administrators and covers managing the control plane where BIG IP is configured and administered. It includes working with user accounts, roles, device settings, configuration management, and using the graphical interface and command line for daily administrative tasks.
Topic 3	<ul style="list-style-type: none">• BIG IP Administration Data Plane Configuration: This section of the exam measures skills of System Administrators and covers configuring BIG IP objects that control data plane behavior. It focuses on setting up virtual servers, pools, nodes, monitors, and profiles so that applications are delivered reliably and efficiently according to design requirements.

Topic 4	<ul style="list-style-type: none"> • BIG IP Administration Data Plane Concepts: This section of the exam measures skills of Network Administrators and covers how BIG IP handles application traffic on the data plane. It includes understanding flow of traffic, key data path components, basic concepts of load balancing, and how security and performance features affect user traffic.
Topic 5	<ul style="list-style-type: none"> • BIG IP Administration Install Initial Configuration and Upgrade: This section of the exam measures skills of System Administrators and covers the lifecycle tasks for deploying and maintaining a BIG IP system. It includes installing the platform, performing initial setup, applying licenses, configuring basic networking, and planning and executing software upgrades and hotfixes.

Pass Guaranteed 2026 Latest F5 F5CAB1: BIG-IP Administration Install, Initial Configuration, and Upgrade Updated Test Cram

The quality of our F5CAB1 exam questions is of course in line with the standards of various countries. At the same time, our global market is also convenient for us to collect information. You will find that the update of F5CAB1 learning quiz is very fast. You don't have to buy all sorts of information in order to learn more. F5CAB1 training materials can meet all your needs. What are you waiting for? Just rush to buy them!

F5 BIG-IP Administration Install, Initial Configuration, and Upgrade Sample Questions (Q18-Q23):

NEW QUESTION # 18

Refer to the exhibit.

What traffic will be permitted to reach the BIG-IP?

- A. Telnet
- B. SSH
- C. FTP

Answer: B

Explanation:

The exhibit shows the configuration of a Self IP with:

- * Port Lockdown: Allow Custom
- * A Custom List that includes the following TCP ports:
- * 443
- * 22

Meaning of these ports:

- * TCP 443# HTTPS (TMUI - web-based management)
- * TCP 22# SSH (command-line remote access)

No other TCP, UDP, or protocol entries are listed; therefore, only these two services are allowed to reach the BIG-IP via this Self

IP.

Evaluating the answer choices:

Option

Service

Port

Allowed?

FTP

TCP 21

Not listed

#Not allowed

SSH

TCP 22

Listed

#Allowed

Telnet

TCP 23

Not listed

#Not allowed

Thus,SSH is the only traffic permitted through this Self IP configuration.

NEW QUESTION # 19

When is the License Service Check Date enforced on a BIG-IP system?

- A. After editing a virtual server
- B. During a software install
- C. During system startup

Answer: B

Explanation:

The Service Check Date determines whether a particular software version is allowed to run under the device's license.

* When installing or upgrading TMOS, the installer checks the Service Check Date stored in the BIG-IP license file.

* If the license date is older than the minimum required for the target version, the software installation is blocked.

* This check happens specifically during a software install, not during routine device operations.

Editing virtual servers or system startup do not trigger this validation.

Thus, the enforcement happens during software installation.

NEW QUESTION # 20

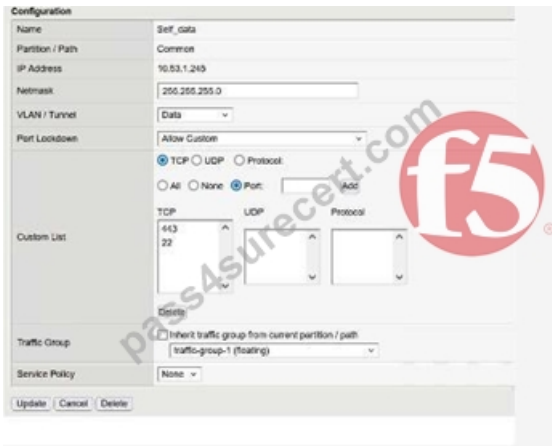

Which configuration file can a BIG-IP administrator use to verify the provisioned modules ?

- A. /config/bigip.license
- B. /config/bigip.conf
- C. /var/local/ucs/config.ucs
- D. /config/bigip_base.conf

Answer: B

NEW QUESTION # 21

Refer to the exhibit.

What traffic will be permitted to reach the BIG-IP?

- A. Telnet
- **B. SSH**
- C. FTP

Answer: B

Explanation:

The exhibit shows the configuration of a Self IP with:

- * Port Lockdown: Allow Custom
- * A Custom List that includes the following TCP ports:
- * 443
- * 22

Meaning of these ports:

- * TCP 443 # HTTPS (TMUI - web-based management)
- * TCP 22 # SSH (command-line remote access)

No other TCP, UDP, or protocol entries are listed; therefore, only these two services are allowed to reach the BIG-IP via this Self IP.

Evaluating the answer choices:

Option

Service

Port

Allowed?

FTP

TCP 21

Not listed

Not allowed

SSH

TCP 22

Listed

Allowed

Telnet

TCP 23

Not listed

Not allowed

Thus, SSH is the only traffic permitted through this Self IP configuration.

NEW QUESTION # 22

Given that `BIGIP-<version>.iso` and `Hotfix-BIGIP-<version>-ENG.iso` have been uploaded to `/shared/images` on an F5 device, what is the appropriate `tmsh` command to prepare and update the BIG-IP device with the hotfix of a software version on a new volume HD1.2?

(Choose one.)

- A. `tmsh install /sys software hotfix Hotfix-BIGIP-<version>-ENG.iso create-volume HD1.2`
- B. `tmsh create /sys software hotfix Hotfix-BIGIP-<version>-ENG.iso volume HD1.2`

- C. `tmsh copy /sys software hotfix Hotfix-BIGIP-<version>-ENG.iso volume HD1.2`
- D. `tmsh install /sys software BIGIP-<version>.iso hotfix Hotfix-BIGIP-<version>-ENG.iso create-volume HD1.2`

Answer: D

Explanation:

When installing a BIG-IP software version with a HotFix on a new boot volume, F5 requires that both the base TMOS image and the HotFix image be installed together as part of the same installation workflow.

The correct process is:

- * Specify the base TMOS ISO
- * Specify the HotFix ISO that corresponds to that base version
- * Instruct the system to create a new boot volume
- * Install both images into that new volume

This is achieved with the following tmsh syntax:

`tmsh install /sys software BIGIP-<version>.iso hotfix Hotfix-BIGIP-<version>-ENG.iso create-volume HD1.2` This command:

- * Installs the base image first
- * Applies the HotFix on top of the base image
- * Creates and installs everything on HD1.2
- * Leaves the currently active volume untouched for rollback

Why the other options are incorrect

A). Installing only the hotfix

A HotFix cannot be installed by itself on a new volume. A base image must already be present.

C). Using create instead of install

The create keyword is not valid for software installation operations.

D). Using copy

The copy command does not install software images or hotfixes.

NEW QUESTION # 23

.....

The BIG-IP Administration Install, Initial Configuration, and Upgrade can advance your professional standing. Passing the F5 F5CAB1 exam is the requirement to become F5 Professionals and to get your name included. Practicing with F5 F5CAB1 Dumps is considered the best strategy to test the exam readiness. After passing the F5CAB1 exam you will become a valuable asset for the company you work for or want to work. You don't need to sacrifice your job hours or travel to distant training institutes for exam preparation when you have F5 F5CAB1 Dumps for instant success. These F5CAB1 dumps questions with authentic answers are compiled by F5 professionals and follow the actual exam's questioning style.
