

# Testking FCSS\_EFW\_AD-7.6 Learning Materials | FCSS\_EFW\_AD-7.6 Exam Questions Vce

Unit 7 Test | Group A

Name: \_\_\_\_\_ Class: \_\_\_\_\_

---

**LISTENING**

1 **Track 2.06** Usłyszysz dwukrotnie podcast. Na podstawie informacji podanych w nagraniu uzupełnij poniższą notatkę.

First, make a <sup>1</sup> \_\_\_\_\_.

Your friend's <sup>2</sup> \_\_\_\_\_ can give you ideas what to buy.

<sup>3</sup> \_\_\_\_\_ to find shops that sell products you chose.

Something useful can be a good present for a person you don't <sup>4</sup> \_\_\_\_\_.

You can buy a film night snacks at a <sup>5</sup> \_\_\_\_\_ or a supermarket.

\_\_\_\_\_/10

**VOCABULARY**

2 Dopasuj nazwy sklepów z ramki do wypowiedzi 1–3. Dwa sklepy nie pasują do żadnej wypowiedzi.

chemist's	electronics shop	florist's
gift shop	greengrocer's	

1 I've bought some beautiful garden plants. They will look great in spring.  
\_\_\_\_\_

2 We got John a funny card and a mug with his name on it for his birthday.  
\_\_\_\_\_

3 Can you hear the music? It's from our new Bluetooth speaker. I bought it yesterday.  
\_\_\_\_\_

\_\_\_\_\_/3

3 Popatrz na zdjęcia i uzupełnij zdania.

1  2 

3 

1 I'm going to a \_\_\_\_\_. Do you want me to buy your favourite magazine?

2 Sorry, we don't accept credit cards. You can only pay \_\_\_\_\_.

3 I don't want to buy anything. Let's just go \_\_\_\_\_.

\_\_\_\_\_/3

4 Uzupełnij tekst właściwymi czasownikami.

A lot of people choose to <sup>1</sup>b \_\_\_\_\_ things online because it's very easy. However, it's not always ideal. Some products <sup>2</sup>c \_\_\_\_\_ less than in traditional shops, but you still need to <sup>3</sup>p \_\_\_\_\_ for the delivery. When you don't like a product or there's a problem with it after you get it, you often can't simply <sup>4</sup>t \_\_\_\_\_ it back to the shop. You have to spend money on the delivery again.

\_\_\_\_\_/4

**GRAMMAR**

5 Uzupełnij minidialogi właściwymi formami wyrazów podanych w nawiasach w czasie *present perfect*. Uzupełnij krótkie odpowiedzi.

1 A: \_\_\_\_\_  
(you / ever / buy) shoes online?

B: Yes, I \_\_\_\_\_. They were too small.

2026 Latest Dumps Valid FCSS\_EFW\_AD-7.6 PDF Dumps and FCSS\_EFW\_AD-7.6 Exam Engine Free Share:  
<https://drive.google.com/open?id=1AxNP0GfLIV3Hx418xhbOGpzzEzDaGk0>

The FCSS\_EFW\_AD-7.6 web-based practice exam requires no installation so you can start your preparation instantly right after you purchase. With thousands of satisfied customers around the globe, questions of the FCSS - Enterprise Firewall 7.6 Administrator (FCSS\_EFW\_AD-7.6) exam dumps are real so you can pass the Fortinet FCSS\_EFW\_AD-7.6 certification on the very first attempt. Hence, it reduces your chances of failure and you can save money and time as well.

The Dumps Valid offers latest FCSS - Enterprise Firewall 7.6 Administrator FCSS\_EFW\_AD-7.6 exam questions and answers, with Fortinet FCSS\_EFW\_AD-7.6 exam practice test questions you can ace your Fortinet FCSS\_EFW\_AD-7.6 exam preparation simply and quickly and pass the final FCSS\_EFW\_AD-7.6 Exam easily. The Fortinet FCSS\_EFW\_AD-7.6 exam practice test questions will assist you in Fortinet FCSS\_EFW\_AD-7.6 exam preparation.

## FCSS\_EFW\_AD-7.6 Exam Questions Vce - FCSS\_EFW\_AD-7.6 New Exam Camp

With the Fortinet FCSS\_EFW\_AD-7.6 Certification Exam, you can demonstrate your skills and upgrade your knowledge. The

Fortinet FCSS\_EFW\_AD-7.6 certification exam will provide you with many personal and professional benefits such as more career opportunities, updated and in demands expertise, an increase in salary, instant promotion, and recognition of skills across the world.

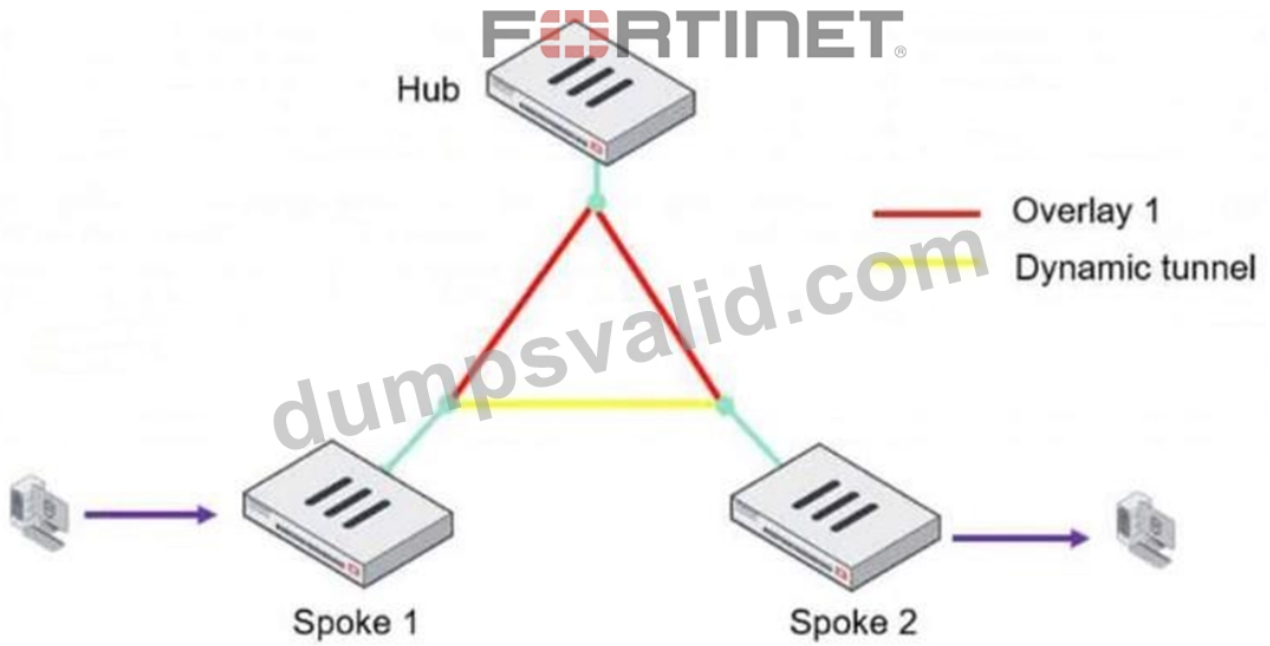

## Fortinet FCSS\_EFW\_AD-7.6 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"> <li>• <b>Routing:</b> This section of the exam measures the skills of a Network Infrastructure Engineer and covers the implementation of dynamic routing protocols for enterprise network traffic management. It includes configuring both OSPF and BGP routing protocols to ensure efficient and reliable data transmission across complex organizational networks.</li> </ul>
Topic 2	<ul style="list-style-type: none"> <li>• <b>System Configuration:</b> This section of the exam measures the skills of a Network Security Architect and covers the implementation and integration of core Fortinet infrastructure components. It includes deploying the Security Fabric, enabling hardware acceleration, configuring high availability operational modes, and designing enterprise networks utilizing VLANs and VDOM technologies to meet specific organizational requirements.</li> </ul>
Topic 3	<ul style="list-style-type: none"> <li>• <b>Central Management:</b> This section of the exam measures the skills of a Security Operations Manager and covers the implementation of centralized management systems for coordinated control and oversight of distributed Fortinet security infrastructures across enterprise environments.</li> </ul>
Topic 4	<ul style="list-style-type: none"> <li>• <b>Security Profiles:</b> This section of the exam measures the skills of a Threat Prevention Specialist and covers the configuration and management of comprehensive security profiling systems. It includes implementing SSL</li> <li>• <b>SSH inspection, combining web filtering and application control mechanisms, integrating intrusion prevention systems, and utilizing the Internet Service Database to create layered security protections for organizational networks.</b></li> </ul>
Topic 5	<ul style="list-style-type: none"> <li>• <b>VPN:</b> This section of the exam measures the skills of a VPN Solutions Engineer and covers the implementation of various virtual private network technologies. It includes configuring IPsec VPN using IKE version 2 protocols and implementing Automatic Discovery VPN solutions to establish on-demand secure tunnels between multiple sites within an enterprise network infrastructure.</li> </ul>

## Fortinet FCSS - Enterprise Firewall 7.6 Administrator Sample Questions (Q103-Q108):

### NEW QUESTION # 103

Refer to the exhibit, which shows an ADVPN network.

The client behind Spoke-1 generates traffic to the device located behind Spoke-2.  
 What is the first message that the hub sends to Spoke-1 to bring up the dynamic tunnel?

- A. Shortcut query
- **B. Shortcut offer**
- C. Shortcut forward
- D. Shortcut reply

**Answer: B**

Explanation:

In an ADVPN (Auto-Discovery VPN) network, a dynamic VPN tunnel is established on-demand between spokes to optimize traffic flow and reduce latency.

Process:

1. Traffic Initiation:

A client behind Spoke-1 sends traffic to a device behind Spoke-2.

dumpsvalid.com

The traffic initially flows through the hub, following the pre-established overlay tunnel.

dumpsvalid.com

FORTINET®

2. Hub Detection:

The hub detects that Spoke-1 is communicating with Spoke-2 and determines that a direct shortcut tunnel between the spokes can optimize the connection.

dumpsvalid.com

FORTINET®

3. Shortcut Offer:

The hub sends a "Shortcut Offer" message to Spoke-1, informing it that a direct dynamic tunnel to Spoke-2 is possible.

dumpsvalid.com

FORTINET®

4. Tunnel Establishment:

Spoke-1 and Spoke-2 then negotiate and establish a direct IPsec tunnel for communication.

dumpsvalid.com

FORTINET®

**NEW QUESTION # 104**

An administrator configured the FortiGate devices in an enterprise network to join the Fortinet Security Fabric. The administrator has a list of IP addresses that must be blocked by the data center firewall. This list is updated daily.

How can the administrator automate a firewall policy with the daily updated list?

- A. With a Security Fabric automation
- B. With an external connector from Threat Feeds

- C. With FortiNAC
- D. With FortiAnalyzer

**Answer: B**

Explanation:

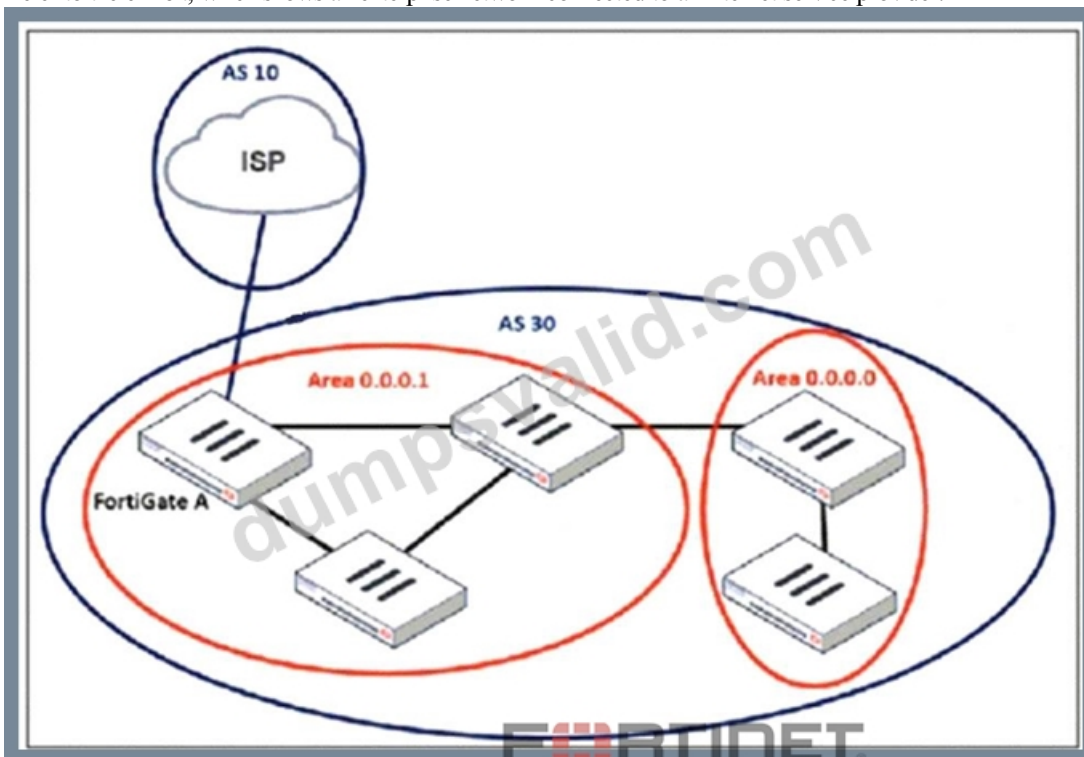

The best way to automate a firewall policy using a daily updated list of IP addresses is by using an external connector from Threat Feeds. This allows FortiGate to dynamically retrieve real-time threat intelligence from external sources and apply it directly to security policies.

By configuring Threat Feeds, the administrator can:

Automatically update firewall policies with the latest malicious IPs daily. Block traffic from those IPs in real-time without manual intervention. Integrate with FortiGuard, third-party threat intelligence sources, or custom feeds (CSV, STIX/TAXII, etc.).

### NEW QUESTION # 105

Refer to the exhibit, which shows an enterprise network connected to an internet service provider.

An administrator must configure a loopback as a BGP source to connect to the ISP.

Which two commands are required to establish the connection? (Choose two.)

- A. `ebgp-enforce-multihop`
- B. `recursive-next-hop`
- C. `ibgp-enforce-multihop`
- D. `update-source`

**Answer: A,D**

Explanation:

When configuring a loopback interface as the BGP source for connecting to an ISP, two important settings must be applied:

1. Enable EBGP Multihop (`ebgp-enforce-multihop`)

BGP normally expects directly connected neighbors, but since the ISP and FortiGate A are using loopback interfaces, packets will not be sent directly between their physical interfaces.

The `ebgp-enforce-multihop` command allows BGP to form an eBGP peering over multiple hops.

2. Set the Update Source (`update-source`)

Since FortiGate is using a loopback interface as the source, the `update-source` command ensures that BGP updates originate from the loopback interface rather than a physical interface.

This is essential because BGP peers must match the source IP with the configured neighbor address.

### NEW QUESTION # 106

Which two configurations are mandatory for an auto-discovery VPN (ADVPN) implementation on a hub? (Choose two.)

- A. set add-route must be enabled to add routes.
- B. set net-device must be disabled to avoid dynamic interface creation.
- C. An overlay IP address with a mask of /32 must be assigned to the IPsec virtual interface.
- D. The remote-ip must be on a different IP address from the overlay subnet.

**Answer: B,C**

### NEW QUESTION # 107

How can FortiGate\_B advertise only 172.16.1.248/30 using BGP?

- A. Prefix list in
- B. Route map out
- C. Redistribute connected
- D. Network

**Answer: D**

Explanation:

Comprehensive and Detailed Explanation From Exact Extract documents and Knowledge:

In BGP (Border Gateway Protocol), there are two primary ways to inject routes into the BGP table: using the network command or through redistribution. The network command is the standard and most precise method for advertising a specific prefix that already exists in the local routing table.

In the lab environment, "Link C" is identified as the subnet 172.16.1.248/30, which is directly connected to the FortiGate. By using the Network command (e.g., set network 172.16.1.248 255.255.255.252), the administrator ensures that only this specific prefix is advertised to BGP neighbors. In contrast, "Redistribute connected" (Option A) would advertise every directly connected network on the device, which would require an additional "Route map out" (Option B) to filter, making the "Network" command the most direct and correct configuration for the requirement.

### NEW QUESTION # 108

.....

The Fortinet FCSS\_EFW\_AD-7.6 certification exam offers a great opportunity for professionals to demonstrate their expertise and knowledge level. In return, they can become competitive and updated with the latest technologies and trends. To do this they just need to enroll in Fortinet FCSS\_EFW\_AD-7.6 Certification Exam and have to put all efforts and resources to pass this challenging FCSS\_EFW\_AD-7.6 exam.
