Peoplecert MSP Practitioner, 5th edition Exam Sample Questions (Q35-Q40):

NEW QUESTION # 35

Programme needs to create a working environment that is both robust and flexible enough to be able to cope with frequent and sometimes radical changes of boundary. Which programme management principle suggests this?

- A. Remaining aligned with corporate strategy
- B. Envisioning and communicating better future
- C. Adding value
- D. Leading change

Answer: A

NEW QUESTION # 36

The programme is in the middle of Tranche 2. A new SRO has been appointed. To understand the current status of the programme, the SRO has asked for a health check to be carried out. The programme office lead has recruited an external consultant to carry out the health check.

Which assurance success factor does this demonstrate?

- A. Risk appetite
- B. Coordination
- C. Independence
- D. Accountability

Answer: C

Explanation:

Comprehensive and Detailed 200 to 250 words of Explanation From Exact Extract of project- programme-and-portfolio-management of 5th Edition MSP:

In MSP 5th Edition, the Assurance Theme is critical for providing the SRO and the Sponsoring Group with confidence that the programme is on track and being managed effectively. For assurance to be truly effective and reliable, it must adhere to several "success factors." One of the most vital factors is Independence.

Independence in assurance means that the person or team conducting the review is not directly involved in the delivery or management of the programme they are auditing. This lack of bias ensures that the findings are objective and that the "true" status of the programme is reported without fear of internal repercussions or a desire to hide failures. By recruiting an external consultant to perform the health check, the Programme Office Lead is ensuring that the review is conducted by an entity that is entirely separate from the programme's internal politics and day-to-day operations. This satisfies the requirement for "third-line" assurance in the MSP framework. While internal audits (second-line) are valuable, external reviews provide the highest level of independence. This process gives the new SRO an impartial baseline of the programme's health, enabling them to make informed decisions about future tranches without relying solely on potentially optimistic reports from the delivery team.

NEW QUESTION # 37

Which of following Best defines capital cost?

- A. Costs associated to roles for programme management
- B. Costs of activities associated in realizing the benefits
- C. Cost of BCM and change team
- D. Cost of fixed assets

Answer: D

Explanation:

Capital costs are the costs of fixed assets and other tangible assets that are required for the programme. The MSP Practitioner states: "Cost of fixed assets and other assets that are found under 'Technology' head in blueprint is called Capital cost." This typically includes equipment, buildings, and infrastructure necessary for the programme outputs.
