P.S. Free & New 2V0-32.24 dumps are available on Google Drive shared by Prep4King: <https://drive.google.com/open?id=1rU5Vp7AqPZ58i4WPAMHpkd-7gwiDXHEI>

Our 2V0-32.24 study guide is known as instant download, once you finish your payment, we will send the downloading link and password to you, and you can get 2V0-32.24 study guide within ten minutes. If you don't receive them, please contact our service stuff, they will solve the problem for you. Furthermore, 2V0-32.24 Study Guide includes the questions and answers, and you can get enough practice through them.

VMware 2V0-32.24 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">• Troubleshooting and Repairing: This section of the exam measures skills of Support Engineers and covers the diagnosis and resolution of common performance and configuration issues in vRealize Operations, Log Insight, and Lifecycle Manager. It also includes cluster management options, log bundle generation, password handling, and changing authentication settings, equipping professionals to ensure system reliability.
Topic 2	<ul style="list-style-type: none">• Planning and Designing: This section of the exam measures the skills of Cloud Architects and covers the architectural models and sizing requirements for vRealize Operations and vRealize Log Insight. It evaluates the ability to choose between standalone, clustered, and high-availability setups, and to plan appropriately based on scenario-based requirements for capacity and deployment type, ensuring well-designed cloud solutions.
Topic 3	<ul style="list-style-type: none">• Performance-tuning, Optimization, and Upgrades: This section has no testable objectives and therefore is not directly assessed in the exam.

As the old saying goes, practice is the only standard to testify truth. In other word, it has been a matter of common sense that pass rate of the 2V0-32.24 study materials is the most important standard to testify whether it is useful and effective for people to achieve their goal. We believe that you must have paid more attention to the pass rate of the 2V0-32.24 study materials. If you focus on the study materials from our company, you will find that the pass rate of our products is higher than other study materials in the market, yes, we have a 99% pass rate, which means if you take our the 2V0-32.24 Study Materials into consideration, it is very possible for you to pass your exam and get the related certification.

VMware Cloud Operations 8.x Professional V2 Sample Questions (Q30-Q35):

NEW QUESTION # 30

An administrator updated the alert and symptom definitions. The administrator now wants to complete an upgrade to the latest version of vRealize Operations.

Which two actions can be done to preserve the customized content? (Choose two.)

- A. Backup the customized content by cloning it
- B. Import your custom content
- C. Backup the customized content as a YAMLfile
- D. Select the checkbox 'Reset Default Content' when performing the upgrade
- E. Select the checkbox 'Preserve Custom Content' when performing the upgrade

Answer: A,E

Explanation:

Select the checkbox 'Preserve Custom Content' when performing the upgrade: During the upgrade process, you can select the "Preserve Custom Content" option to ensure that any custom content, including alerts and symptoms, is retained during the upgrade to the latest version of vRealize Operations.

Backup the customized content by cloning it: Before upgrading, it's a good practice to backup customized content by cloning it. This ensures that you have a copy of the custom configurations in case they are lost or need to be restored after the upgrade.

NEW QUESTION # 31

An administrator is setting up vSphere integration for syslog collection from ESXi hosts in vRealize Log Insight.

Which one is the correct permission required in vSphere?

- A. Security profile and firewall.Configuration
- B. Host.Configuration.Change Settings
- C. Configuration.AdvancedSettings.Host
- D. Host.Network Configuration.Configuration

Answer: B

Explanation:

To configure vSphere integration for syslog collection from ESXi hosts in vRealize Log Insight, the administrator needs the Host.Configuration.Change Settings permission. This permission allows the user to modify the settings for the host, including configuring syslog settings, which are required for sending logs to vRealize Log Insight.

NEW QUESTION # 32

Which three deployment architectures are valid for vRealize Log Insight listed below? (Choose three.)

- A. Ten node deployment with the integrated load balancer
- B. Single node deployment with no load balancer
- C. Three node deployment with an external load balancer
- D. Single node deployment with an external load balancer

- E. Single node deployment with the integrated load balancer
- F. Two node deployment with the integrated load balancer

Answer: B,C,F

Explanation:

Two node deployment with the integrated load balancer: vRealize Log Insight supports a two-node deployment with an integrated load balancer, providing redundancy and load distribution.

Three node deployment with an external load balancer: A three-node deployment with an external load balancer is a valid and scalable option, ensuring high availability and load balancing.

Single node deployment with no load balancer: A single node can be deployed without a load balancer for smaller environments or testing purposes.

NEW QUESTION # 33

Which statement is correct about the deployment process for vRealize Log Insight using vRealize Suite Lifecycle Manager?

- A. Federal Information Processing Standard (FIPS) is enabled by default.
- B. VMware Identity Manager (VIDM) is not a mandatory requirement.
- C. A DHCP address can be used for vRealize Log Insight worker nodes.
- D. A cluster Virtual IP (VIP) address is a mandatory requirement.

Answer: C

Explanation:

In the deployment process for vRealize Log Insight using vRealize Suite Lifecycle Manager, DHCP addresses can be used for vRealize Log Insight worker nodes. This allows the flexibility to use dynamic IP addresses for worker nodes, simplifying network configuration in some environments.

NEW QUESTION # 34

Which three features are available in vRealize Log Insight? (Choose three.)

- A. Use of Remote Collectors
- B. Event Forwarding
- C. Management Pack Marketplace
- D. Application Discovery Dashboard
- E. Interactive Analytics
- F. Machine Learning Analytics

Answer: A,B,E

Explanation:

Interactive Analytics: vRealize Log Insight provides an interactive analytics interface that allows users to search, query, and visualize log data in real time.

Use of Remote Collectors: Remote Collectors in vRealize Log Insight allow logs to be collected from remote locations and forwarded to the central vRLI instance for processing.

Event Forwarding: vRealize Log Insight supports event forwarding, enabling the forwarding of log data to other systems or central servers, which helps with centralized log management.

NEW QUESTION # 35

.....

You will be cast in light of career acceptance and put individual ability to display. When you apply for a job you could have more opportunities than others. What is more, there is no interminable cover charge for our 2V0-32.24 practice engine priced with reasonable prices for your information. Considering about all benefits mentioned above, you must have huge interest to our 2V0-32.24 Study Materials. You should take the look at our 2V0-32.24 simulating questions right now.
