Insurance Licensing Pennsylvania Life, Accident and Health Exam Sample Questions (Q78-Q83):

NEW QUESTION # 78

The type of annuity in which all payments cease upon the death of an annuitant is referred to as a

- A. variable annuity.
- **B. life annuity.**
- C. terminal annuity.
- D. equity annuity.

Answer: B

Explanation:

A life annuity is the type of annuity in which all payments cease upon the death of the annuitant. Under Pennsylvania annuity principles, life annuities are designed to provide income that the annuitant cannot outlive, but they do not guarantee payments beyond the annuitant's lifetime.

Pennsylvania-approved insurance study materials explain that once the annuitant dies, no further payments are made to beneficiaries unless a specific settlement option or rider—such as a period certain or refund provision—was elected. Without such provisions, the insurer retains any remaining value, which is how the longevity risk is managed.

The other options are incorrect. Equity annuities and variable annuities describe investment structures, not payout duration. A terminal annuity is not a recognized annuity classification under Pennsylvania insurance definitions. Therefore, life annuity is the correct and verified answer according to Pennsylvania Life, Accident, and Health Insurance documentation.

NEW QUESTION # 79

In a hospital indemnity plan, an elimination period refers to the number of days

- **A. an insured must wait before becoming eligible to receive benefits for each hospital stay.**
- B. for which the insured can receive benefits for the term of the plan.
- C. an insured must wait before becoming eligible to receive benefits for the term of the plan.
- D. for which the insured can receive benefits for each hospital visit.

Answer: A

Explanation:

In Pennsylvania, a hospital indemnity plan pays a fixed daily benefit for each day of hospitalization.

The elimination period refers to the number of days the insured must wait for each hospital stay before benefits begin. This period resets with every new hospitalization and is distinct from a probationary or waiting period that applies to the policy as a whole.

Pennsylvania insurance study guides clarify that elimination periods control claim eligibility on a per-confinement basis, helping insurers manage short-term or minor hospital stays. Options C and D incorrectly describe benefit duration rather than waiting periods, while option A describes an initial policy waiting period, not an elimination period.

NEW QUESTION # 80

In Pennsylvania, the insurer is liable for a claim under a health insurance policy if the insured is injured while

- A. intoxicated.
- **B. under the influence of prescribed medication.**
- C. engaged in an illegal occupation.
- D. committing an illegal act

Answer: B

Explanation:

Under Pennsylvania Accident and Health Insurance provisions, insurers are generally liable for claims unless a specific exclusion applies. Standard policy exclusions typically deny coverage for injuries sustained while committing illegal acts, engaging in illegal occupations, or while intoxicated, when such exclusions are clearly stated in the policy. However, injuries sustained while the insured

is under the influence of prescribed medication are not excluded, provided the medication was taken as directed by a licensed physician.

Pennsylvania-approved health insurance study materials emphasize that lawful medical treatment does not void coverage. Therefore, insurers remain liable for claims arising from injuries under these circumstances.

Options A, B, and D involve situations commonly excluded by policy language and Pennsylvania insurance regulations.

NEW QUESTION # 81

Written proof of loss must be furnished to the health insurer within how many days after the date of loss?

- A. 90 days.
- B. 30 days.
- C. 15 days.
- D. 45 days.

Answer: A

Explanation:

Pennsylvania Health Insurance policies are required to contain specific uniform policy provisions, including the Proof of Loss provision. According to Pennsylvania Accident and Health Insurance standards, written proof of loss must be furnished to the insurer within 90 days after the date of loss.

This provision allows the insurer sufficient time to investigate the claim while protecting the insured's right to benefits. If it is not reasonably possible to submit proof within 90 days, Pennsylvania rules permit submission as soon as reasonably possible, provided it is not later than one year from the required filing date, except in cases of legal incapacity.

The other answer choices-15, 30, and 45 days-do not align with Pennsylvania's mandated policy provisions and are therefore incorrect. This 90-day requirement is a consistent testing point on the Pennsylvania Life, Accident, and Health Insurance exam and reflects long-standing regulatory practice. Thus, 90 days is the correct and verified answer.

NEW QUESTION # 82

A PRIMARY feature of universal life insurance is that it is

- A. flexible.
- B. variable.
- C. fixed.
- D. bundled.

Answer: A

Explanation:

A primary feature of universal life insurance under Pennsylvania Life Insurance principles is its flexibility.

Universal life policies allow policyowners to adjust premium payments, death benefits, and cash value accumulation within policy limits. This flexibility distinguishes universal life from traditional whole life insurance, which has fixed premiums and guaranteed benefits.

Pennsylvania insurance education materials describe universal life as an unbundled policy, meaning its components-mortality cost, interest, and expenses-are separately identified. Policyowners may increase or decrease premium payments as long as sufficient cash value exists to cover policy charges. The death benefit may also be adjusted, subject to underwriting approval.

The policy is not fixed like whole life, not bundled, and not inherently variable unless it is specifically a variable universal life policy. Therefore, flexibility is the defining and primary feature tested on Pennsylvania licensing exams, making option D the correct and verified answer.

NEW QUESTION # 83
