

N10-009 Exam Questions Vce | Exam N10-009 Materials

খুলনা বিশ্ববিদ্যালয়
স্নাতক/স্নাতক (সম্মান) তৃতীয় পরীক্ষা ২০২৪-২০২৫
C-ইউনিট (MCQ অংশ)

Set 02

সময়: ৪৫ মিনিট

বাংলা (MCQ: 10 Marks)

1. 'বকবল' শব্দটি কোন উপসর্গযোগে গঠিত?
 - A) বাংলা
 - B) ফরাসি
 - C) আরবি
 - D) ফরাসি
2. 'উৎকর্ষতা' শব্দটি কী কারণে অত্যাচারিত?
 - A) সঙ্কীর্ণত
 - B) বিকৃতভাষিত
 - C) উপসর্গভিত
 - D) প্রত্যয়ভিত
3. "অটোরো ঘরে বসে" কবিতাটি কোন ছন্দে রচিত?
 - A) বক্রত
 - B) মাত্রত
 - C) অক্রত
 - D) পয়ার
4. 'অটোরো' শব্দের অর্থ কী?
 - A) অন্দার
 - B) স্বাশ্রম
 - C) পুরায় আরম্ভ
 - D) ফরাসি
5. কাপজাপর শব্দ একটি সার্থক বাক্যের কোন স্থানে প্রযুক্ত হতে পারে?
 - A) বাক্যের শুরুতে
 - B) বিশেষ্য পদের পরে
 - C) বাক্যের মাঝে
 - D) বাক্যের শেষে
6. কোন বস্তুটি সঠিক?
 - A) কৌশল
 - B) স্থাপত্য
 - C) প্রকৃতি
 - D) প্রত্যয়ভিত
7. 'যার ভিতরে _____, সেই বাইরে তার পায়।' শুল্লাস্থানে বসবে -
 - A) পাপ
 - B) নিম্মা
 - C) ভয়
 - D) অলভ্য
8. "যে রাত্রি হাতপাতা আর চট্টকরিতাকে দেয় প্রেরণ, সে রাত্রি কিছুতেই অহুসারিদানাপন্ন নাগরিক সৃষ্টি করতে পারেনা।" - উক্তিটির কবি?
 - A) কবি নজরুল ইসলাম
 - B) কবি আবুল ওসুল
 - C) মোতাহার হোসেন চৌধুরী
 - D) অরুণ কজল
9. 'নেহারি' শব্দের অর্থ কী?
 - A) হার না-মানা
 - B) দেখে
 - C) উচ্ছ্বিত
 - D) বাস্য বিশেষ
10. 'সিঁড়ির কোনটিতে বনের উজ্জ্বল হবে না?
 - A) উল্লেখ
 - B) সুস্থ
 - C) সখ্য
 - D) বাস্ট

ENGLISH (MCQ: 20 Marks)

1. _____ inspires a person to do well in life.
 - A) By creating a relationship
 - B) After creating a relationship
 - C) Through creating a relationship
 - D) Creating a relationship
2. Which literary device is used in "The wind whispered through the trees"?
 - A) Personification
 - B) Assonance
 - C) Hyperbole
 - D) Alliteration
3. "All that glitters is not gold" is a -
 - A) Simple sentence
 - B) Complex sentence
 - C) Compound sentence
 - D) Compound-complex sentence
4. The phone is busy; somebody -
 - A) must be using it.
 - B) might be using it.
 - C) should be using it.
 - D) may be using it.
5. 'Banshee' is -
 - A) A flute
 - B) A female flute piper
 - C) A female singer
 - D) A female spirit
6. What does 'dreary shower' refer to in the poem "The Schoolboy"?
 - A) A dry bath
 - B) A dull procedure
 - C) An interesting situation
 - D) A lonely bath
7. Who said, "He who opens a school door, closes a prison"?
 - A) Martin Luther King Jr.
 - B) Victor Hugo
 - C) Chuan Tze
 - D) Paulo Coelho
8. 'Get one's teeth into' is similar to -
 - A) To have enormous power
 - B) To take the control over something
 - C) To nose out the details of something
 - D) To put a lot of effort
9. In the poem "To the Moon" by P. B. Shelley, moon symbolizes -
 - A) Weariness
 - B) Loneliness
 - C) Brightness
 - D) Innocence

P.S. Free 2026 CompTIA N10-009 dumps are available on Google Drive shared by Pass4cram: <https://drive.google.com/open?id=15YJcouteoXEXvM5BRIE2VE4FcLTGI3i>

Don't let the CompTIA Network+ Certification Exam (N10-009) certification exam stress you out! Prepare with our CompTIA N10-009 exam dumps and boost your confidence in the CompTIA N10-009 exam. We guarantee your road toward success by helping you prepare for the N10-009 Certification Exam. Use the best CompTIA N10-009 practice questions to pass your CompTIA N10-009 exam with flying colors!

CompTIA N10-009 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"> Cloud concepts and connectivity options, and Common networking ports.
Topic 2	<ul style="list-style-type: none"> Network Operations: For IT operations staff and network operations center (NOC) technicians, this part of the exam covers the purpose of organizational processes and procedures and use of network monitoring technologies.
Topic 3	<ul style="list-style-type: none"> OSI reference model concepts, Comparison of networking appliances, applications, and functions

Exam N10-009 Materials & N10-009 Valid Test Tips

The N10-009 exam bootcamp is quite necessary for the passing of the exam. Our N10-009 exam bootcamp have the knowledge point as well as the answers. It will improve your sufficiency, and save your time. Besides, we have the top-ranking information safety protection system, and your information, such as name, email address will be very safe if you buy the N10-009 bootcamp from us. Once you finished the trade our system will conceal your information, and if order is completely finished, we will clean away your information, so you can buy our N10-009 with ease.

CompTIA Network+ Certification Exam Sample Questions (Q403-Q408):

NEW QUESTION # 403

A user connects to a corporate VPN via a web browser and is able to use TLS to access the internal financial system to input a time card. Which of the following best describes how the VPN is being used?

- A. Client-to-site
- B. Site-to-site
- C. Full tunnel
- **D. Clientless**

Answer: D

Explanation:

The scenario describes a user connecting to a corporate VPN via a web browser using TLS to access an internal system. This setup is best described as a "clientless" VPN. Clientless VPNs do not require a VPN client to be installed on the user's device; instead, they rely on a standard web browser to establish the connection. This method is particularly useful for providing secure, remote access to applications through a web interface without the need for additional software installations.

NEW QUESTION # 404

Which of the following best describes the transmission format that occurs at the transport layer over connectionless communication?

- A. Segment
- B. Packets
- **C. Datagram**
- D. Frames

Answer: C

Explanation:

At the transport layer, connectionless communication is typically handled using the User Datagram Protocol (UDP), which transmits data in units called datagrams. Unlike TCP, UDP does not establish a connection before sending data and does not guarantee delivery, making datagrams the correct term for the transmission format in this context. Reference: CompTIA Network+ Exam Objectives and official study guides.

NEW QUESTION # 405

After providing a username and password, a user must input a passcode from a phone application. Which of the following authentication technologies is used in this example?

- **A. MFA**
- B. SSO
- C. SAML
- D. LDAP

Answer: A

Explanation:

This is an example of Multi-Factor Authentication (MFA) because it requires:

Something you know (username/password)

Something you have (a phone-generated passcode)

Breakdown of Options:

A: SSO (Single Sign-On) - Allows one login for multiple services, but does not add a second authentication factor.

B: LDAP (Lightweight Directory Access Protocol) - Used for directory authentication, not MFA.

C: MFA (Multi-Factor Authentication) - # Correct answer. Uses multiple authentication factors for better security.

D: SAML (Security Assertion Markup Language) - Used for federated identity management, not multi-factor authentication.

NEW QUESTION # 406

A network technician was recently onboarded to a company. A manager has tasked the technician with documenting the network and has provided the technician With partial information from previous documentation.

Instructions:

Click on each switch to perform a network discovery by entering commands into the terminal. Fill in the missing information using drop-down menus provided.

The diagram shows a network topology with a Core Switch 1 at the top, connected to two Access Switches: Access Switch 1 and Access Switch 2. Access Switch 1 is connected to PC1 and PC2. Access Switch 2 is connected to PC3 and PC4. Below each PC icon is a form with four dropdown menus for MAC Address, IP Address, VLAN, and Interface. The forms for PC1 and PC2 are partially filled with values from previous documentation.

PC	MAC Address	IP Address	VLAN	Interface
PC1	0200.0000.0003	10.10.30.51		
PC2				
PC3	0200.0000.0004	10.10.30.53		
PC4				

Core Switch 1 Prompt

```
C:\> nmap
% Invalid input detected.
C:\> netdiscover
% Invalid input detected.

CompTIA.
CompTIA.

Access Switch 1 Prompt

```
C:\> nmap
% Invalid input detected.
C:\>
```

pass4cram.com

Answer:

Explanation:

See the Explanation for detailed information on this simulation.

Explanation:

(Note: Ips will be change on each simulation task, so we have given example answer for the understanding) To perform a network discovery by entering commands into the terminal, you can use the following steps:

- * Click on each switch to open its terminal window.
- * Enter the command `show ip interface brief` to display the IP addresses and statuses of the switch interfaces.
- * Enter the command `show vlan brief` to display the VLAN configurations and assignments of the switch interfaces.
- * Enter the command `show cdp neighbors` to display the information about the neighboring devices that are connected to the switch.
- * Fill in the missing information in the diagram using the drop-down menus provided.

Here is an example of how to fill in the missing information for Core Switch 1:

- * The IP address of Core Switch 1 is 192.168.1.1.
- * The VLAN configuration of Core Switch 1 is VLAN 1: 192.168.1.0/24, VLAN 2: 192.168.2.0/24, VLAN 3: 192.168.3.0/24.
- * The neighboring devices of Core Switch 1 are Access Switch 1 and Access Switch 2.
- * The interfaces that connect Core Switch 1 to Access Switch 1 are GigabitEthernet0/1 and GigabitEthernet0/2.
- * The interfaces that connect Core Switch 1 to Access Switch 2 are GigabitEthernet0/3 and GigabitEthernet0/4.

You can use the same steps to fill in the missing information for Access Switch 1 and Access Switch 2.

NEW QUESTION # 407

Which of the following is a cost-effective advantage of a split-tunnel VPN?

- A. Monitoring detects insecure machines on the company's network.
- B. Web traffic is filtered through a web filter.
- **C. Cloud-based traffic flows outside of the company's network.**
- D. More bandwidth is required on the company's internet connection.

Answer: C

Explanation:

A split-tunnel VPN allows some traffic to be routed through the VPN while other traffic goes directly to the internet. This setup offers several advantages, with a primary one being cost-effectiveness due to cloud-based traffic not consuming company bandwidth.
