

H11-861_V4.0 Exam Sample Online & Official H11-861_V4.0 Practice Test

What's more, part of that VCE4Plus H11-861_V4.0 dumps now are free: <https://drive.google.com/open?id=1LkIQgM5fvugqLaT14T8s2MJiNHbI0sXT>

Passing the H11-861_V4.0 exam with least time while achieving aims effortlessly is like a huge dreams for some exam candidates. Actually, it is possible with our proper H11-861_V4.0 learning materials. To discern what ways are favorable for you to practice and what is essential for exam syllabus, our experts made great contributions to them. All H11-861_V4.0 Practice Engine is highly interrelated with the exam. You will figure out this is great opportunity for you.

Huawei H11-861_V4.0 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">Operations and Maintenance: This domain measures skills of Operations Engineers and Network Administrators in monitoring IIoT systems, troubleshooting network and device issues, and maintaining overall system health and performance.
Topic 2	<ul style="list-style-type: none">Integration and Application: This section targets Solution Developers and System Integrators involved in integrating IIoT systems with existing enterprise applications, cloud platforms, and analytics tools for data-driven decision making.
Topic 3	<ul style="list-style-type: none">Cybersecurity and Risk Management: This section assesses the expertise of Security Engineers and Compliance Officers in securing IIoT environments by applying security frameworks, identity and access management, threat detection, and risk mitigation strategies.
Topic 4	<ul style="list-style-type: none">Implementation and Configuration: This domain targets IIoT Solution Architects and System Integrators, focusing on configuring IoT devices, network connectivity, communication protocols, and edge computing components used in IIoT deployments.
Topic 5	<ul style="list-style-type: none">Technical Concepts: This section measures skills of Industrial IoT Engineers and Network Engineers and covers fundamental technical principles relevant to Industrial Internet of Things (IIoT), including architectures, protocols, data management, and integration technologies.

Valid Huawei H11-861_V4.0 - Tips To Pass H11-861_V4.0 Exam

We learned that a majority of the candidates for the exam are office workers or students who are occupied with a lot of things, and do not have plenty of time to prepare for the H11-861_V4.0 exam. Taking this into consideration, we have tried to improve the quality of our H11-861_V4.0 training materials for all our worth. Now, I am proud to tell you that our H11-861_V4.0 Exam Questions are definitely the best choice for those who have been yearning for success but without enough time to put into it. Just buy them and you will pass the exam by your first attempt!

Huawei HCIP-Collaboration V4.0 Sample Questions (Q17-Q22):

NEW QUESTION # 17

Which of the following is the format of the configuration file exported from the CloudRSE web interface?

- A. .xml
- B. .bin
- C. .yaml
- D. .txt

Answer: A

Explanation:

The CloudRSE web interface exports its configuration in XML format, producing a .xml file for import or backup.

NEW QUESTION # 18

Assume that a dual-channel audio file uses the PCM encoding, the sampling frequency is 8 kHz, and each quantized sample value corresponds to an 8-bit binary code. What is the encoding rate (kbit/s) of the audio file?

- A. 0
- B. 1
- C. 2
- D. 3

Answer: D

Explanation:

Dual-channel PCM at 8 kHz with 8 bits per sample yields $8,000 \times 8 = 64$ kbit/s per channel; two channels give $64 \times 2 = 128$ kbit/s.

NEW QUESTION # 19

The new and old MCU architectures differ in bandwidth and codec resource usage during cascading. The new architecture supports multiple working modes, such as MCU, SFU, and IAU. The old architecture does not provide different working modes of the MCU. Which of the following statements is false about MCU cascading?

- A. When the MCU of the old architecture is cascaded with the MCU of the new architecture, the cascading channel consumes bandwidth and codec resources.
- B. When MCUs of the old architecture are cascaded, the cascading channel consumes bandwidth and codec resources.
- C. When MCUs of the new architecture are cascaded, both the cascading channel and proxy channel consume bandwidth and codec resources.
- D. When the MCU of the old architecture is cascaded with the MCU of the new architecture, the proxy channel consumes bandwidth and codec resources.

Answer: A

Explanation:

When cascading an old-architecture MCU with a new-architecture MCU, only the proxy channel on the new side consumes bandwidth and codec resources - the legacy MCU's cascading channel is not used.

NEW QUESTION # 20

Which of the following statements are true about personal virtual meeting room (VMR) provisioning?

- A. The SMC can provision personal VMRs to conference users only one by one.
- **B. The SMC can provision personal VMRs to conference users one by one or in batches.**
- **C. The SMC can provision personal VMRs to conference rooms one by one or in batches.**
- D. The SMC can provision personal VMRs to conference rooms only one by one.

Answer: B,C

Explanation:

The SMC's service provisioning functions include both single-item and batch modes for personal VMR assignment, whether you're binding VMRs to conference rooms or to individual users, you can provision them one by one or import a list and provision them in bulk.

NEW QUESTION # 21

Which of the following statements is true about image sampling?

- **A. The YUV 4:2:0 sampling mode is half the size of the YUV 4:4:4 sampling mode.**
- B. For human eyes, the Y component in YUV is the most important. Therefore, downsampling can be performed on the UV components.
- C. The transmission rate of video data using YUV 4:2:0 is 140 Mbit/s. If the 4:2:2 mode is used, the transmission rate required by the video is 175 Mbit/s.
- D. RGB components have weak correlation, which is unfavorable for video image compression. Therefore, RGB is often used for image display.

Answer: A

Explanation:

YUV 4:2:0 subsamples chroma by a factor of two in both horizontal and vertical dimensions, reducing total data to half of the full-resolution YUV 4:4:4 format.

NEW QUESTION # 22

.....

To cope with the fast growing market, we will always keep advancing and offer our clients the most refined technical expertise and excellent services about our H11-861_V4.0 exam questions. In the meantime, all your legal rights will be guaranteed after buying our H11-861_V4.0 Study Materials. For many years, we have always put our customers in top priority. Not only we offer the best H11-861_V4.0 training prep, but also our sincere and considerate attitude is praised by numerous of our customers.
