

# Exam 312-85 Syllabus - Examcollection 312-85 Dumps Torrent

DOWNLOAD the newest Dumpexams 312-85 PDF dumps from Cloud Storage for free: [https://drive.google.com/open?id=1ER1IPxrh6OVF0SiXQvFaBF03a\\_FnWing](https://drive.google.com/open?id=1ER1IPxrh6OVF0SiXQvFaBF03a_FnWing)

Taking practice exams teaches you time management so you can pass the Certified Threat Intelligence Analyst (312-85) exam. Dumpexams's 312-85 practice exam makes an image of a real-based examination which is helpful for you to not feel much pressure when you are giving the final examination. You can give unlimited practice tests and improve yourself daily to achieve your desired destination.

The 312-85 certification exam is essential for future development, and the right to a successful 312-85 exam will be in your own hands. As long as you pass the exam, you will take a step closer to your goal. However, unless you have updated 312-85 exam materials, or passing the exam's mystery is quite challenging. Thousands of people tried the 312-85 exams, but despite having good professional experience and being well-prepared, the regrettable exam failed. One of the main reasons for the failure may be that since practice and knowledge alone are not enough, people need to practice our Dumpexams 312-85 Exam Materials, otherwise they cannot escape reading. Well, you are in the right place. The 312-85 questions on our Dumpexams are one of the most trustworthy questions and provide valuable information for all candidates who need to pass the 312-85 exam.

## Reliable 100% Free 312-85 – 100% Free Exam Syllabus | Examcollection 312-85 Dumps Torrent

If you want to improve your own IT techniques and want to pass 312-85 certification exam, our Dumpexams website may provide the most accurate ECCouncil's 312-85 exam training materials for you, and help you Pass 312-85 Exam to get 312-85 certification. If you are still hesitated, you can download 312-85 free demo and answers on probation on Dumpexams websites. We believe that we won't let you down.

ECCouncil 312-85 exam, also known as the Certified Threat Intelligence Analyst (CTIA) exam, is a certification exam designed for professionals who want to demonstrate their knowledge and skills in threat intelligence analysis. 312-85 exam is designed to test the candidate's ability to collect, analyze, and interpret threat intelligence data to identify potential security threats and vulnerabilities.

312-85 Exam covers a wide range of topics, including threat intelligence frameworks, tools, techniques, and best practices.

## ECCouncil Certified Threat Intelligence Analyst Sample Questions (Q60-Q65):

### NEW QUESTION # 60

Tim is working as an analyst in an ABC organization. His organization had been facing many challenges in converting the raw threat intelligence data into meaningful contextual information. After inspection, he found that it was due to noise obtained from misrepresentation of data from huge data collections. Hence, it is important to clean the data before performing data analysis using techniques such as data reduction. He needs to choose an appropriate threat intelligence framework that automatically performs data collection, filtering, and analysis for his organization.

Which of the following threat intelligence frameworks should he choose to perform such task?

- A. SIGVERIF
- B. Threat grid
- C. TC complete
- D. HighCharts

**Answer: C**

### NEW QUESTION # 61

Kathy wants to ensure that she shares threat intelligence containing sensitive information with the appropriate audience. Hence, she used traffic light protocol (TLP).

Which TLP color would you signify that information should be shared only within a particular community?

- A. Amber
- B. White
- C. Red
- D. Green

**Answer: A**

### NEW QUESTION # 62

You are a cybersecurity analyst working at a financial institution. An unusual pattern of financial transactions was detected, suggesting potential fraud or money laundering. What specific type of threat intelligence would you rely on to analyze these financial activities and identify potential risks?

- A. CHIS
- B. OSINT
- C. FININT
- D. TECHINT

**Answer: C**

Explanation:

FININT (Financial Intelligence) refers to the collection, processing, and analysis of financial transaction data to identify suspicious or illicit activities such as fraud, money laundering, terrorist financing, or financial crimes.

In this scenario, the analyst is investigating unusual financial transaction patterns, which is exactly the purpose of financial intelligence.

Key Features of FININT:

- \* Focuses on financial data sources, including transaction records, wire transfers, and account statements.
- \* Helps detect illicit financial flows or abnormal transaction behaviors.
- \* Used by banks, financial institutions, and government agencies to identify and prevent financial crimes.
- \* Often shared with intelligence agencies and regulatory bodies to support counter-fraud and anti-money laundering operations.

Why the Other Options Are Incorrect:

- \* A. OSINT: Refers to publicly available information such as websites, news, or social media. It is not specific to financial transaction data.
- \* B. CHIS: Refers to human intelligence sources obtained through personal or covert interaction, not financial data analysis.
- \* C. TECHINT: Refers to intelligence gathered from technical sources such as sensors or electronic systems, not financial records.

Conclusion:

The correct intelligence type used to analyze suspicious financial transactions is FININT (Financial Intelligence).

Final Answer: D. FININT

Explanation Reference (Based on CTIA Study Concepts):

As per CTIA threat intelligence classifications, FININT involves collecting and analyzing financial data to detect and mitigate fraudulent or criminal activities.

### NEW QUESTION # 63

An analyst wants to disseminate the information effectively so that the consumers can acquire and benefit out of the intelligence.

Which of the following criteria must an analyst consider in order to make the intelligence concise, to the point, accurate, and easily understandable and must consist of a right balance between tables, narrative, numbers, graphics, and multimedia?

- A. The right content
- B. The right order
- C. The right time
- D. The right presentation

**Answer: D**

Explanation:

For intelligence to be effectively disseminated and utilized by consumers, it must be presented in a manner that is concise, accurate, easily understandable, and engaging. This involves a careful balance of narrative, numerical data, tables, graphics, and potentially multimedia elements to convey the information clearly and compellingly. The right presentation takes into account the preferences and needs of the intelligence consumers, as well as the context and urgency of the information. By focusing on how the intelligence is presented, the analyst ensures that the content is not only consumed but also actionable, facilitating informed decision-making.

### NEW QUESTION # 64

In which of the following storage architecture is the data stored in a localized system, server, or storage hardware and capable of storing a limited amount of data in its database and locally available for data usage?

- A. Centralized storage
- B. Cloud storage
- C. Distributed storage
- D. Object-based storage

**Answer: A**

Explanation:

Centralized storage architecture refers to a system where data is stored in a localized system, server, or storage hardware. This type of storage is capable of holding a limited amount of data in its database and is locally available for data usage. Centralized storage is commonly used in smaller organizations or specific departments within larger organizations where the volume of data is manageable and does not require the scalability offered by distributed or cloud storage solutions. Centralized storage systems simplify data management and access but might present challenges in terms of scalability and data recovery.

### NEW QUESTION # 65

.....

PDF version of 312-85 exam questions - being legible to read and remember, support customers' printing request, and allow you to have a print and practice in papers. Software version of 312-85 guide dump - supporting simulation test system, with times of setup has no restriction. Remember this version support Windows system users only. App online version of 312-85 Guide dump - Being suitable to all kinds of equipment or digital devices, supportive to offline exercises on the condition that you practice it without mobile data. Boggled down in review process right now, our 312-85 training materials with three versions can help you gain massive knowledge.
