PRINCE2 7 Foundation written Exam Sample Questions (Q461-Q466):

NEW QUESTION # 461

in the 'starting up a project' process, what is the PRINCE2 name for a 'request for proposal' received by an external supplier?

- A. Work package
- B. Project approach
- C. Project brief
- **D. Project mandate**

Answer: D

Explanation:

In the PRINCE2 methodology, the 'project mandate' is the term used for initial documentation that triggers the start of a project, typically provided by corporate or program management. It can often come in the form of a request for proposal received by an external supplier, setting out the initial definition of the project and what it aims to achieve, which then leads to more detailed project definitions in the 'starting up a project' process.

NEW QUESTION # 462

Which product identifies the management stages and timescales of a project?

- **A. Project Plan**
- B. Project Product Description
- C. Project Brief
- D. Initiation Stage Plan

Answer: A

NEW QUESTION # 463

Which statement about project roles is CORRECT?

- A. The project team structure defined in PRINCE2 must be used, but other roles may be added
- B. Any role can be defined as required the responsibilities defined in PRINCE2 are fulfilled
- **C. The project board roles defined in PRINCE2 must be used, but other roles can be defined as required**
- D. The project organization must be defined using the roles and responsibilities in PRINCE2

Answer: C

Explanation:

PRINCE2 mandates that the roles of the project board be used as defined, including the Executive, Senior User, and Senior Supplier. However, it also allows flexibility to define additional roles as required by the organization or project context, ensuring adaptability and compliance with the method while accommodating specific project needs.

NEW QUESTION # 464

As part of the 'closing a project' process, the project manager needs to assess whether the outcomes are likely to deliver the expected performance improvements post-project.

In which step of 'business case management' technique should the project manager assess this?

- A. Develop
- **B. Check**
- C. Confirm
- D. Maintain

Answer: B

Explanation:

During the 'Maintain' step of the 'business case management' technique in PRINCE2, the project manager assesses the ongoing viability of the project against the business case, including whether the outcomes are likely to deliver the expected performance improvements post-project. This is a continuous process that ensures the project remains aligned with business needs and expected benefits throughout its lifecycle.

NEW QUESTION # 465

According to the 'continued business justification' principle, when is a justifiable reason for a project FIRST needed?

- A. Before work to start the project commences
- B. When an organization produces its business plans
- C. After the executive has been appointed
- D. When authorized by the corporate, programme management or the customer

Answer: A

Explanation:

According to the 'continued business justification' principle in PRINCE2, a justifiable reason for a project is required before any work to start the project begins. This ensures that projects are initiated only when there is a clear business need, aligned with organizational objectives, and there is an expectation of value creation.

The business case is developed during the initial stages of the project and is maintained and reviewed throughout the project lifecycle. References: PRINCE2 Foundation Manual
