It is an incredible opportunity among all candidates fighting for the desirable exam outcome to have our 1Z0-1195-25 practice materials. With the help of our hardworking experts, our 1Z0-1195-25 exam braindumps have been on the front-front of this industry and help exam candidates around the world win in valuable time. With years of experience dealing with exam, they have thorough grasp of knowledge which appears clearly in our 1Z0-1195-25 Actual Exam. To choose us is to choose success!

Oracle 1Z0-1195-25 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">Resiliency: This section tests the knowledge of Database Security Engineers and Disaster Recovery Specialists in implementing Oracle's Maximum Security Architecture and Maximum Availability Architecture to ensure database resiliency and high availability.
Topic 2	<ul style="list-style-type: none">Data Management Introduction: This section of the exam measures the skills of Data Architects and Cloud Database Specialists in understanding Oracle's data management strategy. It covers Oracle's database offerings, deployment options, and multi-cloud and hybrid cloud solutions for managing data using Oracle Cloud Infrastructure.
Topic 3	<ul style="list-style-type: none">Converged Database: This section evaluates the expertise of Multi-Model Database Specialists and Application Developers in using Oracle's converged database for multi-model use cases. It covers JSON, graph, and spatial data capabilities within the Oracle Database.
Topic 4	<ul style="list-style-type: none">MySQL and NoSQL: This section measures the skills of Database Developers and Data Engineers in working with Oracle MySQL HeatWave Database Service. It focuses on their features and uses cases for modern application development.
Topic 5	<ul style="list-style-type: none">Exadata and DBCS: This section tests the knowledge of Exadata Specialists and Database Administrators in understanding Exadata deployment options, lifecycle management tasks such as patching and backup, and the features of Oracle Base Database Service (DOracle NoSQL Database ServiceBCS).

Lab 1Z0-1195-25 Questions - 1Z0-1195-25 Exam Actual Tests

The language in our 1Z0-1195-25 test guide is easy to understand that will make any learner without any learning disabilities, whether you are a student or a in-service staff, whether you are a novice or an experienced staff who has abundant experience for many years. Our 1Z0-1195-25 Exam Questions are applicable for everyone in all walks of life which is not depends on your educated level. Therefore, it should be a great wonderful idea to choose our 1Z0-1195-25 guide torrent for sailing through the difficult test and pass it.

Oracle Data Platform 2025 Foundations Associate Sample Questions (Q61-Q66):

NEW QUESTION # 61

Which component is NOT included as part of an Oracle NoSQL table Oracle Cloud Identifier (OCID)?

- A. Compartment ID
- B. Resource type
- C. Unique ID

- D. Region

Answer: D

NEW QUESTION # 62

What is NOT a workload that can be selected when provisioning an Autonomous Database?

- A. MySQL
- B. JSON
- C. APEX
- D. Data Warehouse

Answer: A

Explanation:

When provisioning an "Autonomous Database" on Oracle Cloud Infrastructure, the supported workload types include "JSON" (B) for document-centric applications, "Data Warehouse" (C) for analytics, and "APEX" (D) for low-code application development, alongside Transaction Processing (not listed here). "MySQL" (A) is not a workload type for Autonomous Database; instead, it is a separate database service (Oracle MySQL Database Service) on OCI, not part of the Autonomous Database offering. Oracle's documentation specifies the distinct workload options available during Autonomous Database provisioning, excluding MySQL.

NEW QUESTION # 63

Which feature allows you to logically group and isolate your Oracle Cloud Infrastructure resources?

- A. Identity and Access Management Groups
- B. Compartments
- C. Tenancy
- D. Availability Domain

Answer: B

Explanation:

"Compartments" (B) in Oracle Cloud Infrastructure (OCI) allow you to logically group and isolate resources for organization, access control, and billing. "Identity and Access Management Groups" (A) organize users, not resources. "Tenancy" (C) is the root container for all resources, not a grouping mechanism, and "Availability Domain" (D) is a physical data center division, not a logical grouping tool. Oracle's OCI documentation identifies Compartments as the primary feature for resource isolation and management.

NEW QUESTION # 64

Oracle Lakehouse provides extensive data processing capabilities, to accommodate the migration of existing architectures or the creation of new, agile ones. Which service does NOT provide data processing on Oracle Cloud Infrastructure (OCI) Lakehouse?

- A. NoSQL Service
- B. Autonomous Database
- C. Big Data Service
- D. OCI Data Flow

Answer: A

NEW QUESTION # 65

Which two are true about the Data Catalog?

- A. Harvest object storage to derive schemas
- B. Discover data using powerful search
- C. Data Catalog does not integrate with Autonomous Database
- D. Management is required

Answer: A,B

Explanation:

The "OCI Data Catalog" has two true characteristics: "Harvest object storage to derive schemas" (B), as it scans OCI Object Storage to extract metadata and schemas, and "Discover data using powerful search" (C), offering robust search capabilities for data discovery. "Management is required" (A) is vague and not a defining trait, and "Data Catalog does not integrate with Autonomous Database" (D) is false, as it integrates seamlessly for metadata management. Oracle's documentation confirms these features.

NEW QUESTION # 66

1Z0-1195-25 latest study guide is the trustworthy source which can contribute to your actual exam test. If you are not sure about to pass your exam, you can rely on the 1Z0-1195-25 practice test for 100% pass. Oracle 1Z0-1195-25 free pdf cram simulate the actual test, with the study of it, you can get a general understanding at first. After further practice with SureTorrent 1Z0-1195-25 Original Questions, you will acquire the main knowledge which may be tested in the actual test. At last, a good score is a little case.
