Valid C-CPI-2506 Test Review - C-CPI-2506 VCE Exam Simulator

In order to protect the vital interests of each IT certification exams candidate, Exam4Labs provides high-quality SAP C-CPI-2506 Exam Training materials. This exam material is specially developed according to the needs of the candidates. It is researched by the IT experts of Exam4Labs. Their struggle is not just to help you pass the exam, but also in order to let you have a better tomorrow.

SAP Certified Associate - Integration Developer Sample Questions (Q29-Q34):

NEW QUESTION # 29

How does the increased number of API calls in a microservices architecture impact API management and monitoring within an SAP Integration Suite landscape?

- A. performance, security and traceability across the distributed microservices.
- B. Increased API calls necessitate less robust API management tools and simplified monitoring capabilities within the SAP Integration Suite.
- C. Increased API calls necessitate more robust API management tools and comprehensive monitoring capabilities within the SAP Integration Suite.
- D. Increased API calls improve API management efficiency and reduce the need for extensive monitoring within the SAP Integration Suite.
- E. Reduced API calls simplify API management and minimize monitoring needs within the SAP Integration Suite.

Answer: C

Explanation:

In a microservices architecture, applications are decomposed into multiple smaller services communicating via APIs. This results in: Increased API traffic due to inter-service communication.

Higher need for governance: enforcing policies, security, throttling, and quotas.

Comprehensive monitoring required to trace calls across multiple distributed services to ensure performance, reliability, and compliance.

SAP Integration Suite's API Management provides these capabilities:

Traffic management (quotas, rate limiting).

Security policies (OAuth, API keys).

End-to-end monitoring & analytics for distributed calls.

Thus, the correct answer highlights the need for more robust API management and monitoring in high- volume, microservices-driven landscapes.

NEW QUESTION # 30

Which of the following XSL statements selects each node in the source XML?

- A. `<xsl:template match="text()">`
- B. `<xsl:template match="@*">`
- C. `<xsl:template match="/*">`
- D. `<xsl:template match="*">`

Answer: D

Explanation:

In XSLT mapping:

`<xsl:template match="*">` # Matches each node (any element node) in the XML source.

`<xsl:template match="/*">` # Matches only the root node.

`<xsl:template match="@*">` # Matches all attributes of the current element.

`<xsl:template match="text()">` # Matches text nodes only.

Thus, to select each node, the correct statement is `<xsl:template match="*">`.

NEW QUESTION # 31

What are the key capabilities of the SAP BTP Integration Suite? Note: There are 2 correct answers to this question.

- A. Connectivity Service
- B. API Management
- C. SAP Business Application Studio
- D. Open Connectors

Answer: A,B

Explanation:

The key capabilities of the SAP BTP Integration Suite include API Management and Connectivity Service. API Management allows you to create, publish, monitor, and secure APIs across different environments and platforms. Connectivity Service enables you to establish secure and reliable connections between cloud applications and on-premise systems using various protocols and adapters. Reference: Integration Software | SAP Integration Suite, Modernize Integration with SAP Integration Suite | openSAP

NEW QUESTION # 32

What are some message protocols that the API Management capability within SAP Integration Suite supports? Note: There are 3 correct answers to this question.

- A. REST
- B. Data
- C. IDoc
- D. SOAP
- E. RFC

Answer: A,B,D

Explanation:

The API Management capability within SAP Integration Suite supports the following message protocols: SOAP, REST, and Data. SOAP is a protocol for exchanging structured XML messages between web services. REST is an architectural style for designing web services that use HTTP methods and formats. Data is a protocol for sending and receiving binary or text data over HTTP or HTTPS. Reference: Integration Software | SAP Integration Suite, Modernize Integration with SAP Integration Suite | openSAP

NEW QUESTION # 33

You want to split a message that contains recurring child nodes. Which of the following splitter types can you use? Note: There are 2 correct answers to this questions.

- A. General Splitter
- B. EDI Splitter
- C. Iterating Splitter
- D. PKCS#7/CMS Splitter

Answer: A,C

Explanation:

To split a message that contains recurring child nodes, you can use a General Splitter or an Iterating Splitter. A General Splitter allows you to split a message based on an XPath expression that defines the splitting criteria. An Iterating Splitter allows you to split a message based on an XPath expression that defines the repeating element. Reference: Modernize Integration with SAP Integration Suite | openSAP

NEW QUESTION # 34

.....

I know your time is very valuable. We guarantee that you can download our products C-CPI-2506 exam questions immediately after payment is successful. After your current page shows that the payment was successful, you can open your e-mail address. Our system will send you a link to use C-CPI-2506 Guide quiz within five to ten minutes. Then you can study with our C-CPI-2506 preparation materials right away.

Valid C-CPI-2506 Test Review: <https://www.exam4labs.com/C-CPI-2506-practice-torrent.html>

Are you worried about where to find reliable and valid C-CPI-2506 updated study torrent, SAP C-CPI-2506 Reliable Test Camp Day by day, you will be filled with motivation, The most popular one is PDF version of C-CPI-2506 study guide can be printed into papers so that you are able to write some notes or highlight the emphasis, SAP C-CPI-2506 Reliable Test Camp In order to satisfy the requirements of our customers, we have three different versions for you to choose.

Go through the CV, starting with the most C-CPI-2506 recent work, This easy, handy reference brings together all the techniques, tips, tools, and examples you'll need, Are you worried about where to find reliable and valid C-CPI-2506 updated study torrent?

C-CPI-2506 Reliable Test Camp Pass-Sure Questions Pool Only at Exam4Labs

Day by day, you will be filled with motivation, The most popular one is PDF version of C-CPI-2506 study guide can be printed into papers so that you are able to write some notes or highlight the emphasis.

In order to satisfy the requirements of our customers, C-CPI-2506 Valid Test Preparation we have three different versions for you to choose, By practicing under the real exam scenario of this SAP C-CPI-2506 web-based practice test, you can cope with exam anxiety and appear in the final test with maximum confidence.
