

# Guaranteed JN0-1103 Passing | JN0-1103 Exam Topics

What's more, part of that TestBraindump JN0-1103 dumps now are free: <https://drive.google.com/open?id=1iavx40d4To2bLS0M4c07wgi2GX6AsQzL>

The exam questions and answers of general Juniper certification exams are produced by the Juniper specialist professional experience. TestBraindump just have these Juniper experts to provide you with practice questions and answers of the exam to help you pass the exam successfully. Our TestBraindump's practice questions and answers have 100% accuracy. Purchasing products of TestBraindump you can easily obtain Juniper certification and so that you will have a very great improvement in JN0-1103 area.

## Juniper JN0-1103 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>Securing the Network: This section of the exam measures the skills of Security Architects and covers essential security design principles. It encompasses general security considerations, strategies for securing data centers and campus WANs, and the implementation of zero-trust security models. Additionally, it delves into Secure Access Service Edge (SASE) frameworks to enhance network security posture.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>Campus and Branch LAN Design: This section of the exam measures skills of LAN Infrastructure Specialists and covers considerations for designing wired campus or branch LANs. It addresses best practices in campus LAN design, modular design approaches, subnet and VLAN planning, and access control mechanisms. The section also introduces Ethernet VPN-Virtual Extensible LAN (EVPN-VXLAN) architectures and discusses campus oversubscription ratios and design architectures.</li></ul>
Topic 3	<ul style="list-style-type: none"><li>Network Management or Reliability: This section of the exam measures skills of Network Operations Center (NOC) Engineers and covers design considerations for ensuring business continuity. Topics include high-resiliency design, implementing link and device-level redundancy, and utilizing technologies like Multihomed Ethernet Segment Identifier Link Aggregation Groups (ESI LAGs) and virtual chassis. The section also explores Juniper SRX firewall redundancy and best practices for campus network redundancy.</li></ul>

Topic 4	<ul style="list-style-type: none"> <li>• <b>Data Center Network Design:</b> This section of the exam measures skills of Data Center Network Engineers and covers considerations for general data center network design. Topics include data center design best practices, understanding traffic patterns, virtual chassis implementation, and environmental considerations. The section also delves into data center fabric architectures, benefits of IP fabric over traditional architectures, spine-and-leaf device placement, underlay and overlay design, routing protocol selection, and best practices for IP fabric scaling.</li> </ul>
Topic 5	<ul style="list-style-type: none"> <li>• <b>Campus and Branch WAN Design:</b> This section of the exam measures skills of WAN Solutions Architects and covers considerations for designing campus or branch WANs. It includes understanding WAN connectivity functions, best practices for WAN design, performance optimization, VPN design, and implementing high availability through active</li> <li>• active and active</li> <li>• passive configurations. The section also explores Software-Defined WAN (SD-WAN) design considerations, devices, assurance models, and intersite connectivity.</li> </ul>

## **JN0-1103 - The Best Guaranteed Design - Associate (JNCIA-Design) Passing**

You will be able to apply for high-paying jobs in top companies worldwide after passing the Juniper JN0-1103 test. The Juniper JN0-1103 Exam provides many benefits such as higher pay, promotions, resume enhancement, and skill development.

### **Juniper Design - Associate (JNCIA-Design) Sample Questions (Q108-Q113):**

#### **NEW QUESTION # 108**

You are asked to document the existing network and security infrastructure before a design update project begins. Which three actions would be appropriate as part of your documentation project? (Choose three.)

- A. Survey all data centers and wiring closets.
- B. Review the available documentation with the server administrators.
- C. Review the available documentation with the purchasing department.
- D. Review the available documentation with the security administrators.
- E. Review the available documentation with the network administrators.

**Answer: A,D,E**

#### **NEW QUESTION # 109**

When discussing network reliability, what does the term "five nines" mean?

- A. The network is up 99.999% of the time.
- B. The network is up .99999% of the time.
- C. The network is up 9.9999% of the time.
- D. The network is up .09999% of the time.

**Answer: A**

#### **NEW QUESTION # 110**

What is the function of the core tier in a traditional three tier Layer 2 network environment?

- A. The core tier relays traffic between the lower tier Layer 2 devices and functions as the gateway to the upper tier device.
- B. The core tier provides network connectivity to end-user devices and other hosts and enforces network access policy.
- C. The core tier interfaces with lower tier devices and provides a high-speed interconnect with the north-bound WAN edge device.
- D. The core tier connects to the Internet and with lower tier Layer 2 devices to provide Layer 3 gateway services for the network.

**Answer: C**

#### NEW QUESTION # 111

You are asked to provide a WAN design proposal for connecting together multiple customer sites. As part of your design, you want to use IPsec tunnels to ensure that traffic is private and secure.

Which statement is true about the proposed solution?

- A. IPsec packets can be fragmented once encrypted.
- B. Packets that are passed through an IPsec tunnel are not encrypted.
- C. IPsec tunnels will require an MPLS infrastructure through the WAN.
- **D. IPsec can require MTU modifications to accommodate the additional overhead.**

**Answer: D**

#### NEW QUESTION # 112

On an SRX Series device, what are three match criteria of a security policy? (Choose three.)

- **A. application port**
- **B. security zone**
- **C. IP address**
- D. MAC address
- E. QoS

**Answer: A,B,C**

#### NEW QUESTION # 113

.....

As the development of the science and technologies, there are a lot of changes coming up with the design of our JN0-1103 exam questions. We are applying new technology to perfect the JN0-1103 study materials. Through our test, the performance of our JN0-1103 learning guide becomes better than before. In a word, our JN0-1103 training braindumps will move with the times. Please pay great attention to our JN0-1103 actual exam.

**JN0-1103 Exam Topics:** <https://www.testbraindump.com/JN0-1103-exam-prep.html>

- Free JN0-1103 passleader dumps - JN0-1103 free dumps - Juniper JN0-1103 real dump ☐ Search for ( JN0-1103 ) and obtain a free download on ➡ [www.torrentvce.com](http://www.torrentvce.com) ☐ Associate JN0-1103 Level Exam
