

# 2V0-11.25 Pass4sure Dumps Pdf - Pass Guaranteed Quiz 2026 VMware 2V0-11.25 First-grade Exam Assessment

**VMware**

**2V0-11.25**

VMware Cloud Foundation 5.2 Administrator

**QUESTION & ANSWERS**

<https://www.certsexpert.com/2V0-11.25-pdf-questions.html>

What's more, part of that ExamsLabs 2V0-11.25 dumps now are free: <https://drive.google.com/open?id=19Y8hh5P3x9wVbqiF0tRnjSaCuv8wOW7j>

Our 2V0-11.25 learning materials are highly praised for their good performance. Customers often value the functionality of the product. After a long period of research and development, our learning materials have been greatly optimized. We can promise you that all of our 2V0-11.25 learning materials are completely flexible. In addition, we have experts who specialize in research optimization, constantly update and improve our learning materials, and then send them to our customers. We take client's advice on 2V0-11.25 Learning Materials seriously.

If you buy our 2V0-11.25 training quiz, you will find three different versions are available on our test platform. According to your need, you can choose the suitable version of our 2V0-11.25 exam questions for you. The three different versions of our 2V0-11.25 Study Materials include the PDF version, the software version and the online version. We can promise that the three different versions are equipped with the high quality for you to pass the exam.

**Realistic VMware 2V0-11.25 Pass4sure Dumps Pdf Pass Guaranteed**

Our 2V0-11.25 test training will provide you with a well-rounded service so that you will not lag behind and finish your daily task

step by step. At the same time, our 2V0-11.25 study torrent will also save your time and energy in well-targeted learning as we are going to make everything done in order that you can stay focused in learning our 2V0-11.25 Study Materials without worries behind. We are so honored and pleased to be able to read our detailed introduction and we will try our best to enable you a better understanding of our 2V0-11.25 test training better.

## VMware 2V0-11.25 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"> <li>• Troubleshoot and Optimize the VMware by Broadcom Solution: This section of the exam measures skills of the cloud infrastructure support engineer and covers diagnosing and resolving technical issues related to VMware Cloud Foundation deployment and operations. It includes troubleshooting the deployment process, vSphere, networking, vSAN, SDDC Manager, and Aria Suite. The section also evaluates the ability to optimize infrastructure performance, manage resources, and ensure efficient operation, focusing on the practical aspects of maintaining and enhancing VMware Cloud Foundation environments.</li> </ul>
Topic 2	<ul style="list-style-type: none"> <li>• Plan and Design the VMware by Broadcom Solution: There are no testable objectives in this section. Still, it is intended for solution architects who need to plan and design VMware Cloud Foundation deployments, focusing on sizing, architecture selection, and network</li> <li>• storage design.</li> </ul>
Topic 3	<ul style="list-style-type: none"> <li>• Install, Configure, Administrate the VMware by Broadcom Solution: This section of the exam measures skills of the VMware Cloud Foundation administrator and covers the installation and configuration processes for VMware Cloud Foundation components, deploying and configuring management domains, NSX Edge Clusters, and the VMware Aria Suite Lifecycle. It assesses the ability to deploy workload domains, enable vSphere IaaS control plane, create vSphere namespaces, manage stretched clusters, and use VMware Cloud Foundation APIs. Candidates are also tested on scaling deployments, performing Day 2 operations like backup, recovery, lifecycle management, VM lifecycle management, configuring networking and storage, managing ESXi hosts, implementing encryption, and operationalizing VMware NSX, vSAN, and Aria Suite. The section is comprehensive, targeting those responsible for the ongoing administration and optimization of VMware environments.</li> </ul>
Topic 4	<ul style="list-style-type: none"> <li>• IT Architectures, Technologies, Standards: There are no testable objectives in this section. However, this area establishes the foundational knowledge expected of cloud administrators, such as understanding basic IT infrastructure, virtualization, and cloud models. This section is relevant for cloud administrators and infrastructure engineers.</li> </ul>
Topic 5	<ul style="list-style-type: none"> <li>• VMware by Broadcom Solution: This section of the exam measures skills of the cloud administrator and covers identifying VMware Cloud Foundation components like vSphere, vSAN, and NSX, as well as their architecture, including stretched configurations. It also assesses knowledge of requirements for implementing private cloud solutions, use cases for VMware Aria Suite components, vSphere IaaS control plane, Data Services Manager, and VMware Cloud Foundation Add-Ons. The focus is on the ability to recognize and apply the correct VMware solutions for various enterprise scenarios.</li> </ul>

## VMware Cloud Foundation 5.2 Administrator Sample Questions (Q57-Q62):

### NEW QUESTION # 57

An administrator is tasked with deploying a new application that requires both virtual machines and containers.

Which two components of VMware Cloud Foundation would be utilized to provide a unified platform for managing these workloads? (Choose two.)

- A. NSX
- B. HCX
- C. Aria Operations
- D. IaaS Control Plane
- E. Aria Suite Lifecycle

**Answer: A,C**

Explanation:

Aria Operations: Aria Operations (formerly vRealize Operations) provides a unified platform for managing both virtual machines (VMs) and containers, offering monitoring, analytics, and performance management for the entire environment.

NSX: NSX provides network virtualization and security, which can be used to manage network traffic for both VMs and containers, offering a consistent networking model for both workloads.

#### NEW QUESTION # 58

An administrator logged into NSX Manager to view host details. The administrator noticed that the "Tunnel" status for the ESXi hosts, in the VI workload domain, is showing down.

What is a possible reason the ESXi host tunnels are showing down in NSX?

- A. The overlay traffic is being blocked by the gateway firewall.
- **B. The MTU setting for the host TEPs has been set to 1500.**
- C. The host TEP IP addresses are being dynamically assigned through DHCP instead of being statically assigned.
- D. The IGMP has been disabled on the network.

**Answer: B**

Explanation:

The "Tunnel" status in NSX indicates the status of the VXLAN tunnels used for communication between ESXi hosts. If the MTU setting for the host Tunnel Endpoint (TEP) is incorrectly set to 1500, this can cause issues with VXLAN encapsulation, as VXLAN packets typically require an MTU of at least 1600 bytes to function correctly. Setting the MTU too low can cause packet drops and result in the tunnel status being down.

#### NEW QUESTION # 59

What is the first step in downloading the vSphere CLI tools to a developer workstation?

- A. Register the developer workstation with the Active Directory.
- B. Configure the workstation's network settings to connect to the vSphere environment.
- C. Install a compatible version of Java Runtime Environment
- **D. Visit the VMware Downloads page and locate the vSphere CLI tools.**

**Answer: D**

Explanation:

The first step in downloading the vSphere CLI tools is to visit the VMware Downloads page, where the vSphere CLI tools are available. From there, you can select the appropriate version for your environment and begin the download process.

#### NEW QUESTION # 60

During a routine check, an administrator observes that several VMs are reporting high memory usage in VMware Aria Operations. They need to verify if the high memory usage is due to memory contention.

What actions should be taken in VMware Aria Operations to verify this?

- A. Review the CPU ready time.  
B Look al the network throughput
- B. Check the memory usage and ballooning metrics.
- **C. Analyze the storage I/O performance.**

**Answer: C**

Explanation:

To verify if high memory usage is due to memory contention, the administrator should check the memory usage and ballooning metrics in VMware Aria Operations. Ballooning occurs when the hypervisor reclaims memory from a virtual machine due to memory contention, and monitoring these metrics can help identify whether the VMs are experiencing memory pressure or being forced to swap memory.

### NEW QUESTION # 61

An administrator needs to ensure that specific virtual machines within a VMware Cloud Foundation environment use storage that can tolerate at least two host failures. As resources are limited, the configuration should use the available resources as efficiently as possible.

Which three steps should be performed to configure a storage policy that meets the requirements? (Choose three.)

- **A. Apply the storage policy to the target VMs.**
- B. Set Failures to Tolerate to "2 failures - RAID-1 (Mirroring)" in the policy configuration.
- **C. Set Failures to Tolerate to "2 failures - RAID-6 (Erasure Coding)" in the policy configuration.**
- D. Configure the policy to use thin provisioning.
- E. Reconfigure the existing Default Storage Policy in the vSphere Client.
- **F. Create a new VM Storage Policy in the vSphere Client.**

**Answer: A,C,F**

Explanation:

A new VM storage policy needs to be created in the vSphere Client to define specific requirements for the storage configuration, including tolerance for two host failures.

Once the storage policy is created, it must be applied to the specific virtual machines that require the storage configuration that tolerates two host failures.

To ensure the storage configuration tolerates two host failures efficiently, RAID-6 (Erasure Coding) is the appropriate choice. RAID-6 can tolerate two host failures while minimizing resource usage compared to other configurations like RAID-1.

### NEW QUESTION # 62

.....

Sharp tools make good work. 2V0-11.25 study material is the best weapon to help you pass the exam. After a survey of the users as many as 99% of the customers who purchased 2V0-11.25 study material has successfully passed the exam. The pass rate is the test of a material. Such a high pass rate is sufficient to prove that 2V0-11.25 Study Material has a high quality. In order to reflect our sincerity on consumers and the trust of more consumers, we provide a 100% pass rate guarantee for all customers who have purchased 2V0-11.25 study materials.
