- A. Valid closure requires assurance from management that the original problem will not recur in the future.
- B. Valid closure of an observation ensures it will be included in the final engagement report.
- C. Valid closure requires the client to address not only the condition, but also the cause of the condition.
- **D. Valid closure requires evidence that ensures the corrected process will function as expected in the future.**

**Answer: D**

#### NEW QUESTION # 165

An internal auditor has a recommendation to change operations which could potentially increase profits by \$50,000. The best way to sell this recommendation to management is to:

- A. Bring it to the audit manager, who should bring it immediately to senior management's attention.
- **B. Discuss it with operating supervisors who are directly affected by the change, and then with department management.**
- C. Wait until the exit conference to discuss it in order to ensure all affected parties are present.
- D. Carefully work out the details of implementation before presenting it to department management.

**Answer: B**

### NEW QUESTION # 166

Which of the following statements best explains why an internal auditor should pay attention to retained earnings of an organization?

- A. Retained earnings demonstrate that the organization was able to generate working capital from its own activities.
- B. Retained earnings represent the amount of excess cash available in the organization.
- C. Retained earnings constitute the main criterion used by ratings agencies to assess an organization.
- D. Retained earnings indicate the amount of potential dividends to be paid out to new investors.

**Answer: A**

Explanation:

### Comprehensive and Detailed Explanation From Exact Extract:

Retained earnings represent the cumulative profits reinvested in the organization rather than distributed as dividends. They reflect the organization's ability to generate resources internally, supporting working capital, expansion, and long-term sustainability.

\* Option A is incorrect: retained earnings are not the same as dividends.

\* Option B is incorrect: retained earnings are not equal to excess cash.

\* Option D is incorrect: rating agencies use broader financial measures, not retained earnings alone.

Thus, the best explanation is Option C: retained earnings show that the organization has been able to generate and reinvest resources from its own operations.
