## Highly-Praised SCAIP Qualification Test Helps You Pass the Saviynt Certified Advanced IGA Professional (Level 200) Exam - Dumpexams

Saviynt SCAIP practice test also contains mock exams just like the desktop practice exam software with some extra features. As this is a web-based software, this is accessible through any browser like Opera, Safari, Chrome, Firefox and MS Edge with a good internet connection. Saviynt SCAIP Practice Test is also customizable so that you can easily set the timings and change the number of questions according to your ease.

## Saviynt Certified Advanced IGA Professional (Level 200) Sample Questions

## (Q44-Q49):

### NEW QUESTION # 44

An EIC Administrator wants to retrieve a report of users and their assigned SAV Roles. What are the ways in which it can be achieved? (Multi-Select)

- A. Create an analytics with the SQL Query to get the data and export as CSV/Excel
- B. Create analytics with the SQL Query to get the data and select the checkbox 'Send Email As Attachment' in analytics configuration
- C. Using enhanced query
- D. Run a SQL Query to retrieve the data in Data Analyzer

**Answer: A,B,D**

### NEW QUESTION # 45

An EIC Administrator wants to retrieve a report of users and their assigned SAV Roles. What are the ways in which it can be achieved? (Multi-Select)

- A. Create an analytics with the SQL Query to get the data and export as CSV/Excel
- B. Create analytics with the SQL Query to get the data and select the checkbox "Send Email As Attachment" in analytics configuration
- C. Using enhanced query
- D. Run a SQL Query to retrieve the data in Data Analyzer

**Answer: A,B,D**

Explanation:

In Saviynt EIC, retrieving reports such as users and their assigned SAV roles can be achieved through multiple analytics and reporting mechanisms.

Option A is correct because administrators can create Analytics using SQL queries and configure them to send results via email as attachments, which is useful for scheduled reporting and automated distribution.

Option B is also valid since Analytics allows administrators to export query results into CSV or Excel formats, enabling offline analysis, auditing, and sharing with stakeholders.

Option C is correct because Data Analyzer provides a direct interface to execute SQL queries on the Saviynt database, allowing administrators to quickly retrieve required data without creating a formal analytics job.

Option D (Using enhanced query) is not a standard or recognized reporting method within Saviynt for this use case. While advanced queries can be written, "enhanced query" is not a defined feature or module for report extraction.

Thus, the correct answers are A, B, and C, which represent the primary supported methods for reporting in Saviynt.

### NEW QUESTION # 46

A customer requires provisioning of time-bound access through roles that should be revoked automatically after certain days from the day of assignment. What option in EIC will help the customer achieve this requirement?

- A. Configure an Emergency Access Role
- B. Enable Time-bound for Roles in Global Configurations > Roles
- C. Configure an Enterprise Role and enable timestamp under Role Details
- D. Configure Dynamic Attributes for Roles

**Answer: B**

### NEW QUESTION # 47

Which campaign type should be used when managers must review and certify access for their direct reportees?

- A. User Manager Campaign
- B. Role Owner Campaign
- C. Service Account Campaign
- D. Entitlement Owner Campaign

**Answer: A**

Explanation:

The correct answer is A. User Manager Campaign . In Saviynt, the User Manager campaign is specifically designed for manager-based certifications, where managers review and certify the access of their direct reportees. Saviynt documentation explicitly states that in a User Manager campaign, managers are responsible for reviewing and certifying the access of users who report to them. That makes this campaign type the best fit when the certification driver is the reporting hierarchy rather than entitlement ownership, role ownership, or service account ownership.

The other options represent different certification ownership models. Entitlement Owner Campaign is meant for entitlement owners, Role Owner Campaign is for role owners, and Service Account Campaign is focused on service account ownership verification and access review. Saviynt also describes campaigns as a way to automatically generate and distribute certifications to the appropriate certifiers based on the selected campaign type and ownership model. Therefore, when the requirement clearly says "managers must review direct reportees," the User Manager campaign is the correct and most aligned selection within Saviynt Level 200 scope.

#### NEW QUESTION # 48

An EIC Administrator has a requirement to execute User Import at 9 AM everyday. What are the different options available in EIC to schedule this job?

- A. Externalconfig.properties file
- B. Global configuration
- C. Schedule option (Hourly, Weekly, Daily, Minutes) in Job trigger
- D. CRON expression in Job trigger

**Answer: C,D**

Explanation:

In Saviynt EIC, job scheduling is managed through the Job Control Panel, which provides flexible options to define when and how jobs such as User Import are executed. The correct options for scheduling are CRON expression and built-in schedule options, making A and B correct.

Option A (CRON expression in Job trigger) allows administrators to define precise scheduling using CRON syntax. For example, scheduling a job at exactly 9 AM every day can be achieved using a CRON expression, offering high flexibility and control.

Option B (Schedule option - Hourly, Weekly, Daily, Minutes) provides a user-friendly way to configure job schedules without writing CRON expressions. Administrators can simply select "Daily" and specify 9 AM, making it easier for standard scheduling needs.

Option C (Global configuration) is not used for scheduling jobs. Option D (Externalconfig.properties file) is used for system-level configurations, not job scheduling.

Thus, Saviynt supports both CRON-based and UI-based scheduling mechanisms for job execution.

#### NEW QUESTION # 49

.....

It is a truth well-known to all around the world that no pains and no gains. There is another proverb that the more you plough the more you gain. When you pass the SCAIP exam which is well recognized wherever you are in any field, then acquire the SCAIP certificate, the door of your new career will be open for you and your future is bright and hopeful. Our SCAIP guide torrent will be your best assistant to help you gain your certificate.
