API-936 Exam Experience & API-936 New Study Guide

As is known to us, the API-936 certification has been increasingly important for a lot of modern people in the rapid development world. Why is the API-936 certification so significant for many people? Because having the certification can help people make their dreams come true, including have a better job, gain more wealth, have a higher social position and so on. Many people are difficult in getting the API-936 Certification successfully. If you also have trouble in passing your exam and getting your certification, we think it is time for you to use our API-936 quiz prep.

API-936 (Refractory Personnel) Certification Exam is an internationally recognized certification program designed for individuals who are involved in the installation, inspection, testing, and maintenance of refractory materials used in high-temperature environments. Refractory Personnel certification is offered by the American Petroleum Institute (API), which is a leading industry association that sets standards for the oil and gas industry. The API-936 Certification Exam tests the knowledge and skills of the individuals in the field of refractory materials and their application in various industrial processes.

API-936 (Refractory Personnel) Certification Exam is an internationally recognized certification program designed for individuals who work with refractory materials in various industries such as petrochemical, power generation, and cement manufacturing. Refractory Personnel certification exam is developed and administered by the American Petroleum Institute (API), which is a leading organization in the oil and gas industry that sets standards for various aspects of the industry.

API Refractory Personnel Sample Questions (Q22-Q27):

NEW QUESTION # 22

The welding method utilizing an arc-welding machine in conjunction with a timer and a gun is called

- A. None of the above
- B. Footed anchor
- C. Stud weld
- D. V-anchor

Answer: C

NEW QUESTION # 23

Brick, tile, fired shapes and fused cast shapes are

- A. refractory fiber
- B. all above
- C. unshaped refractory
- D. shaped refractory

Answer: D

NEW QUESTION # 24

The most commonly used binder for refractory concrete is

- A. all of the above
- B. calcium aluminate cement
- C. cements
- D. silicates

Answer: B

NEW QUESTION # 25

Plastic refractories with a workability index below the manufacturer's minimum required value shall be:

- A. subject to additional production sample testing.
- B. accepted if the material is still workable.
- C. subject to requalification or discard.
- D. mix with additional water or activator.

Answer: C

Explanation:

API Std 936 is very specific about the consequences of failing workability index tests:

"Plastic refractory material that fails to meet the minimum manufacturer's workability index shall be subject to requalification testing or discarded."

- API Std 936, Section 6.4.6

No provision is made for adding water or extending mixing, as this would compromise material performance.

Thus:

A is correct.

B and C violate the standard.

D is not a prescribed corrective action in this case.

NEW QUESTION # 26

The physical attributes testing of manufactured bricks during pre-shipment testing shall require a minimum Acceptable Quality Limit (AQL) of:

- A. 5%
- B. 4%
- C. 10%
- D. 1%

Answer: A

Explanation:

API 936 mandates specific AQL values during pre-shipment testing:

"Physical property test results shall meet the specified requirements with a minimum AQL of 5.0 percent."

- API Std 936, Section 5.2.4

Hence, the correct AQL for physical property verification of pre-shipment brick testing is 5%.

NEW QUESTION # 27

.....

Web-based Refractory Personnel (API-936) practice exam is a convenient format to evaluate and improve preparation for the exam. It is a API-936 browser-based application, which means you can access it from any operating system with an internet connection and a web browser. Unlike the desktop-based exam simulation software, the Refractory Personnel (API-936) browser-based practice test requires no plugins and software installation. It makes the API API-936 online practice exam a perfect tool for those who do not want to go through complicated software installation on their device.
