Order MB-240 exam questions now and get excellent these offers.

Microsoft Dynamics 365 Field Service Functional Consultant Sample Questions (Q82-Q87):

NEW QUESTION # 82

Your organization wants to roll out a preventive maintenance offer to select existing customers to help improve customer satisfaction and service revenue.

As part of this initiative, your organization wants to provide some specific customers with a one (1) year 10% discount on all work order products and services based on a preset price list.

You need to ensure that this discount is applied dynamically upon creation of a relevant work order.

Solution: Create a price list with the associated products and services, and use this price list while creating an entitlement. Then, specify the discount percentage in the entitlement for each customer.

Does this meet the goal?

- A. No
- B. Yes

Answer: B

NEW QUESTION # 83

Drag and Drop Question

You are implementing Dynamic 365 Field Service for a customer.

You need to implement push notifications to the Field Service Mobile app to send proactive communications to the assigned technicians in real-time.

Which three actions should you perform in the Power Automate Cloud Flow in sequence? To answer, move the three appropriate actions from the list of actions to the answer area. Arrange the three actions in the correct order.

Actions	Order
Use the Send Push Notification action to configure the notification.	
Identify the user who is using the Field Service Mobile app.	
Identify the user who owns the booking.	
Use the Send Push Notification V2 action to configure the notification.	
Ensure the resource on the booking is a user.	
Retrieve the mobile phone number of the user assigned to the booking.	

Microsoft

Answer:

Explanation:

Actions

Use the **Send Push Notification** action to configure the notification.

Order

Identify the user who owns the booking.

Identify the user who is using the Field Service Mobile app.

Use the **Send Push Notification V2** action to configure the notification.

Ensure the resource on the booking is a user.

Retrieve the mobile phone number of the user assigned to the booking.

NEW QUESTION # 84

You are a Microsoft Dynamics 365 Field Service dispatcher.

You need to implement a capability within the schedule board to allow you to find resources for a work order.

The work order can be done by any resource with the right piece of equipment, who is available at 9:00 A.M. during a selected week.

Which four actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

Actions

- Create a new requirement group.
- Book the requirement with the scheduling assistant.
- Create a requirement group template.
- Associate an incident type to the requirement group template.
- Add the incident type to a work order.
- Book the work order.

Order

Answer:

Explanation:

Actions

- Create a new requirement group.
- Book the requirement with the scheduling assistant.
- Create a requirement group template.
- Associate an incident type to the requirement group template.
- Add the incident type to a work order.
- Book the work order.

Order

- Create a requirement group template.
- Associate an incident type to the requirement group template.
- Add the incident type to a work order.
- Book the work order.

Explanation:

Actions

- Create a new requirement group.
- Book the requirement with the scheduling assistant.

Order

- Create a requirement group template.
- Associate an incident type to the requirement group template.
- Add the incident type to a work order.
- Book the work order.

NEW QUESTION # 85

You are a Dynamics 365 for Field Service Administrator.

You need to add two compressor sub-components to one of the refrigerator customer assets, in the environment and set up the sub-components for the customer asset.

What must you do to properly set up the assets?

- A. Add the compressor sub-components as sub-assets on the refrigerator customer asset record.
- B. Add the compressor sub-components as customer asset records.
- C. Set the Master Asset on the sub-components to the refrigerator Customer Asset record.
- D. Click View Hierarchy on the refrigerator customer asset record.

Answer: C

NEW QUESTION # 86

You work for a digital billboard manufacturing company. When manufacturing is completed, the new digital billboards are shipped to a client site for installation. As the dispatcher for your company, you need to identify and schedule the different resources that are required to complete the installation of the digital billboard.

The installation of a billboard is a complicated process and requires a large team of resources all with different skills. These installations occur frequently, so you want to dispatch the resources for installations as efficiently as possible.

You need to configure multi-resource scheduling.

Which three steps should you perform, in sequence, to enable the multi-resource scheduling? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

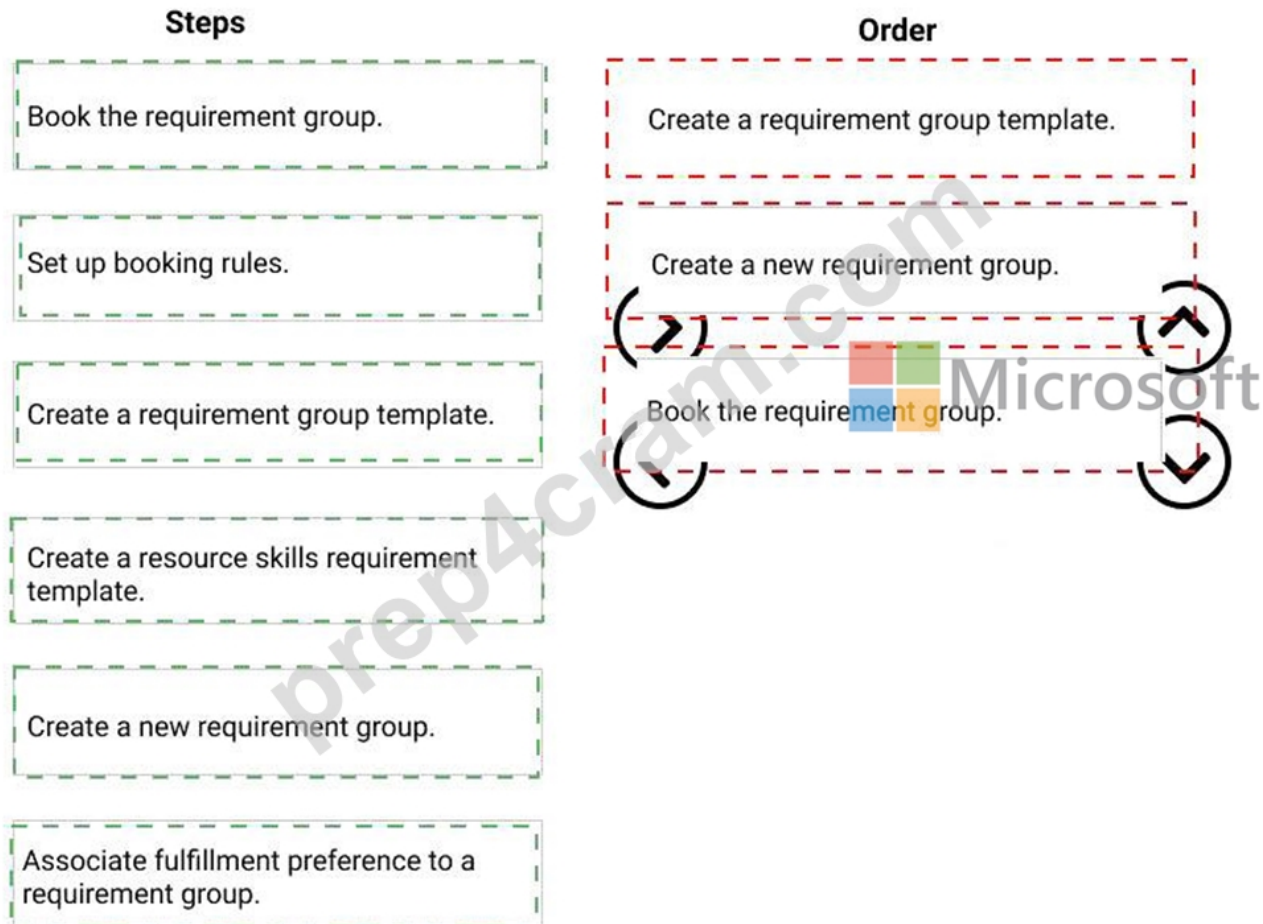

Select and Place:

Steps	Order
Book the requirement group.	
Set up booking rules.	
Create a requirement group template.	
Create a resource skills requirement template.	
Create a new requirement group.	
Associate fulfillment preference to a requirement group.
