

# Quiz 2026 Latest SolarWinds Exam Hybrid-Cloud-Observability-Network-Monitoring Actual Tests

Prep4sureGuide also offers the Hybrid-Cloud-Observability-Network-Monitoring web-based practice exam with the same characteristics as desktop simulation software but with minor differences. It is online SolarWinds Certification Exam which is accessible from any location with an active internet connection. This Hybrid Cloud Observability Network Monitoring Exam Hybrid-Cloud-Observability-Network-Monitoring Practice Exam not only works on Windows but also on Linux, Mac, Android, and iOS. Additionally, you can attempt the OMG Hybrid-Cloud-Observability-Network-Monitoring practice test through these browsers: Opera, Safari, Firefox, Chrome, MS Edge, and Internet Explorer.

Getting the Hybrid Cloud Observability Network Monitoring Exam (Hybrid-Cloud-Observability-Network-Monitoring) certification will highly expand your expertise. To achieve the Hybrid-Cloud-Observability-Network-Monitoring certification you need to prepare well. Hybrid-Cloud-Observability-Network-Monitoring exam dumps are a great way to assess your skills and abilities. Hybrid-Cloud-Observability-Network-Monitoring Questions can help you identify your strengths and weaknesses and better understand what you're good at. You should take a Hybrid-Cloud-Observability-Network-Monitoring Practice Exam to prepare for the Hybrid Cloud Observability Network Monitoring Exam (Hybrid-Cloud-Observability-Network-Monitoring) certification exam. With Hybrid-Cloud-Observability-Network-Monitoring exam preparation software, you can practice your skills and improve your performance.

## Exam Hybrid-Cloud-Observability-Network-Monitoring Actual Tests - Pass Guaranteed 2026 Hybrid-Cloud-Observability-Network-Monitoring: Hybrid Cloud Observability Network Monitoring Exam First-grade Reliable Test Simulator

If you buy our Hybrid-Cloud-Observability-Network-Monitoring practice prep, you will get more than just a question bank. You will also get our meticulous after-sales service. The purpose of the Hybrid-Cloud-Observability-Network-Monitoring study materials' team is not to sell the materials, but to allow all customers who have purchased Hybrid-Cloud-Observability-Network-Monitoring Exam Materials to pass the exam smoothly. And if you have any question about our Hybrid-Cloud-Observability-Network-Monitoring training guide, our services will help you solve it in the first time.

## SolarWinds Hybrid Cloud Observability Network Monitoring Exam Sample Questions (Q116-Q121):

### NEW QUESTION # 116

What is the most efficient way to create a custom NetFlow view to access at a later time?

- A. Create the view from NetFlow settings and save to menu bar.
- **B. Create the view from flow navigator and save to the menu bar.**
- C. Create the view from flow navigator and click the submit button.
- D. Create the view from charting and graphing in NetFlow settings.

**Answer: B**

### NEW QUESTION # 117

It is noted in flow source view that some devices are showing "never received" in the last received flow column. It is verified that the flows are not being blocked by a firewall. What is the likely cause?

- A. interface is no longer monitored by the network monitoring features
- B. a primary field of data is missing and being dropped
- **C. node is no longer monitored by the monitoring features**
- D. flows are IPv6 and not supported by the network monitoring features

**Answer: C**

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:

If the flow source view in SolarWinds NTA shows "never received" and firewall issues are ruled out, it is often because the device (node) is no longer monitored by SolarWinds. If a node is removed or its monitoring is disabled, the collector will not associate incoming flows from that node, resulting in "never received" status.

Reference:

"If a node is no longer monitored in SolarWinds, the NTA will not process any flows received from that node, and the flow source view will display 'never received'."

- (Network Performance Monitor Administrator Guide, NetFlow Troubleshooting and Monitoring Status section)

### NEW QUESTION # 118

Which two of the following authentication methods are supported when configuring a database log collection in hybrid cloud observability? (Choose two.)

- **A. mixed mode**
- B. oAUTH
- C. Kerberos
- **D. Windows**

**Answer: A,D**

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:

When configuring database log collection (e.g., from SQL Server), SolarWinds supports:

Mixed mode authentication (SQL Server and Windows authentication)

Windows authentication

Kerberos and oAUTH are not supported directly as authentication methods for log collection from SQL Server databases in the SolarWinds platform.

References:

Log Analyzer Administrator Guide: Supported Authentication for Database Log Collection

### NEW QUESTION # 119

From which two of the following locations can the status of the flow collector service be checked? (Choose two.)

- A. NetFlow settings
- B. Flow and CBQoS sources
- C. NetFlow collector services
- D. Top XX receivers

**Answer: A,C**

Explanation:

You can check the status of the flow collector service from the NetFlow collector services section and from NetFlow settings in the SolarWinds web console. These locations provide service health, up/down status, and logs. "Flow and CBQoS sources " and " Top XX receivers " do not display service health.

Reference:

" Check the status of the NetFlow collector service in the NetFlow collector services view and in the NetFlow settings page of the SolarWinds web console. "

- (Network Performance Monitor Administrator Guide, NetFlow Service Monitoring section)

### NEW QUESTION # 120

Which two of the following locations can hardware health be enabled? (Choose two.)

- A. main settings
- B. asset inventory
- C. manage MIB
- D. list resources

**Answer: C,D**

### NEW QUESTION # 121

.....

If you want to participate in the IT industry's important SolarWinds Hybrid-Cloud-Observability-Network-Monitoring examination, it is necessary to select Prep4sureGuide SolarWinds Hybrid-Cloud-Observability-Network-Monitoring exam training database. Through SolarWinds Hybrid-Cloud-Observability-Network-Monitoring examination certification, you will be get a better guarantee. In your career, at least in the IT industry, your skills and knowledge will get international recognition and acceptance. This is one of the reasons that why lot of people choose SolarWinds Hybrid-Cloud-Observability-Network-Monitoring certification exam. So this exam is increasingly being taken seriously. So this exam is increasingly being taken seriously. Prep4sureGuide SolarWinds Hybrid-Cloud-Observability-Network-Monitoring Exam Training materials can help you achieve your aspirations. Prep4sureGuide SolarWinds Hybrid-Cloud-Observability-Network-Monitoring exam training materials are produced by the experienced IT experts, it is a combination of questions and answers, and no other training materials can be compared. You do not need to attend the expensive training courses. The SolarWinds Hybrid-Cloud-Observability-Network-Monitoring exam training materials of Prep4sureGuide add to your shopping cart please. It is enough to help you to easily pass the exam.
