Focusing on continuous environmental performance improvement (A),

Allowing proof of compliance with environmental legislation (C),

Enhancing reputation and stakeholder trust (D).

Which ONE of the following best exemplifies a competitive advantage?

- **A. Delivering products faster and with more accessibility than competitors**
- B. Employee uniforms
- C. Temporarily undercutting a competitor's already low prices
- D. A business with a good reputation

Answer: A

Explanation:

Choice C- This option represents a competitive advantage. Faster delivery and better accessibility can enhance customer satisfaction and loyalty, leading to increased sales. Therefore C is the correct answer.

Incorrect answer:

Choice A- Reputation is not a competitive advantage. However, if a business does something very well then it may gain a strong reputation giving it a competitive advantage.

Choice B- This strategy is not a sustainable competitive advantage. While it may attract customers in the short term, it can lead to price wars and does not provide a long-term benefit. Eventually, competitors may match or undercut those prices, resulting in no lasting advantage.

Choice D- Employee Uniforms do not contribute to competitive advantage. They may enhance brand image or create a professional appearance but do not offer a distinct advantage that impacts costs or product attractiveness directly. Employee Uniforms mainly serve a functional role without directly impacting competitive strategies.
