ASIS-PSP (Physical Security Professional) Certification Exam is a rigorous and comprehensive test designed to assess the knowledge, skills, and expertise of security professionals pertaining to the physical security domain. Physical Security Professional Exam certification is awarded by ASIS International, the world's largest membership organization for security management professionals. The ASIS-PSP exam is ideal for individuals who seek to demonstrate their proficiency in designing, implementing, and managing physical security measures in various settings, including commercial, industrial, governmental, and other environments.

ASIS-PSP certification program provides an excellent opportunity for security professionals to expand their skill set and demonstrate their commitment to their profession. Physical Security Professional Exam certification sets individuals apart from non-certified peers and demonstrates that they have the knowledge and skills necessary to manage physical security programs effectively. Furthermore, the certification program provides security professionals with the tools necessary to develop an advanced security program that reduces risks, enhances safety, and protects assets.

ASIS-PSP certification exam covers a wide range of topics related to physical security, including physical security assessment, security system design, security operations, and emergency management. ASIS-PSP Exam is based on a comprehensive body of

knowledge that has been developed by industry experts and practitioners over many years. ASIS-PSP exam consists of 125 multiple-choice questions, which must be completed within four hours.

### ASIS Physical Security Professional Exam Sample Questions (Q213-Q218):

#### NEW QUESTION # 213

A system of discussion groups in which individual articles are distributed throughout the world is called:

- A. Telnet
- B. Web net
- C. Widespread net
- **D. Usenet**

**Answer: D**

Explanation:

Usenet is a global distributed discussion system that predates modern forums and social media. It operates through a network of servers and allows users to post and read messages (articles) in organized newsgroups. It 's one of the oldest forms of online community interaction.

Telnet (B) is a protocol for remote login.

Widespread net (C) and Web net (D) are not recognized technical terms.

#### NEW QUESTION # 214

The demographics of an ongoing police and security force at the \_\_\_\_\_ create opportunities for advancement.

- **A. Management level**
- B. Company Level
- C. Advance level
- D. Personal level

**Answer: A**

#### NEW QUESTION # 215

Which of the following is the most widely accepted classification of skills for the leadership?

- A. Skill Mix
- **B. All of the above**
- C. Conceptual
- D. Human relations

**Answer: B**

#### NEW QUESTION # 216

A solicitation by police officers is another charge that may be leveled against security officers is called:

- A. Wrongful death
- B. Criminal liability
- C. Entrapment
- D. Verdict Act

**Answer: C**

Explanation:

Entrapment occurs when a law enforcement officer or someone acting in that capacity induces a person to commit a crime that they otherwise would not have committed. This can be a serious legal defense and may also apply to security officers acting beyond their scope by soliciting or encouraging unlawful behavior, especially if they're working closely with law enforcement.

Criminal liability (A) is too broad.

Wrongful death (B) and Verdict Act (C) are unrelated to this scenario.

### NEW QUESTION # 217

An examination of persons and/or their property for the purpose of discovering evidence of guilt in relation to some specific offense is known as:

- A. Research
- B. Test
- C. Examine
- D. Search

**Answer: D**

Explanation:

A search is a legal and systematic examination of a person, place, or property with the intent to discover evidence of a crime. This must often be supported by probable cause and, in many cases, a warrant.

Examine (A), Test (B), and Research (C) are generic terms that lack the legal context and specificity of "Search."
