## Salesforce Certified Experience Cloud Consultant Sample Questions (Q65-Q70):

### NEW QUESTION # 65

DreamHouse Reality (DR) is looking to enter the insurance business. After discussing with business advisor, DR has decided to use independent agents to manage claims.

Which two feature are available for DR to implement a solution involving insurance agent persona?

Choose 2 answers

- A. Financial Services Community permission set license
- B. Insurance agent permission set license
- C. Financial Services Lightning template
- D. Insurance Agent Portal Lightning template

**Answer: A,D**

### NEW QUESTION # 66

Bloomington Caregivers (BC) has created a customer Experience site using Experience Cloud that gives customers the ability to pay this, manage appointments, and open cases with support. BC also has a partner Experience site on Experience Cloud. The company's leadership has now decided to extend access to the customer Experience site to its partners and internal Salesforce users so they can collaborate more effectively.

What is the recommended way to add partners and internal users to the customer Experience site?

- A. Configure SSO between the partner site and customer site so partners get access. Also configure SSO between internal org and the customer site so internal users get access to the customer site.
- B. Add the existing partner profiles and internal user profiles to the customer Experience site; this will automatically give users access to the customer site.
- C. Create business accounts for partners and internal users, enable the accounts as customers, and then create users under these accounts by creating contacts.
- D. Enable the partner accounts and the internal accounts as customers; the users under these accounts will then automatically gain access to the customer site.

**Answer: D**

Explanation:

To add partners and internal users to the customer Experience site, the recommended way is to enable the partner accounts and the internal accounts as customers; the users under these accounts will then automatically gain access to the customer site. A customer account is an account that has the Is Customer checkbox enabled. This indicates that the account is part of your customer network and can access your customer Experience site. To enable an existing account as a customer, you need to edit the account record and check the Is Customer checkbox. This will automatically grant access to the customer site to all the users under that account, without creating new user records or profiles.

### NEW QUESTION # 67

The Cloud Kicks (CK) site administrator is onboarding a new partner to its Experience Cloud site. They have created the partner as an Account, added the required Contacts, and ensured that the Welcome Email selection is checked. However, upon review, the site administrator has found that none of the partner users were able to register.

What should the site administrator do to ensure they are able to set up partner users correctly?

- A. Double-check that the provided email addresses are correct.
- B. Double-check that the partner profile has been added to the CK site.
- **C. Ensure that the Contacts under the Account are enabled as partner users.**
- D. Ensure that the Account has been enabled as a partner Account.

**Answer: C**
