

# Pass Guaranteed Quiz Palo Alto Networks - NGFW-Engineer - Palo Alto Networks Next-Generation Firewall Engineer–Efficient Exam Questions And Answers

P.S. Free & New NGFW-Engineer dumps are available on Google Drive shared by Actual4test: <https://drive.google.com/open?id=1-Pq-JThGDMIRIF6uFPohvgviRM5NLSmn>

Take advantage of this golden opportunity, and download our Palo Alto Networks Next-Generation Firewall Engineer (NGFW-Engineer) updated exam questions to grab the most prestigious credential in one go. Actual4test has formulated the Palo Alto Networks Next-Generation Firewall Engineer (NGFW-Engineer) exam dumps in these three user-friendly formats: Palo Alto Networks Next-Generation Firewall Engineer (NGFW-Engineer) Web-Based Practice Test, Desktop Practice Exam Software, and NGFW-Engineer questions PDF file. You will find the specifications of these formats below to understand them properly.

To save you from loss of money and time, Actual4test is offering a product that is specially designed to help you pass the Palo Alto Networks Next-Generation Firewall Engineer (NGFW-Engineer) exam on the first try. The Palo Alto Networks NGFW-Engineer Exam Dumps is easy to use and very easy to understand, ensuring that it is student-oriented. You can choose from 3 different formats available according to your needs. The 3 formats are desktop NGFW-Engineer Practice Test software, web-based Palo Alto Networks Next-Generation Firewall Engineer (NGFW-Engineer) practice exam, and NGFW-Engineer dumps PDF format.

## Palo Alto Networks NGFW-Engineer Free Exam Questions - NGFW-Engineer Prep Guide

When dealing with any kind of exams, the most important thing is to find a scientific way to review effectively. Our NGFW-Engineer practice materials compiled by the most professional experts. Till now, we have over tens of thousands of customers around the world supporting our NGFW-Engineer exam torrent. If you are unfamiliar with our NGFW-Engineer Study Materials, please download the free demos for your reference. To some unlearned exam candidates, you can master necessities by our NGFW-Engineer practice materials quickly So our materials are elemental materials you cannot miss.

### Palo Alto Networks NGFW-Engineer Exam Syllabus Topics:

Topic	Details

Topic 1	<ul style="list-style-type: none"> <li>• <b>PAN-OS Device Setting Configuration:</b> This section evaluates the expertise of System Administrators in configuring device settings on PAN-OS. It includes implementing authentication roles and profiles, and configuring virtual systems with interfaces, zones, routers, and inter-VSYS security. Logging mechanisms such as Strata Logging Service and log forwarding are covered alongside software updates and certificate management for PKI integration and decryption. The section also focuses on configuring Cloud Identity Engine User-ID features and web proxy settings.</li> </ul>
Topic 2	<ul style="list-style-type: none"> <li>• <b>PAN-OS Networking Configuration:</b> This section of the exam measures the skills of Network Engineers in configuring networking components within PAN-OS. It covers interface setup across Layer 2, Layer 3, virtual wire, tunnel interfaces, and aggregate Ethernet configurations. Additionally, it includes zone creation, high availability configurations (active</li> <li>• active and active</li> <li>• passive), routing protocols, and GlobalProtect setup for portals, gateways, authentication, and tunneling. The section also addresses IPSec, quantum-resistant cryptography, and GRE tunnels.</li> </ul>
Topic 3	<ul style="list-style-type: none"> <li>• <b>Integration and Automation:</b> This section measures the skills of Automation Engineers in deploying and managing Palo Alto Networks NGFWs across various environments. It includes the installation of PA-Series, VM-Series, CN-Series, and Cloud NGFWs. The use of APIs for automation, integration with third-party services like Kubernetes and Terraform, centralized management with Panorama templates and device groups, as well as building custom dashboards and reports in Application Command Center (ACC) are key topics.</li> </ul>

## Palo Alto Networks Next-Generation Firewall Engineer Sample Questions (Q43-Q48):

### NEW QUESTION # 43

Which type of firewall resource can be assigned when configuring a new firewall virtual system (VSYS)?

- A. Sessions limit
- B. Memory
- C. ICPU
- D. Security profile limit

**Answer: A**

Explanation:

When configuring a new firewall virtual system (VSYS) on a Palo Alto Networks firewall, one of the resources that can be assigned is the sessions limit. This setting allows the administrator to control the number of active sessions that can be handled by the VSYS, ensuring that each virtual system has an appropriate allocation of resources based on its needs.

### NEW QUESTION # 44

Which zone type allows traffic between zones in different virtual systems (VSYS), without the traffic leaving the firewall?

- A. Internal
- B. External
- C. Isolated
- D. Transient

**Answer: D**

Explanation:

The Transient zone type is used to allow traffic between zones in different virtual systems (VSYS) on a Palo Alto Networks firewall without the traffic leaving the firewall. It provides a way for virtual systems to communicate with each other by acting as a temporary or intermediary zone. Traffic can pass through the firewall between the virtual systems without requiring physical interfaces or leaving the device.

#### NEW QUESTION # 45

For which two purposes is an IP address configured on a tunnel interface? (Choose two.)

- A. Use of dynamic routing protocols
- B. Tunnel monitoring
- C. Use of peer IP
- D. Redistribution of User-ID

**Answer: A,B**

Explanation:

Use of dynamic routing protocols: An IP address is needed on the tunnel interface to participate in dynamic routing protocols (like OSPF, BGP, etc.) over the tunnel. This allows the firewall to advertise routes and receive updates over the tunnel.

Tunnel monitoring: The IP address on the tunnel interface can also be used for monitoring the tunnel's status. Tunnel monitoring (such as IPSec tunnel monitoring) requires an IP address on the tunnel interface to check the health and availability of the tunnel.

#### NEW QUESTION # 46

When integrating Kubernetes with Palo Alto Networks NGFWs, what is used to secure traffic between microservices?

- A. Panorama role-based access control
- B. CN-Series firewalls
- C. Service graph
- D. Ansible automation modules

**Answer: B**

Explanation:

When integrating Kubernetes with Palo Alto Networks NGFWs, the CN-Series firewalls are specifically designed to secure traffic between microservices in containerized environments. These firewalls provide advanced security features like Application Identification (App-ID), URL filtering, and Threat Prevention to secure communication between containers and microservices within a Kubernetes environment.

#### NEW QUESTION # 47

Which statement applies to the relationship between Panorama-pushed Security policy and local firewall Security policy?

- A. Panorama post-rules can be configured to be evaluated before local firewall policy for the purpose of troubleshooting.
- B. When a policy match is found in a local firewall policy, if any Panorama shared post-rule is configured, it will still be evaluated.
- C. The order of policy evaluation can be configured differently in different device groups.
- D. Local firewall rules are evaluated after Panorama pre-rules and before Panorama post-rules.

**Answer: D**

Explanation:

Local firewall rules are evaluated after Panorama pre-rules (those applied before the firewall's local policies) and before Panorama post-rules (those applied after the firewall's local policies). This ensures that the local firewall rules do not override the central Panorama policy and are only applied in the appropriate order within the policy evaluation sequence.

#### NEW QUESTION # 48

.....

Best practice indicates that people who have passed the NGFW-Engineer exam would not pass the exam without the help of the NGFW-Engineer study materials. So the study materials will be very important for all people. If you also want to pass the exam and get the related certification in a short, the good study materials are the best choice for you. Now we are going to make an introduction about the NGFW-Engineer Study Materials from our company for you. We sincerely hope that our study materials will help you achieve your dream.
