The Fundamentals-of-Crew-Leadership web-based practice exam is compatible with all browsers and operating systems.

NCCER Module 46101 Fundamentals of Crew Leadership Sample Questions (Q14-Q19):

NEW QUESTION # 14

Who does the crew leader typically report directly to on a construction site?

- A. safety manager
- B. architect
- C. owner
- **D. superintendent**

Answer: D

Explanation:

The crew leader, as a first-line supervisor, is directly responsible for the activities of the work crew and typically reports to the superintendent or general foreman on the construction site. This individual oversees multiple crews and is responsible for the overall progress and coordination of the work. (Fundamentals of Crew Leadership, Fourth Edition, NCCER, Section 1.2.1 Reporting Structure)

NEW QUESTION # 15

Site changes in the original design that are made during construction are documented in the

- A. project schedule
- **B. as-built drawings.**
- C. takeoff sheet.
- D. job specifications.

Answer: B

Explanation:

Changes made to the original design during the construction process are formally documented in the as-built drawings (C), also known as record drawings. These drawings reflect the actual dimensions, layout, and specifications of the completed project. The takeoff sheet (A) is used for quantity estimation, the project schedule (B) outlines timelines, and job specifications (D) detail the required materials and workmanship.

(Fundamentals of Crew Leadership, Fourth Edition, NCCER, Section 4.3.4 Project Documentation)

NEW QUESTION # 16

What is one of the many traits effective leaders should have?

- A. the motivation to carry the workload alone in order to achieve a goal
- B. a perfectionist nature that ensures they will not make mistakes
- **C. the ability to communicate the goals of a project**
- D. the ability to make decisions without listening to the opinions of others

Answer: C

Explanation:

Effective leaders possess strong communication skills, including the ability to communicate the goals of a project (A) clearly and concisely to their team. A perfectionist nature (B) can lead to micromanagement and hinder progress. Leaders should empower their team, not try to carry the workload alone (C). While decisiveness is important, effective leaders also value input from their team members (D). (Fundamentals of Crew Leadership, Fourth Edition, NCCER, Section 1.1.2 Characteristics of Effective Leaders)

NEW QUESTION # 17

What is one good way to prevent sexual harassment in the workplace?

- A. Increase the victim's compensation.
- B. Improve employee screening methods.
- C. Promote the victim to a new job.
- **D. Establish a no-tolerance policy.**

Answer: D

Explanation:

One of the most effective ways to prevent sexual harassment is to establish a no-tolerance policy (A) that clearly defines prohibited conduct, outlines reporting procedures, and ensures prompt and thorough investigation of complaints. Promoting the victim (B) or increasing their compensation (C) does not address the harassment itself. While improved employee screening (D) might help, a clear policy and consistent enforcement are crucial. (Equal Employment Opportunity Commission (EEOC) guidelines; Fundamentals of Crew Leadership, Fourth Edition, NCCER, Section 2.3.2 Preventing Harassment)

NEW QUESTION # 18

A crew of electricians is needed to run 1,000 feet of conduit, and the estimator determined that two electricians could complete the job in an eight-hour day. What is the required productivity rate per person for the conduit install?

- A. 150 feet per hour
- B. 130 feet per hour
- C. 31.25 feet per hour
- **D. 62.5 feet per hour**

Answer: D

Explanation:

Productivity rate is calculated by dividing the total output by the total input (in this case, labor hours).

Total labor hours = 2 electricians * 8 hours/day = 16 labor hours

Productivity rate = Total conduit / Total labor hours = 1000 feet / 16 hours = 62.5 feet per hour per person.

(Fundamentals of Crew Leadership, Fourth Edition, NCCER, Section 4.4.1 Understanding Productivity Rates)

NEW QUESTION # 19

.....

I know that you are already determined to make a change, and our Fundamentals-of-Crew-Leadership exam materials will spare no effort to help you.
