## Peoplecert ITIL 4 Leader: Digital & IT Strategy Exam Sample Questions (Q28-Q33):

### NEW QUESTION # 28

An organization identified activities that are performed by many different people who follow detailed procedures to ensure they carry out all the steps. The procedures are very clear, and if staff follow the exact steps in the procedure then the results are always good, but this takes a lot of time.

- A. Complex automation
- **B. Simple automation**
- C. Technology replacement modernization
- D. Intelligent automation

**Answer: B**

Explanation:

Simple automation is about using technology to automate repetitive and standardized tasks that follow clear and detailed procedures. This can help reduce human errors, save time and resources, and improve efficiency and quality. Reference: ITIL 4 Leader: Digital and IT Strategy, page 63

### NEW QUESTION # 29

An external service provider is developing a new strategy for delivering social media services. The success of new services depends on high levels of customer satisfaction achieved through the highest level of support to users.

As part of an internal analysis, which factor is MOST important to consider to ensure that the service provider has the capability to provide the service?

- **A. Well-trained service desk staff with a broad set of skills**
- B. Employment laws affecting service provider staff
- C. A mixed demographic of users with varied levels of IT skills
- D. Knowledge and understanding of potential innovative technology

**Answer: A**

Explanation:

Well-trained service desk staff with a broad set of skills are an important factor to consider to ensure that the service provider has the capability to provide the service. They are the main point of contact for customers and users, and they need to be able to handle different types of requests, issues, and feedback. They also need to be able to support the highest level of support to users, which requires technical, communication, and problem-solving skills.
