### NEW QUESTION # 77

How can you define the relationship between business roles and business catalogs?

- A. A business catalog restricts access to one or more business roles.
- B. A business role restricts access to one or more business catalogs.
- C. A business role is a collection of one or more business catalogs.
- D. A business catalog is a collection of one or more business roles.

**Answer: B,C**

Explanation:

Based solely on learning.sap.com, here's how the relationship between business roles and business catalogs is defined:

\* C. A business role is a collection of one or more business catalogs.

A business role bundles together multiple catalogs, each containing apps, authorizations, and data access specific to that role
