# Exam JN0-105 Quizzes | New JN0-105 Exam Simulator

CHEMISTRY
SECTION : 1

This section contains 20 Multiple Choice Questions. Each question has 4 choices (A), (B), (C) and (D), out of which ONLY ONE CHOICE is correct.

31. Given two statements below:
Statement I : In molecule the covalent radius is double of the atomic radius of chlorine. 2 Cl
Statement II : Radius of anionic species is always greater than their parent atomic radius.
Choose the most appropriate answer from options given below:
(1) Both Statement I and Statement II are correct
(2) Both Statement I and Statement II are incorrect
(3) Statement I is correct but Statement II is incorrect
(4) Statement I is incorrect but Statement II is correct

32. Which of the following compounds is not aromatic?
(A)
(B)
(c)
(d)

33. Hemoglobin contains 0.34% of iron by mass. The number of Fe atoms in 3.3 g of hemoglobin is:
[Given : Atomic mass of Fe is 56 u, N_A =6.022 × 10^{23} mol^{-1}]
(1) 1.21 × 10^5
(2) 12.0 × 10^{16}
(3) 1.21 × 10^{20}
(4) 3.4 × 10^{22}

34. The metal complex that is diamagnetic is [Atomic number : Fe, 26; Cu, 29]
(1) $K_2[Cu(CN)_4]$
(2) $K_2[Cu(CN)_4]$
(3) $K_3[Fe(CN)_4]$
(4) $K_4[FeCl_4]$

You can enjoy the instant download of JN0-105 exam dumps after purchase so you can start studying with no time wasted. You can install our JN0-105 study file on your computer or other device as you like without any doubts. Because our JN0-105 test engine is virus-free, you can rest assured to use. What's more, the JN0-105 Questions and answers are the best valid and latest, which can ensure 100% pass. Our 24/7 customer service is available and you can contact us for any questions about Juniper practice dumps.

We promise that you can get through the challenge winning the JN0-105 exam within a week. There is no life of bliss but bravely challenging yourself to do better. So there is no matter of course. Among a multitude of JN0-105 practice materials in the market, you can find that our JN0-105 Exam Questions are the best with its high-quality and get a whole package of help as well as the best quality JN0-105 study materials from our services.

100% Pass 2026 Valid Juniper JN0-105: Exam Junos, Associate (JNCIA-Junos) Quizzes

By earning the Juniper JN0-105 certification, you may stop worrying about the bad things that might happen and instead concentrate on the advantages of making this decision and developing new skills that will increase your chances of landing your ideal job. You should start the preparations for the Juniper JN0-105 Certification Exam to improve your knowledge.

Juniper JN0-105 Exam Syllabus Topics:

Topic	Details
Topic 1	• Junos OS Fundamentals: It covers concepts, benefits, and functionality of the core elements of the Junos OS.
Topic 2	• Configuration Basics: Identification of the main elements for configuring Junos devices is discussed in this topic. Moreover, it describes configuring basic components of a Junos device
Topic 3	• Networking Fundamentals: The topic networking fundamentals covers identifying the concepts and functionality of different fundamental elements of networking.
Topic 4	• Operational Monitoring and Maintenance: Different methods of monitoring or maintaining Junos devices are identified in this topic. Lastly, it discusses monitoring or maintenance procedures for a Junos device.
Topic 5	• Routing Policy and Firewall Filters: The topic of Routing Policy and Firewall Filters covers routing policy and firewall filters on Junos devices. Furthermore, the topic also deals with routing policies and firewall filters on a Junos device.

Juniper Junos, Associate (JNCIA-Junos) Sample Questions (Q49-Q54):

NEW QUESTION # 49
When considering routing policies, which two statements are correct? (Choose two.)

- A. Policy terms are evaluated from top to bottom with the most restrictive action taken of all the matching terms.
- B. An import routing policy for BGP determines which received prefix advertisements are placed in the routing information base.
- C. Routing policies are applied to interfaces as input or export filters.
- D. Policy terms are evaluated from top to bottom with action taken on the first match found.

Answer: B,D

Explanation:
Routing policies in Junos OS are crucial for controlling route advertisements and path selection. The correct answers are B and C. An import routing policy for BGP determines which received prefix advertisements are placed in the routing information base (RIB), and policy terms are evaluated from top to bottom, with action taken on the first match found. This sequential evaluation allows for precise control over routing decisions.

NEW QUESTION # 50
You are creating a new policy to accept and redistribute routes into your IGP.
In this scenario, which match criteria would you use to identify the route prefixes to select?

- A. route-filter
- B. instance
- C. route-type
- D. neighbor

Answer: A

Explanation:
When creating a new policy to accept and redistribute routes into your Interior Gateway Protocol (IGP), the route-filter match criteria is used to identify the route prefixes to select. The route-filter statement specifies which prefixes should be matched in a policy. This allows for precise control over which routes are accepted and redistributed, facilitating efficient and secure routing policies within the network.
Reference:
"show | display set | match ge-0/0/2" indicating command examples and match criteria from Useful Juniper Commands.txt.
Juniper official documentation: Routing Policy and Firewall Filters Configuration Guide.

NEW QUESTION # 51
Which two actions does the configure exclusive command perform? (Choose two.)

- A. It always discards uncommitted changes
- B. It retains uncommitted changes in the candidate configuration
- C. It allows up to 32 specified users to be in configuration mode simultaneously
- D. It enables only a single user to edit the configuration

Answer: B,D

Explanation:
Junos OS supports three types of configuration sessions:
* Configure exclusive: allows only one user to enter configuration mode. This prevents conflicts. If uncommitted changes exist from a previous session, they are retained.
* Configure private: allows multiple users to edit simultaneously, each with their own candidate copy.
* Configure (default/shared): multiple users can edit the same candidate configuration at once.
Thus, configure exclusive:
Retains uncommitted changes in the candidate configuration.
Permits only one user to edit at a time.
From Junos OS Fundamentals:
"The configure exclusive command allows a single administrator to lock the configuration. Uncommitted changes remain intact until committed or discarded." References:
Juniper TechLibrary - Configuration Sessions
JNCIA-Junos Exam Objective: User Interface Options

NEW QUESTION # 52
Which statement is correct concerning exception traffic processing?

- A. Exception traffic is rate-limited to protect the RE.
- B. Exception traffic is always dropped during congestion.
- C. Exception traffic is discarded by the PFE.
- D. Exception traffic is never forwarded.

Answer: A

Explanation:
Exception traffic refers to packets that the Packet Forwarding Engine (PFE) cannot process normally and must be forwarded to the Routing Engine (RE) for further processing. This includes packets destined for the router itself or packets needing special handling that the PFE cannot provide. To protect the RE from being overwhelmed by such traffic, which could potentially impact the router's control plane functions, exception traffic is rate-limited. This means that there's a threshold to how much exception traffic can be sent to the RE, ensuring that the router's critical management and control functions remain stable and responsive even during high traffic volumes or attacks.

NEW QUESTION # 53
Which prompt indicates that you are using configuration mode?

- A. %
- B. #
- C. $
- D. >

Answer: B

Explanation:
In Junos OS, the # prompt indicates that you are in configuration mode. This mode is used for making changes to the configuration of the device.

NEW QUESTION # 54

......

The passing rate of our products is the highest. Many candidates can also certify for our Juniper JN0-105 study materials. As long as you are willing to trust our Juniper JN0-105 Preparation materials, you are bound to get the Juniper JN0-105 certificate. Life needs new challenge. Try to do some meaningful things.
