Valid Test CMMC-CCA Testking, CMMC-CCA Latest Exam Fee

Why is Itcertking Cyber AB CMMC-CCA certification training so popular, especially among the same trade? Firstly, we really know what the candidates need. Secondly, Our Itcertking Cyber AB CMMC-CCA dumps are concerned on one thing only – how to help the candidates to pass Cyber AB CMMC-CCA test. Thirdly, Our Itcertking Cyber AB CMMC-CCA study guide is very technical and original. We provide you with the latest test questions and test answers. And the price is very cost-effective.

Cyber AB Certified CMMC Assessor (CCA) Exam Sample Questions (Q65-Q70):

NEW QUESTION # 65

An OSC has a headquarters (HQ) site and satellite offices A and B. The two satellite offices are connected to the HQ through a VPN. CUI is stored within the HQ LAN room and used by staff at HQ and Site A. When categorizing assets for this assessment,

assets at the HQ:

- A. and Site A contain CUI assets and Site B contains only Certification in Risk Assurance.
- B. contain CUI assets and Site A and Site B contain only Certification in Risk Management Assurance.
- **C. and Site A contain CUI assets and Site B is out of scope.**
- D. and Site A and Site B contain CUI assets since all have access to CUI.

Answer: C

Explanation:

In CMMC scoping, assets are categorized based on where CUI is processed, stored, or transmitted.

According to the CMMC Scoping Guide for Level 2, if CUI is only stored and used in HQ and Site A, those locations contain CUI Assets. Since Site B neither stores, processes, nor transmits CUI, its assets are considered Out of Scope.

Exact extracts:

* "CUI Assets are those that store, process, or transmit CUI."

* "Assets that do not process, store, or transmit CUI, and cannot provide access to CUI, are considered Out-of-Scope."

* "Only those assets in the scope of CMMC assessment will be evaluated against practices." Why the other options are incorrect:

* B: Site B has VPN connectivity, but if it does not use or process CUI, its assets remain out of scope.

Connectivity alone does not bring it into scope.

* C/D: The terms "Certification in Risk Management Assurance" are not valid CMMC asset categories.

References (CCA documents / Study Guide):

* CMMC Assessment Scope - Level 2 Scoping Guide (CUI Assets, Out-of-Scope Assets).

NEW QUESTION # 66

You are a Lead Assessor working with your C3PAO to conduct a CMMC Assessment for an OSC. During the preparation and planning phase, you meet with the OSC's Assessment Official to identify the resources and schedule for the upcoming assessment. Together, you review the OSC's pre-assessment information to estimate the level of effort required. You then collaborate to determine the specific resources needed, including the Assessment Team members, facilities, and any support personnel from the OSC. You also discuss scheduling factors like duration, key activities, and potential constraints. Based on these discussions, you develop a Rough Order of Magnitude (ROM) cost estimate and a proposed daily schedule for the assessment activities. Which of the following is not a requirement when identifying resources and schedules?

- A. Identifying potential triggers for replanning or updating the assessment plan.
- B. Recording the facilities to be used and their configurations.
- **C. Negotiating the pricing structure of the contract with the OSC.**
- D. Documenting the names and roles of all assessment participants.

Answer: C

Explanation:

Comprehensive and Detailed in Depth Explanation:

The CAP requires resource and schedule documentation (Options A, B, D), but contract pricing negotiation (Option C) is a C3PAO task, not a Lead Assessor requirement.

Extract from Official Document (CAP v1.0):

* Section 1.5 - Assessment Planning (pg. 16): "Identify participants, facilities, and replanning triggers, but not negotiate contract pricing." References:

CMMC Assessment Process (CAP) v1.0, Section 1.5.

NEW QUESTION # 67

You were the Lead Assessor on a team that conducted a CMMC assessment for an OSC that passed and earned a CMMC L2 Certification. Meeting this requirement, the OSC bid on and won a DoD contract.

However, a rival company disputes the OSC's CMMC certification status in court. As part of the evidence, the court has directed you to release the assessment results and any evidence you might have relied on to arrive at the assessment results. Based on the CoPC, what action should you take in this situation?

- A. Release only a summary of the assessment results.
- B. Do not release the assessment results under any circumstances.
- **C. Release the assessment results.**
- D. Release the assessment results only after obtaining written permission from the OSC being assessed.

Answer: C

Explanation:

Comprehensive and Detailed in Depth Explanation:

The CoPC allows disclosure of assessment results when legally obligated, such as by a court order, overriding confidentiality unless Cyber AB permits otherwise. Option A (requiring OSC permission) is superseded by legal obligation. Option C (never releasing) violates the court order. Option D (summary) does not comply fully. Option B is required.

Extract from Official Document (CoPC):

* Paragraph 3.2(1) - Confidentiality (pg. 6): "Protect confidential customer data unless permitted in writing by the Cyber AB or required by a legal obligation to disclose the information." References:

CMMC Code of Professional Conduct, Paragraph 3.2(1).

NEW QUESTION # 68

During a CMMC Assessment, the assessor is determining if the Escort Visitors practice is MET. Personnel with which of the following responsibilities would be MOST appropriate to interview?

- A. Information technology management and operations
- B. Local access control and information security
- C. Repair and facilities maintenance
- D. Physical access control and information security

Answer: D

Explanation:

The Escort Visitors practice falls under Physical and Environmental Protection (PE.L2-3.10.3), which requires organizations to escort visitors and monitor visitor activity. To validate this, the assessor should interview personnel responsible for physical access control (security guards, facility access managers) and information security (to confirm integration with CUI protection requirements).

Exact Extracts:

* PE.L2-3.10.3: "Escort visitors and monitor visitor activity."

* Assessment Guide: "Interview personnel responsible for physical access control and security monitoring to confirm escort and visitor activity tracking."

* Assessment Objectives: Require evidence of visitor escorts, visitor logs, and monitoring practices.

Why the other options are not correct:

* A (Repair/maintenance): Not responsible for escort procedures.

* B (Local access control only): Missing the information security link, which ensures visitors cannot access CUI assets.

* D (IT management): IT is not responsible for escorting visitors in physical spaces.

References:

CMMC Assessment Guide - Level 2, Version 2.13: PE.L2-3.10.3 (pp. 154-156).

NIST SP 800-171A: Assessment procedures for visitor escort and monitoring.

NEW QUESTION # 69

You are a CCA working for a C3PAO that has entered into a contractual agreement to provide CMMC assessment services for an OSC. After validating the evidence, the C3PAO feels that the task is beyond its capabilities and informs the OSC that it cannot continue with the assessment. The C3PAO cites "insufficient workforce" as the reason. What principle of the CMMC CoPC has the C3PAO broken?

- A. Professionalism
- B. Respect for Intellectual Property
- C. Information Integrity
- D. Adherence to Materials and Methods

Answer: A

Explanation:

Comprehensive and Detailed in Depth Explanation:

Withdrawing after agreeing to a contract due to workforce issues breaches Professionalism (Option C).

Options A, B, and D are unrelated.

Extract from Official Document (CoPC):

* Paragraph 2.1 - Professionalism (pg. 4): "Fulfill all commitments of contractual agreements with the OSC." References:

CMMC Code of Professional Conduct, Paragraph 2.1.

NEW QUESTION # 70

.....

When you know you will enjoy one year free update after purchase, you may consider how to get the latest Cyber AB CMMC-CCA exam torrent. Here, we will tell you, the Itcertking system will send the update CMMC-CCA exam dumps to you automatically. You can pay attention to your payment email.
