

# NLN NEX PDF Questions [2026] - Make Your Aspirations Profitable

This certification gives us more opportunities. Compared with your colleagues around you, with the help of our NEX preparation questions, you will also be able to have more efficient work performance. Our NEX study materials can bring you so many benefits because they have the following features. I hope you can use a cup of coffee to learn about our NEX training engine. Perhaps this is the beginning of your change.

Our valid NEX exam dumps will provide you with free dumps demo with accurate answers that based on the real exam. These NEX real questions and answers contain the latest knowledge points and the requirement of the certification exam. High quality and accurate of NEX Pass Guide will be 100% guarantee to clear your test and get the certification with less time and effort.

## **NLN NEX Exam | NEX Trustworthy Pdf - Money Back Guaranteed of NEX Sample Test Online**

Our NEX learning guide is for the world and users are very extensive. In order to give users a better experience, we have been constantly improving. The high quality and efficiency of NEX test guide has been recognized by users. The high passing rate of NEX Exam Training is its biggest feature. As long as you use NEX test guide, you can certainly harvest what you want thing.

## **NLN Nursing Entrance Exam (Math, Science and Verbal) Sample Questions (Q53-Q58):**

### NEW QUESTION # 53

Reading Comprehension

Passage:

Health literacy refers to a person's ability to understand health information and make informed decisions.

Individuals with limited health literacy may have difficulty following medical instructions or managing chronic conditions.

What is the primary focus of the passage?

- A. Describing chronic disease treatments
- B. Explaining health literacy and its importance
- C. Teaching medical terminology
- D. Comparing education levels

**Answer: B**

Explanation:

The passage defines health literacy and explains why it is important for managing health and following medical instructions. Option B best captures the main focus. The other options address topics not discussed.

On the NEX exam, purpose questions often begin with a definition followed by explanation, signaling that the passage is meant to inform rather than persuade or compare.

---

---

### NEW QUESTION # 54

Which statement best explains why a child may resemble one parent more than the other?

- A. One set of genes had more dominant characteristics.
- B. Older genetic material is weaker.
- C. Larger eggs contain more genetic material.
- D. The genes of the dominant parent are expressed more vigorously.

**Answer: A**

Explanation:

Dominant traits are more likely to be expressed when present. If one parent contributes more dominant alleles, the child may resemble that parent more closely. Dominance does not mean stronger genes, just that they mask recessive traits. The NEX Science exam emphasizes basic Mendelian inheritance and dominance relationships.

---

---

### NEW QUESTION # 55

Which of these responses is an example of a simple negative feedback response in the body?

- A. When hypothalamic function increases, gastric hormones decrease.
- B. When thyroxine levels increase, the metabolism slows down.
- C. When glucose levels rise, increased insulin is secreted.
- D. When the pituitary function increases, fluid retention occurs.

**Answer: C**

Explanation:

Negative feedback occurs when a change in a physiological variable triggers a response that counteracts the initial change, helping maintain homeostasis. When blood glucose levels rise, the pancreas releases insulin, which promotes glucose uptake by cells and lowers blood glucose back to normal levels. This is a classic example of negative feedback. Option B is incorrect because thyroxine increases metabolism, not decreases it.

Options A and D do not clearly demonstrate a direct feedback loop restoring balance. The NEX Science exam often highlights glucose regulation as a key example of negative feedback because it clearly illustrates cause- and-effect relationships within endocrine control systems.

---

---

### NEW QUESTION # 56

A red flower (RR) and a white flower (WW) were cross-pollinated. The result was four pink flowers (RW). This is best explained by

- A. codominance
- B. mutation
- C. non-disjunction
- D. multiple alleles

**Answer: A**

Explanation:

Codominance occurs when two different alleles are both expressed in a heterozygous organism. In this case, the red and white alleles combine to produce an intermediate pink phenotype. Non-disjunction refers to chromosome separation errors, multiple alleles involve more than two allele types, and mutations involve DNA changes. The NEX Science exam frequently tests inheritance patterns, including codominance and incomplete dominance.

---

---

#### **NEW QUESTION # 57**

What are the inherited factors transmitted in an organism from generation to generation called?

- A. Heterozygote
- B. Genotype
- C. Homozygote
- D. Phenotype

**Answer: B**

Explanation:

Inherited factors that are passed from parents to offspring are known as an organism's genotype. The genotype refers to the genetic makeup of an organism, including the specific alleles inherited for each trait. Heterozygote and homozygote describe specific combinations of alleles but do not refer to inherited factors as a whole. Phenotype refers to the observable traits of an organism, which result from the interaction between genotype and environment. The NEX Science exam often tests the distinction between genotype and phenotype, emphasizing that genotype represents the genetic instructions while phenotype represents the physical expression of those instructions.

#### **NEW QUESTION # 58**

.....

Our NEX guide torrent is compiled by experts and approved by the experienced professionals. The language is easy to be understood to make any learners have no learning obstacles and our NEX study questions are suitable for any learners. The software boosts varied self-learning and self-assessment functions to check the results of the learning. The software can help the learners find the weak links and deal with them. Our NEX Exam Torrent boosts timing function and the function to stimulate the exam. It is very easy to pass the NEX exam with our NEX learning guide.
