### 最新的 CIPS Level 4 Diploma in Procurement and Supply L4M4 免費考試真題 (Q202-Q207):

#### 問題 #202

A procurement manager for a major retail group is using ratio analysis to assess the financial viability of suppliers who have tendered for a logistics services tender. The recommended supplier has a current ratio of

0.6. What are the potential consequences of awarding the contract to this supplier, given their current ratio is below 1?

- A. The results of the current ratio do not mean anything as long as the supplier has proven technical merit
- **B. The supplier will be unable to pay its short-term liabilities using current assets**
- C. The supplier will have cash reserves to cover unexpected expenses
- D. The supplier will be unable to cover long-term liabilities from revenues

答案： B

解題說明：

A current ratio below 1 suggests that the supplier may not have sufficient current assets to cover short-term liabilities, which could pose a risk to the buyer. Assessing financial stability aligns with responsible sourcing practices, as it ensures suppliers can fulfill contracts without disruption.

#### 問題 #203

Mark is a category manager responsible for buying large pieces of laboratory equipment in the public (government) sector. Which of the following Incoterms would ensure that an overseas supplier is responsible for paying all delivery costs, including import duties and taxes for these goods?

- A. DPU
- **B. DDP**
- C. FAS
- D. EXW

答案： B

解題說明：

DDP (Delivered Duty Paid) requires the supplier to cover all delivery costs, including import duties and taxes.

This term ensures that the buyer receives the goods without additional charges, aligning with public sector procurement practices for cost-effective and transparent sourcing.

#### 問題 #204

Which of the following is true for CIPS members who sign and comply with the CIPS Code of Conduct?

Members can ...

- \* gain an understanding of ethical and successful business operations
- \* acquire automatic entitlement to government sponsorship
- \* enjoy continued CIPS membership and access to resources
- \* bypass the need to comply with other voluntary or legal codes

- A. 1 and 3
- B. 1 and 4
- C. 1 and 2
- D. 2 and 3

答案： A

解題說明：

CIPS members who adhere to the CIPS Code of Conduct gain insight into ethical business practices and retain their membership and access to CIPS resources. This commitment to ethical standards supports responsible sourcing by fostering a community of professionals who value integrity and best practices.

#### 問題 #205

The procurement team received an urgent request to source quotations for pest control services. The team decided to use a local newspaper to advertise the requirements. Was this an appropriate approach?

- A. Yes, so that the local pest control sector can decide between them who should bid
- B. No, because international vendors must also be notified of the opportunity
- C. No, because they might receive too many irrelevant proposals which may delay the assessment process
- D. Yes, they must seek as many bids as possible even if it takes longer

答案： C

解題說明：

For urgent, low-value local services, targeted sourcing (e.g., RFQs to pre-vetted suppliers) is more efficient than open advertising that can create excess, low-quality responses and slow down delivery. Responsible practice also considers proportionality and timely risk control.

#### 問題 #206

Henry is importing cheese from South East Asia into the UK. He is doing some research on the costs and risks of this and has discovered that the product may be considered of 'non-preferential origin'. What implications would this mean for Henry?

- A. there are no duty charges or limitations
- B. the goods are banned in the UK
- C. the goods are subject to tariff quotas
- D. he will require insurance

答案： C

解題說明：

Items of 'Non-Preferential Origin' are subject to tariff quotas and other customs commercial regulations.

'Preferential Origin' goods have no duties or tariffs.

The good news is CIPS have significantly simplified section 3.2 of the syllabus. The new study-guide is much lighter on names of documents and protocols for importing and quotas etc. The focus of this Learning Outcome has shifted more to Inco Terms so I would focus on that for revision, but do make sure you have a basic understanding of documents, law and jurisdiction.
