2026 Professional SDS Exam Experience | SDS 100% Free Exam Flashcards

SDS EXAM – NBRC LATEST 2025-2026 REVISED UPDATE EXAM QUESTIONS AND ANSWERS| COMPREHENSIVE EXAM

Describe the anatomic position an esophageal pH catheter should be placed - Answer-Cather tip should be 5cm above the upper border of the lower esophgeal sphincter

Another name for the disinfecting agent Cidex?
How long for this agent to disinfect?
How long for this agent to sterilize - Answer-Alkaline gluteraldeyde
10 min
10 hours

Another name for the disinfecting agent Sonacide?
How long for this agent to disinfect?
How long for this agent to sterilize? - Answer-Acid gluteraldehyde
10 min
1 hour

An ECG tracing shows a beat with an irregular rhytm, QRS >0.12sec, and a varying rate. The sleep tech would classify this as - Answer-PVC

If you are interested in TestInsides's training program about DASCA certification SDS exam, you can first on WWW.TestInsides.COM to free download part of the exercises and answers about DASCA Certification SDS Exam as a free try. We will provide one year free update service for those customers who choose TestInsides's products.

We have handled professional SDS practice materials for over ten years. Our experts have many years' experience in this particular line of business, together with meticulous and professional attitude towards jobs. Their abilities are unquestionable, besides, SDS practice materials are priced reasonably with three kinds. We also have free demo offering the latest catalogue and brief contents for your information, if you do not have thorough understanding of our materials. Many exam candidates build long-term relation with our company on the basis of our high quality SDS practice materials.

Exam DASCA SDS Flashcards | Study SDS Center

Probably you've never imagined that preparing for your upcoming certification SDS could be easy. The good news is that TestInsides's dumps have made it so! The brilliant certification exam SDS is the product created by those professionals who have

extensive experience of designing exam study material. These professionals have deep exposure of the test candidates' problems and requirements hence our SDS cater to your need beyond your expectations.

DASCA Senior Data Scientist Sample Questions (Q64-Q69):

NEW QUESTION # 64
Which of the following is correct for Markov chain?

- A. A Markov chain is the state of a system at sequential points in time
- B. Both A and B
- C. A Markov chain is a sequence of fixed variables X1, X2
- D. A Markov chain is a sequence of random variables X1, X2
- E. Both B and C

Answer: E

Explanation:
A Markov chain is a stochastic process describing a sequence of possible events, where the probability of each event depends only on the state attained in the previous step (the Markov property).
Option A: Incorrect. The variables are random, not fixed.
Option B: Correct. Markov chains represent the state of a system at sequential time points.
Option C: Correct. A Markov chain is indeed a sequence of random variables {X1, X2, ...} that satisfy the Markov property.
Option D: Incorrect, since A is wrong.
Option E: Correct, because both B and C are valid.
Thus, the correct answer is Option E (Both B and C).
Reference:
DASCA Data Scientist Knowledge Framework (DSKF) - Probabilistic Models: Markov Chains.

NEW QUESTION # 65
Which of the following is NOT a cluster management tool?

- A. Apache Mesos
- B. Apache Ambari
- C. Apache Hadoop
- D. Zettaset Orchestrator

Answer: C

Explanation:
Cluster management tools help in orchestrating and monitoring large-scale distributed computing environments.
Zettaset Orchestrator (A): Commercial tool for Hadoop cluster management.
Apache Mesos (B): A cluster manager that abstracts CPU, memory, and storage to enable fault-tolerant distributed systems.
Apache Ambari (C): An open-source tool for provisioning, managing, and monitoring Hadoop clusters.
Apache Hadoop (D): Not a cluster management tool. Hadoop is a framework for distributed storage and processing (HDFS + MapReduce), not a management tool.
Thus, the correct answer is Option D (Apache Hadoop).
Reference:
DASCA Data Scientist Knowledge Framework (DSKF) - Big Data Ecosystem: Hadoop Tools & Cluster Management.

NEW QUESTION # 66
Which of the following is a DevOps Practice?

- A. Continuous build
- B. All of the above
- C. Continuous integration
- D. Continuous delivery

Answer: B

Explanation:

DevOps is a collaborative practice that integrates software development (Dev) and IT operations (Ops) to shorten development cycles and deliver applications reliably. Common DevOps practices include:

Continuous Build (Option A): Automating compilation and packaging of source code to ensure consistent builds.

Continuous Integration (Option B): Developers frequently merge code into a shared repository, which is automatically tested to catch integration issues early.

Continuous Delivery (Option C): Automating software release pipelines so applications can be deployed to production quickly and reliably.

Since all of these are essential DevOps practices, the correct answer is Option D (All of the above).

Reference:

DASCA Data Scientist Knowledge Framework (DSKF) - Business Applications of Data Science: DevOps Practices in Data Science Projects.

NEW QUESTION # 67

Which of the following phases is NOT a Big Data Business Model Maturity Index?

- A. Business Monitoring
- B. Business Strategy
- C. Data Monetization
- D. Business Metamorphosis
- E. Business Optimization

Answer: B

Explanation:

The Big Data Business Model Maturity Index (BDBMMI) defines phases organizations pass through in leveraging data strategically:

Business Monitoring (A): Tracking metrics and reporting.

Business Insights (not listed in options but part of the framework).

Business Optimization (B): Using analytics to improve efficiency.

Data Monetization (D): Creating new revenue streams with data.

Business Metamorphosis (E): Transforming the business model through data.

Business Strategy (Option C): While strategy is essential, it is not one of the defined phases of BDBMMI.

Thus, the correct answer is Option C (Business Strategy).

Reference:

DASCA Data Scientist Knowledge Framework (DSKF) - Big Data Business Model Maturity Index (BDBMMI).

NEW QUESTION # 68

Which of the following standardizes scores similar to a percentile rank but preserves equal interval properties of a Z-score?

- A. Medium Curve Equivalent (MCE)
- B. High Curve Equivalent (HCE)
- C. Trend analysis
- D. Normal Curve Equivalent (NCE)
- E. None of the above

Answer: D

Explanation:

Normal Curve Equivalent (NCE) scores are standardized scores designed to:

Range between 1 and 99.

Be comparable to percentile ranks but with the advantage of equal-interval properties like Z-scores.

This makes NCE scores useful in educational assessments, survey analysis, and statistical modeling.

Option A (Trend analysis): Incorrect. Not related to score standardization.

Option B (Correct): NCE fits the definition perfectly.

Option C (HCE) & D (MCE): Not recognized standard measures in statistics.

Option E: Incorrect, since Option B is valid.

Thus, the correct answer is Option B: Normal Curve Equivalent (NCE).
