

Free FCP_FCT_AD-7.4 Download | Premium FCP_FCT_AD-7.4 Exam

Our FCP_FCT_AD-7.4 practice materials are distributed at acceptable prices. These interactions have inspired us to do better. Now passing rate of them has reached up to 98 to 100 percent. By keeping minimizing weak points and maining strong points, our FCP_FCT_AD-7.4 Exam Materials are nearly perfect for you to choose. As a brand now, many companies strive to get our FCP_FCT_AD-7.4 practice materials to help their staffs achieve more certifications for our quality and accuracy.

Everybody hopes he or she is a successful man or woman no matter in his or her social life or in his or her career. Thus owning an authorized and significant FCP_FCT_AD-7.4 certificate is very important for them because it proves that he or she boosts practical abilities and profound knowledge in some certain area. Passing FCP_FCT_AD-7.4 Certification can help they be successful and if you are one of them please buy our FCP_FCT_AD-7.4 guide torrent because they can help you pass the FCP_FCT_AD-7.4 exam easily and successfully.

Professional Free FCP_FCT_AD-7.4 Download & Perfect Premium FCP_FCT_AD-7.4 Exam: FCP - FortiClient EMS 7.4 Administrator

By contrasting with other products in the industry, our FCP_FCT_AD-7.4 test guide really has a higher pass rate, which has been verified by many users. As long as you use our FCP_FCT_AD-7.4 exam training I believe you can pass the exam. If you fail to pass the exam, we will give a full refund. FCP_FCT_AD-7.4 learning guide hopes to progress together with you and work together for their own future. The high passing rate of FCP_FCT_AD-7.4 exam training also requires your efforts. If you choose FCP_FCT_AD-7.4 test guide, I believe we can together contribute to this high pass rate.

Fortinet FCP - FortiClient EMS 7.4 Administrator Sample Questions (Q47-Q52):

NEW QUESTION # 47

Which security fabric component sends a notification to quarantine an endpoint after IOC detection in the automation process?

- A. FortiClient EMS
- B. FortiClient
- C. FortiGate
- D. FortiAnalyzer

Answer: A

Explanation:

* Understanding the Automation Process:

* In the Security Fabric, automation processes can include actions such as quarantining an endpoint after an IOC (Indicator of Compromise) detection.

* Evaluating Responsibilities:

* FortiClient EMS plays a crucial role in endpoint management and can send notifications to quarantine endpoints.

* Conclusion:

* The correct security fabric component that sends a notification to quarantine an endpoint after IOC detection is FortiClient EMS.

FortiClient EMS and automation process documentation from the study guides.

NEW QUESTION # 48

Which two third-party tools can an administrator use to deploy FortiClient? (Choose two.)

- A. QR code generator
- B. C. Microsoft Active Directory GPO
- C. Microsoft Windows Installer
- D. B. Microsoft SCCM

Answer: B,D

Explanation:

Administrators can use several third-party tools to deploy FortiClient:

* Microsoft SCCM (System Center Configuration Manager): SCCM is a robust tool used for deploying software across large numbers of Windows-based systems. It supports deployment of FortiClient through its software distribution capabilities.

* Microsoft Active Directory GPO (Group Policy Object): GPOs are used to manage user and computer settings in an Active Directory environment. Administrators can deploy FortiClient to multiple machines using GPO software installation settings. These tools provide centralized and scalable methods for deploying FortiClient across numerous endpoints in an enterprise environment.

* FortiClient EMS 7.2 Study Guide, FortiClient Deployment Section

* Fortinet Documentation on FortiClient Deployment using SCCM and GPO

NEW QUESTION # 49

An administrator must deploy FortiClient for an organization that has BYOD and remote users.

What can the administrator use to deploy FortiClient? (Choose one answer)

- A. Group Policy Object (GPO)
- B. Microsoft Intune
- C. Microsoft System Center Configuration Manager (SCCM)
- D. FortiClient zero-touch provisioning

Answer: B

Explanation:

According to the FortiClient EMS Administrator Study Guide and the Fortinet Document Library (7.2/7.4 versions), the most effective method for deploying FortiClient to BYOD (Bring Your Own Device) and remote users is using Microsoft Intune (or other supported Mobile Device Management - MDM solutions).

1. Why Microsoft Intune (Answer C) is the Correct Choice:

* Cloud-Based Accessibility: Unlike GPO or SCCM, which traditionally require a direct connection to the local Active Directory (AD) domain or a VPN to reach the on-premises infrastructure, Microsoft Intune is a cloud-based MDM. This makes it the native choice for remote users who may not always be on the corporate network.

* BYOD Management: Intune is specifically designed to manage a variety of operating systems (Windows, macOS, iOS, Android) that are common in BYOD environments. It allows administrators to push the FortiClient installation package and enrollment configuration (such as the invitation_code or ems_server details) directly to the user's device via the cloud.

* Integration with EMS: FortiClient EMS 7.2/7.4 provides specific documentation for Intune Integration. Administrators can create a custom MSI or .pkg installer in EMS, upload it to Intune, and use Intune's app configuration policies to automate the Telemetry connection to EMS.

2. Why Other Options are Incorrect for this Scenario:

* A. FortiClient zero-touch provisioning: While FortiClient supports zero-touch provisioning (particularly for mobile or through FortiCloud), in the context of a "deployment tool" for an organization's broad BYOD and remote fleet, it is typically a feature or process facilitated by an MDM like Intune rather than the standalone deployment mechanism for the initial software package on third-party remote devices.

* B. Microsoft SCCM: SCCM (now part of Microsoft Configuration Manager) is heavily reliant on on-premises infrastructure and is generally used for corporate-owned, domain-joined devices. It is less flexible than Intune for managing "unmanaged" BYOD devices belonging to remote users.

* D. Group Policy Object (GPO): GPO requires the device to be joined to the Active Directory (AD) Domain. BYOD devices are typically not domain-joined, and remote devices cannot receive GPO updates unless they are connected via VPN at the time of the policy refresh, making it unsuitable for this specific use case.

3. Curriculum References:

* EMS Administration Guide (Deployment Section): Specifies that for endpoints not reachable via AD / Workgroups (which covers remote and BYOD), administrators should use the Installer Link method or an MDM (like Microsoft Intune).

* Intune Deployment Guide for FortiClient: Detail the specific use of Configuration Keys (e.g., cloud_invite_code, ems_server) that are passed from Intune to the FortiClient app to ensure that once the remote user installs the app, it automatically registers to the correct EMS instance.

NEW QUESTION # 50

Refer to the exhibit.

```

<?xml version="1.0" encoding="UTF-8" standalone="yes" ?>
<sslvpn>
  <options>
    <enabled>1</enabled>
    <prefer_sslvpn_dns>1</prefer_sslvpn_dns>
    <dnscache_service_control>0</dnscache_service_control>
    <use_legacy_ssl_adapter>0</use_legacy_ssl_adapter>
    <preferred_dtls_tunnel>0</preferred_dtls_tunnel>
    <no_dhcp_server_route>0</no_dhcp_server_route>
    <no_dns_registration>0</no_dns_registration>
    <disallow_invalid_server_certificate>0</disallow_invalid_server_certificate>
  </options>
  <connections>
    <connection>
      <name>Student-SSLVPN</name>
      <description>SSL VPN for Fortigate</description>
      <server>10.0.254.104</server>
      <username />
      <single_user_mode>0</single_user_mode>
      <ui>
        <show_remember_password>0</show_remember_password>
      </ui>
      <password />
      <prompt_username>1</prompt_username>
      <on_connect>
        <script>
          <os>windows</os>
          <script>
            <[[CDATA[ ]]]
          </script>
        </script>
      </on_connect>
      <on_disconnect>
        <script>
          <os>windows</os>
          <script>
            <[[CDATA[ ]]]
          </script>
        </script>
      </on_disconnect>
    </connection>
  </connections>
</sslvpn>
  
```

An administrator has restored the modified XML configuration file to FortiClient and sees the error shown in the exhibit.

Based on the XML settings shown in the exhibit, what must the administrator do to resolve the issue with the XML configuration file?

- A. The administrator must save the file as FortiClient-config.conf.
- B. The administrator must use a password to decrypt the file.
- C. The administrator must change the file size.
- **D. The administrator must resolve the XML syntax error.**

Answer: D

Explanation:

Based on the error message and the XML configuration file shown in the exhibit:

* The error "Failed to process the file" typically indicates an issue with the XML syntax.

* Upon reviewing the XML content, it is crucial to ensure that all tags are correctly formatted, properly opened and closed, and that there are no syntax errors.

* Resolving any XML syntax errors will allow FortiClient to successfully process and restore the configuration file.

Therefore, the administrator must resolve the XML syntax error to fix the issue.

NEW QUESTION # 51

Which security fabric component sends a notification to quarantine an endpoint after IOC detection in the automation process?

- A. FortiClient EMS
- **B. D. Forti Gate**
- C. FortiClient
- D. FortiAnalyzer

Answer: B

NEW QUESTION # 52

.....

The Fortinet FCP_FCT_AD-7.4 certification is one of the hottest career advancement credentials in the modern Fortinet world. The FCP_FCT_AD-7.4 certification can help you to demonstrate your expertise and knowledge level. With only one badge of FCP_FCT_AD-7.4 certification, successful candidates can advance their careers and increase their earning potential. The Fortinet FCP_FCT_AD-7.4 Certification Exam also enables you to stay updated and competitive in the market which will help you to gain more career opportunities.

Premium FCP_FCT_AD-7.4 Exam: https://www.examprepaway.com/Fortinet/braindumps.FCP_FCT_AD-7.4.etc.file.html

Upon completion of your payment on our FCP_FCT_AD-7.4 exam questions, you will receive the email from us in several minutes, and then you will have the right to use the FCP_FCT_AD-7.4 test guide from our company, Our Premium FCP_FCT_AD-7.4 Exam valid torrent is useful in quality and favorable in price, it means they are proficient in content and affordable to get, Fortinet Free FCP_FCT_AD-7.4 Download Moreover, doing these practice tests will impart you knowledge of the actual exam format and develop your command over it.

In this chapter, we will flesh out the enter weight and FCP_FCT_AD-7.4 history views for our Health Beat application, Forensic Discovery paperback) By Dan Farmer, Wietse Venema.
