Besides, we have the professional technicians to examine the website on a regular basis, hence a clean and safe shopping environment will be provided to you. You just need to buy the 350-701 Exam Dumps with ease.

Cisco Certified Specialist-Security Core

Finally, the Cisco Certified Specialist-Security Core is a deserved recognition for passing the CCNP Security core exam. This is in line with the current exam guidelines, which state that all candidates who pass a professional-level test will gain a specialist title within the chosen field. This title is awarded to mid-level IT specialists who demonstrate knowledge of core security technologies such as endpoint protection, content security, and cloud security.

Cisco 350-701 exam is a certification exam designed to test the knowledge and skills of IT professionals who want to specialize in security technologies. 350-701 exam is part of the Cisco Certified Network Professional Security (CCNP Security) certification track and is intended for candidates who have at least three to five years of experience in the field of network security.

Cisco 350-701 Exam is designed for network engineers, security operations center (SOC) personnel, and security and network administrators who want to enhance their knowledge and skills in implementing and operating Cisco security technologies. 350-701 exam consists of 90-110 questions, and the candidates have 120 minutes to complete it. 350-701 exam format includes multiple choice questions, drag-and-drop, simulation, and testlet questions. Candidates who pass the Cisco 350-701 exam demonstrate that they have the knowledge and skills to implement and operate Cisco security technologies to protect against cyber threats and vulnerabilities.
