## EXIN PRINCE2 7 Foundation written Exam Sample Questions (Q390-Q395):

### NEW QUESTION # 390

The project manager needs to define key information so that the project board can decide whether to proceed with planning the project in more detail.

In which process should the project manager define this information?

- A. Directing a project
- B. Starting up a project
- C. Managing a stage boundary
- **D. Initiating a project**

**Answer: D**

Explanation:

During the 'Initiating a Project' process, the project manager develops key information, including the detailed Project Initiation Documentation (PID), which enables the project board to decide whether to proceed with the project. This information outlines the approach, plans, and controls that will govern the project, providing a foundation for detailed planning and informed decision-making by the project board. References:
