問題 #16

How does closed-loop reporting benefit marketers in Oracle Eloqua?

- A. It streamlines the lead nurturing process
- B. It enables real-time A/B testing of email content
- **C. It provides insights into the ROI of marketing campaigns**
- D. It automates the creation of landing pages

答案: C

解題說明:

Closed-loop reporting in Oracle Eloqua allows marketers to measure the return on investment (ROI) of their marketing campaigns. By tracking leads from initial engagement to final conversion, marketers can determine which campaigns and activities are generating the most revenue. This information enables them to make data-driven decisions, optimize their marketing strategies, and allocate resources more effectively.

問題 #17

What is the purpose of lead scoring in Oracle Eloqua?

- A. To track the number of leads generated through marketing campaigns
- B. To segment leads into different categories based on their demographics
- C. To assign a value to each lead based on their likelihood to make a purchase
- D. To measure the effectiveness of email deliverability

答案: C

解題說明:

Lead scoring in Oracle Eloqua is used to assign a value to each lead based on their behavior, demographics, and engagement with marketing content. This allows marketers to prioritize and focus their efforts on leads that are more likely to convert into customers.

問題 #18

What is the role of workflows in Oracle Eloqua Automation?

- A. To automate and sequence marketing activities.
- B. To manually create email templates.
- C. To manually manage contact lists.
- D. To manually track website visitor behavior.

答案: A

解題說明:

Workflows in Oracle Eloqua Automation are used to automate and sequence marketing activities. They enable marketers to create a series of automated actions, such as sending emails, updating contact data, and assigning leads to sales, based on predefined triggers and conditions. This helps to streamline and optimize marketing processes.
