- C. RFC
- **D. SOAP**

정답: B,D

설명:

Comprehensive and Detailed In-Depth Explanation:

SAP's "clean core" strategy emphasizes standardized, extensible integrations. In SAP SuccessFactors:

* Option C (OData): Correct. OData APIs are SAP's preferred standard for SuccessFactors integrations, offering RESTful, scalable access to data, aligning with clean core principles.

* Option D (SOAP): Correct. SOAP APIs, while older, are supported for legacy integrations and remain part of SAP's clean core approach where OData isn't applicable.

* Option A (IDoc): Incorrect. IDoc is specific to SAP ERP, not SuccessFactors, and isn't recommended here.

질문 # 46

Which footer links are recommended on every Career Site Builder site to support search engine optimization (SEO)? Note: There are 2 correct answers to this question.

- A. Careers Home

- B. Corporate Home
- C. View All Jobs
- D. Top Job Searches

정답: C,D

설명:

Comprehensive and Detailed In-Depth Explanation:

Footer links in Career Site Builder (CSB) boost SEO by aiding search engine crawlers in indexing content.

Let's identify the recommended links:

* Option B (Top Job Searches): Correct. Links to popular search terms enhance keyword indexing and user navigation.

* SAP Documentation Excerpt: From the Career Site Builder Administration Guide: "Include

'Top Job Searches' in the footer to link to frequently searched job terms, improving SEO by ensuring search engines index key candidate queries."

* Reasoning: On careers.bestrun.com, "Top Job Searches" might link to "Software Engineer Jobs" and "Sales Jobs," providing crawlable paths for Googlebot to index these terms. This is configured in CSB > Global Styles > Footer.

* Practical Example: For "Best Run," adding links to "Engineering Jobs" increases crawl depth, verified in Google Search Console.

* Option C (View All Jobs): Correct. A comprehensive job list link improves site crawlability and coverage.

* SAP Documentation Excerpt: From the Career Site Builder Administration Guide: "View All Jobs" is a recommended footer link to provide search engines with a single entry point to all job listings, enhancing SEO visibility."

* Reasoning: A link to careers.bestrun.com/all-jobs ensures all active jobs are discoverable, boosting indexation. This is a static link added to the footer.

* Practical Example: "Best Run" includes this link, and a crawl test shows 100% job coverage.

* Option A (Careers Home): Incorrect. "Careers Home" duplicates the Home page link, offering no additional SEO value.

* Option D (Corporate Home): Incorrect. An external link to www.bestrun.com is less SEO-critical for CSB's job focus.
