Life of future will definitely be much more easy and convenient than the life of today, it is not late whenever you want to work as an IT engine. Our UiAAAv1 exam questions and answers help you realize your dream easily. We ExamsReviews offer the top-class exam materials similar with the real test. UiAAAv1 Exam Questions And Answers assist people to master the real test questions and

key knowledge so that candidates will feel easy and casual in real test so that they can clear exams and obtain a UiPath certification certainly.

## UiPath Agentic Automation Associate Sample Questions (Q14-Q19):

### NEW QUESTION # 14

After creating a new machine catalog using the Machine Creation Services (MCS) wizard in Citrix Studio, a Citrix Administrator determines that Windows activation fails for all new machines in that catalog.

Which two conditions can cause this to happen? (Choose two.)

- A. The version of Windows installed is Windows Server 2012 R2.
- B. The version of Windows installed uses Multiple Activation Key (MAK) licensing
- C. The Microsoft License Server is unreachable.
- D. The base image rearm count has been exceeded.

**Answer: B,D**

Explanation:

Rarm count exceeded: If the base image has been sysprepped too many times, the rearm count may be exhausted, preventing Windows activation on cloned machines.

MAK licensing: MCS-provisioned machines are treated as newly deployed instances. MAK licensing is not suitable for this scenario because each clone would require its own activation, leading to failures.

### NEW QUESTION # 15

A user calls the help desk and states that launching a pooled random desktop takes as long as five minutes. Which Citrix Director report can a Citrix Administrator review to find out what might be causing the delay?

- A. Logon Performance
- B. Resource Utilization
- C. Connection Failures
- D. Load Evaluators

**Answer: A**

Explanation:

The Logon Performance report in Citrix Director breaks down the different phases of the logon process, such as authentication, profile loading, and group policy processing. Reviewing this report helps the administrator identify which phase is causing the long desktop launch times.

### NEW QUESTION # 16

A Citrix Administrator needs to create custom Filters within Citrix Director to better monitor the infrastructure.

Which three values can the administrator choose to create the custom filters? (Choose three.)

- A. Connections
- B. Sessions
- C. Desktops
- D. Machines
- E. Users

**Answer: B,D,E**

Explanation:

In Citrix Director, administrators can create custom filters based on Users, Machines, and Sessions. These filters allow targeted monitoring and troubleshooting of specific areas within the Citrix environment.

### NEW QUESTION # 17

Scenario: A Citrix Administrator is working on a published application. The network is connected for 100 seconds but is interrupted

and applications become unusable. The session then automatically resumes, and the administrator is able to continue working on the application at the same progress point as before the interruption. Which policy is enabled in this scenario?

- A. Auto client reconnect
- B. Load Management
- C. ICA Keep Alive
- D. Session Reliability

**Answer: D**

#### **NEW QUESTION # 18**

When a user creates a print job from a VDA-mapped network printer, how is the print job routed?

- A. Directly to the Endpoint printer, bypassing the VDA server.
- B. Through the HDX protocol from VDA to Endpoint, and then to the print server.
- C. Printing to a network printer is not supported with HDX.
- D. Directly from the VDA server to the print server and then to the print device for output.

**Answer: D**

Explanation:

When using a VDA-mapped network printer, the print job is processed on the VDA and sent directly to the network print server, which then forwards it to the physical printer. This avoids unnecessary routing through the client endpoint and ensures efficient printing.

#### **NEW QUESTION # 19**

.....

Different with other similar education platforms on the internet, the UiPath Agentic Automation Associate guide torrent has a high hit rate, in the past, according to data from the students' learning to use the UiAAAv1 test torrent, 99% of these students can pass the qualification test and acquire the qualification of their yearning, this powerfully shows that the information provided by the UiAAAv1 study tool suit every key points perfectly, targeted training students a series of patterns and problem solving related routines, and let students answer up to similar topic. It may say, the UiAAAv1 Test Torrent can let users in a short time, accurately grasp the proposition trend of each year, doing all effects in the process of the difficulties in the hot, user's weak link and targeted training, and exercise the user's solving problem ability, eventually achieve the objectives of the pass UiPath Agentic Automation Associate qualification test.
