## ISACA CISM: What resources should you use to prepare for the certification exam?

The CISM Certification Exam is not quite easy. You will have to make an effort in order to pass it. Even if you have significant competence in the industry, you must take the appropriate training. Thus, those professionals who have about 3-5 years of experience in the IS industry say that they needed two months of 3-4 hours a day learning and practicing in order to pass the test.
