You can choose any version of DEP-2025 study guide, as long as you find it appropriate.

## Apple Deployment and Management Exam Sample Questions (Q156-Q161):

**NEW QUESTION # 156**
A user reports that their managed Mac restarted, and they're asked for a six-digit PIN. What is the most likely cause?

- A. You turned on Activation Lock.
- B. You sent the Lock a Mac command.
- C. You turned on Managed Lost Mode.
- D. You sent the EraseDevice command.

**Answer: B**

Explanation:

TheLock commandin MDM allows administrators to remotely lock a Mac and require asix-digit PINfor reactivation. Apple documentation specifies this command is particularly useful for securing a device temporarily, such as when it is lost, stolen, or during incident response. Unlike Managed Lost Mode (which applies only to iOS/iPadOS devices), this Mac-specific command forces the device into a locked state. When the device restarts, it presents a PIN entry screen before the user can proceed. Activation Lock, on the other hand, prevents reactivation with a different Apple ID, not a six-digit PIN entry. EraseDevice would wipe the Mac entirely, not prompt for a PIN. Thus, the reported behavior directly aligns with the Lock a Mac command.
References:Apple Platform Deployment - "Lock and secure Mac devices with MDM."

**NEW QUESTION # 157**
What provides a consistent set of management tools for Apple devices to all MDM vendors?

- A. Apple Push Notification service
- B. Managed service configuration files
- C. Apple's MDM framework
- D. Automated Device Enrollment

**Answer: C**

Explanation:
Apple's MDM framework standardizes tools. The Mobile Device Management Protocol Reference states, "Apple's MDM framework provides a consistent set of APIs and management tools that all MDM vendors use to manage Apple devices." Option D supports communication, not tools.
Reference:
Mobile Device Management Protocol Reference, "Overview" section.
Apple Platform Deployment Guide, "MDM Framework" section.

**NEW QUESTION # 158**
Which feature allows IT administrators to manage Wi-Fi settings on a device?

- A. Configuration profiles
- B. Find My
- C. MDM
- D. iCloud

**Answer: A**

Explanation:
Configuration profiles enable IT administrators to manage Wi-Fi settings on a device, such as preconfiguring network SSIDs, passwords, and security protocols (e.g., WPA2 Enterprise). These profiles are deployed via MDM or manually, ensuring devices connect to approved networks. Find My (option B) and iCloud (option C) are unrelated to Wi-Fi management. MDM (option D) is the delivery mechanism, but the profiles define the settings. The Apple Platform Deployment Guide details Wi-Fi configuration via profiles.

**NEW QUESTION # 159**
What can you do with Apple Configurator for Mac in iPad deployments?

- A. Replace iCloud for backing up biometric data on iPad devices
- B. Remotely control devices without requiring physical access to them
- C. Supervise devices
- D. Update Apple device operating systems without using the internet

**Answer: C**

Explanation:
Apple Configurator supervises iPads for advanced management. TheApple Configurator User Guidestates,
"Apple Configurator can supervise iPad devices, allowing you to apply restrictions and prepare them for MDM enrollment when connected via USB to a Mac." Options B, C, and D are incorrect as Configurator doesn't handle biometric backups, remote control, or offline OS updates.

References:
Apple Configurator User Guide, "Supervising Devices" section.
Apple Platform Deployment Guide, "Apple Configurator" section.

**NEW QUESTION # 160**
Which type of device supports Automated Device Enrollment?

- A. All of the above
- B. iPad
- C. iPhone
- D. Mac

**Answer: A**

Explanation:
Automated Device Enrollment (ADE), managed through Apple Business Manager (ABM) or Apple School Manager (ASM), is supported on iPads, iPhones, Macs, and Apple TVs purchased from Apple or authorized resellers. It enables automatic MDM enrollment and supervision during setup. Options A, B, and C are all correct, and D encompasses them, aligning with ADE's broad compatibility as per the Apple Platform Deployment Guide.

**NEW QUESTION # 161**
.....

We always strictly claim for our DEP-2025 study materials must be the latest version, to keep our study materials up to date, we constantly review and revise them to be at par with the latest Apple syllabus for DEP-2025 exam. This feature has been enjoyed by over 80,000 takes whose choose our study materials. The one who choose our study materials that consider our website as the top preparation material seller for DEP-2025 Study Materials, and inevitable to carry all candidates the finest knowledge on exam syllabus contents. Not only that, we will provide you a free update service within one year from the date of purchase, in order to keep up the changes in the exam so that every candidates who purchase our DEP-2025 study materials can pass the exam one time.
