

PCAD-31-02 Test Registration | Reliable PCAD-31-02 Test Sims

PECBBEYOND
RECOGNITION

Accredited by ANAB

Get to know the best practices of Information Security Management Systems (ISMS) based on ISO/IEC 27001:2022

Why should you attend?

ISO/IEC 27001:2022 Foundation training allows you to learn the basic elements to implement and manage an Information Security Management System as specified in ISO/IEC 27001:2022. During this training course, you will be able to understand the different modules of ISMS, including ISMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for the "PECB Certificate Holder in ISO/IEC 27001:2022 Foundation" credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.

Who should attend?

- Managers and consultants seeking to know more about information security
- Professionals wishing to get acquainted with ISO/IEC 27001:2022 requirements for an ISMS
- Individuals engaged in or responsible for information security activities in their organization
- Individuals wishing to pursue a career in information security

Learning objectives

- Describe the main information security management concepts, principles, and definitions
- Explain the main ISO/IEC 27001:2022 requirements for an information security management system (ISMS)
- Identify approaches, methods, and techniques used for the implementation and management of an ISMS

Course agendaDURATION: 2 DAYS

- Day 1:** Introduction to Information Security Management System (ISMS) concepts as required by ISO/IEC 27001:2022
- Day 2:** Information Security Management System requirements and Certificate Exam

Prerequisites

- None

ExaminationDURATION: 1 HOUR

The exam fully meets the requirements of the PECB Examination and Certificate Programme. It covers the following competency domains:

- Domain 1:** Fundamental principles and concepts of an Information Security Management System (ISMS)
- Domain 2:** Information Security Management System (ISMS)

For specific information about exam type, languages available, and other details, please visit the List of PECB Exams and the Examination Rules and Policies.

Certificate requirements

First, a candidate needs to complete the PECB ISO/IEC 27001:2022 Foundation training course. Then, they need to take the exam and after successfully passing the exam, candidates will be able to apply for the "PECB Certificate Holder in ISO/IEC 27001:2022 Foundation" certificate. For more information, please refer to the Certification Rules and Policies.

The certificate requirements for the ISO/IEC 27001:2022 Foundation are:

Designation	Training Course	Exam	Professional experience	MS audit/assessment experience	ISMS project experience	Other requirements
PECB Certificate Holder in ISO/IEC 27001:2022 Foundation	Complete the PECB ISO/IEC 27001:2022 Foundation Training Course	Pass the PECB ISO/IEC 27001:2022 Foundation exam	None	None	None	Signing the PECB Code of Ethics

General information

- Certificate and examination fees are included in the price of the training course
- Training material containing over 200 pages of information and practical examples will be distributed
- An Attestation of Course Completion certificate worth 14 CPD (Continuing Professional Development) credits will be issued to the participants who have attended the training course
- In case of exam failure, you can retake the exam within 12 months for free
