

# CHFM Valid Exam Registration, New CHFM Dumps Files

The screenshot shows a web form titled "Certified Healthcare Facility Manager (CHFM) Application". The "Education and Experience" section is highlighted in red. A text box states: "To be eligible for the Certified Healthcare Facility Manager (CHFM) examination, a candidate must fulfill one of the following requirements for education and experience." Below this, there are three radio button options:

- ☐ Baccalaureate degree plus three (3) years of associated engineering experience, three (3) years of which must have been in a health care setting and including three (3) years of management/supervisory/administrative experience in a health care setting.
- ☒ Associate degree plus five (5) years of associated engineering experience, three (3) years of which must have been in a health care setting and including five (5) years of management/supervisory/administrative experience in a health care setting.
- ☐ Highschool diploma or equivalent plus seven (7) years of associated engineering experience, three (3) years of which must have been in a health care setting and including five (5) years of management/supervisory/administrative experience in a health care setting.

At the bottom right of the form are two buttons: "Cancel" and "Next".

What's more, part of that Test4Cram CHFM dumps now are free: [https://drive.google.com/open?id=1DDAf5pIRM4cfMu\\_TymPrLwvsHOe6SfmM](https://drive.google.com/open?id=1DDAf5pIRM4cfMu_TymPrLwvsHOe6SfmM)

In the mass job market, if you desire to be an outstanding person, an exam certificate is a necessity. Just as an old saying goes, "It's never too old to learn", so preparing for a CHFM certification is becoming a common occurrence. Especially in the workplace of today, a variety of training materials and tools always makes you confused and spend much extra time to test its quality, which in turn wastes your time in learning. In fact, you can totally believe in our CHFM Test Questions for us 100% guarantee you pass exam. If you unfortunately fail in the exam after using our CHFM test questions, you will also get a full refund from our company by virtue of the proof certificate.

Our CHFM useful test guide materials present the most important information to the clients in the simplest way so our clients need little time and energy to learn our CHFM useful test guide. The clients only need 20-30 hours to learn and prepare for the test. For those people who are busy in their jobs, learning or other things this is a good news because they needn't worry too much that they don't have enough time to prepare for the test and can leisurely do their main things and spare little time to learn our CHFM study practice guide. So it is a great advantage of our CHFM exam materials and a great convenience for the clients.

## New Medical Professional CHFM Dumps Files, Latest CHFM Dumps Book

Our CHFM exam cram is famous for instant access to download, and you can receive the downloading link and password within ten minutes, and if you don't receive, you can contact us, and we will give you reply as quickly as possible. In addition, CHFM exam materials are high quality, and we can ensure you that you can pass the exam just one time. We have free demo for you to have a try before buying CHFM Exam Materials, so that you can have a deeper understanding of what you are going to buy. Free update for one year for CHFM training materials is also available.

## Medical Professional Certified Healthcare Facility Manager (CHFM) certification exam Sample Questions (Q15-Q20):

### NEW QUESTION # 15

Which of the following types of duct-mounted humidifiers is recommended by the FGI Guidelines for Design and Construction of Hospitals and Outpatient Facilities?

- A. water spray
- B. reservoir
- C. steam

- D. evaporative pan

**Answer: C**

Explanation:

The FGI Guidelines and ASHRAE healthcare design standards recommend steam humidifiers for duct-mounted systems in hospitals, since they minimize microbial growth. Reservoirs, spray, and pan humidifiers pose contamination risks and are not permitted for patient care areas.

References: FGI Guidelines (Hospitals), ASHRAE 170 Ventilation Standard; NFPA 99.

#### NEW QUESTION # 16

Which of the following items are allowed to remain in the corridor in an inpatient care area?

- A. laundry hampers
- B. recycle bins
- **C. crash carts**
- D. work stations on wheels (WOWs)

**Answer: C**

Explanation:

According to NFPA 101 Life Safety Code and CMS/TJC corridor obstruction guidance, only certain items deemed essential for immediate patient care may be left unattended in inpatient care corridors. Crash carts are specifically allowed because they are emergency life-saving equipment. Other items, such as hampers, WOWs, and bins, are considered obstructions and must be removed when not in active use.

References:

NFPA 101: Life Safety Code (2012, 2018 editions) - Corridor width and obstruction allowances.

The Joint Commission: Environment of Care Standards - Corridor equipment restrictions.

---

#### NEW QUESTION # 17

When a motor malfunctions on an air handler, what is the first step to be taken in the replacement of the motor?

- A. Megger the motor windings.
- B. Remove the motor/machine guard.
- C. Disconnect the power wiring.
- **D. Initiate lockout/tagout procedures.**

**Answer: D**

Explanation:

Before performing any work on electrical or mechanical equipment, OSHA and NFPA 70E require lockout/tagout (LOTO) procedures to isolate energy sources. This ensures the safety of workers and prevents accidental energization. Only after lockout/tagout can guards be removed, wiring disconnected, or diagnostic tests performed.

References: OSHA 29 CFR 1910.147; NFPA 70E Standard for Electrical Safety in the Workplace; CHFM Maintenance and Operations domain.

#### NEW QUESTION # 18

Fire drills in healthcare occupancies shall include the

- **A. transmission of the fire alarm signal and simulation of emergency fire conditions.**
- B. evacuation of bedridden and infirmed patients to the adjacent smoke compartment.
- C. evacuation of patients to areas of refuge and evacuation of staff from the building.
- D. transmission of a fire alarm signal and audible alarms on each shift.

**Answer: A**

Explanation:

NFPA 101 (Life Safety Code, Chapter 18/19.7.1.4) requires healthcare fire drills to include transmission of the fire alarm signal and a simulation of emergency fire conditions, ensuring staff are trained to carry out emergency duties. Full evacuation of patients is not required during drills.

References: NFPA 101, Sections 18/19.7.1.4; The Joint Commission EOC standards.

### NEW QUESTION # 19

The cost to replace an aging chiller should be part of an organization's

- **A. capital budget.**
- B. project fund.
- C. operating budget.
- D. depreciation fund.

**Answer: A**

Explanation:

Replacement of major building systems (e.g., chillers, boilers, roofs) falls under capital expenditures because these items are large, non-recurring, and add to or extend the life of facility assets. The capital budget accounts for these costs, which are not part of the day-to-day operations budget.

Correct: Capital budget (A) - Covers replacement of major equipment and infrastructure.

Incorrect:

B). Project fund - May finance special projects but not part of standard budgeting categories.

C). Depreciation fund - An accounting mechanism, not typically a direct budget line for replacement.

D). Operating budget - Covers recurring expenses like utilities, maintenance, and repairs, not full replacements.

References:

AHA/ASHE: Health Care Facility Budgeting Guidance.

CHFM Candidate Handbook - Financial Management domain: capital vs. operating budgeting.

### NEW QUESTION # 20

.....

Although a lot of products are cheap, but the quality is poor, perhaps users have the same concern for our latest CHFM exam dump. Here, we solemnly promise to users that our product error rate is zero. Everything that appears in our products has been inspected by experts. In our CHFM practice materials, users will not even find a small error, such as spelling errors or grammatical errors. It is believed that no one is willing to buy defective products, so, the CHFM Study Guide has established a strict quality control system.
