DSCI Certified Privacy Lead Assessor DCPLA Certification aims to provide businesses

with qualified professionals that can help them navigate the complex world of data privacy, and help ensure that their operations are compliant with regulatory frameworks.

DSCI Certified Privacy Lead Assessor DCPLA certification Sample Questions (Q46-Q51):

NEW QUESTION # 46

What are the two phases of DSCI Privacy Third Party Assessment?

- **A. Initial and Final**
- B. Initial and Detailed
- C. Primary and Secondary
- D. None of the above

Answer: A

NEW QUESTION # 47

Which of the following is outside the scope of an organization's privacy incident management plan?

- A. Communication of privacy incidents
- B. Remediation of incidents
- **C. Defers data access rules for business users**
- D. Detection of leakage of personal information

Answer: C

Explanation:

A privacy incident management plan generally includes detection, containment, remediation, and communication of incidents. It also includes root cause analysis and steps to prevent recurrence. However, deferring data access rules for business users is unrelated to incident management. Instead, it falls under access governance or information usage policies.

Hence, option B is outside the scope of incident management as per the DSCI Privacy Framework.

NEW QUESTION # 48

Which of the following best describes 'Processing'?

- **A. Processing is storage and structuring personal data**
- B. Processing is recording and destruction of personal data
- C. Processing is collection and use of personal data
- D. Processing is a blanket term used for the wide range of operations performed on personal data

Answer: A

NEW QUESTION # 49

Entities should collect personal information from user that is adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed. This Privacy Principle is called:

- A. Use Limitation
- **B. Collection Limitation**
- C. Storage Limitation
- D. Accountability

Answer: B

Explanation:

According to the DSCI Privacy Framework and aligned with global privacy principles such as those found in the OECD and APEC frameworks, "Collection Limitation" emphasizes that personal data should be collected in a manner that is lawful and fair, and should be limited to what is necessary for the identified purposes.

"Personal data collected should be adequate, relevant, and limited to what is necessary in relation to the purposes for which they are processed." This is designed to promote responsible data stewardship and ensure minimal exposure of individuals' personal information.

Which of the following statements is true with respect to organization's privacy training and awareness program?

- Answer: A**
