H11-861_V4.0 soft test simulator is popular by many people since it can be applied in nearly all electronic products. If you download and install on the personal computer first time, and then copy to your USB flash disk. You can use H11-861_V4.0 soft test simulator on any other computer as you like offline. Besides, it supports Mobil and Ipad. If you don't delete it, you can use and

practice forever. Huawei H11-861_V4.0 soft test simulator can set timed exam and simulate the real scene with the real test, so that you can practice like the real test many times.

Huawei HCIP-Collaboration V4.0 Sample Questions (Q20-Q25):

NEW QUESTION # 20

The virtual conference ID range of the SMC video conferencing system is set to 9100000 to 9299999. Which of the following may be the ID of a new common conference (that is not bound to a VMR)? (Choose all that apply.)

- A. 0
- B. 1
- C. 2
- D. 3

Answer: A,C

Explanation:

Only IDs within the configured range 9100000-9299999 are valid for new common conferences; 9288889 and 9100009 fall in this range, whereas 9688889 and 9300001 do not.

NEW QUESTION # 21

When the SMC is used to provision system administrator users, each user can be bound to an endpoint that is used as the conference joining device of the user.

- A. FALSE
- B. TRUE

Answer: A

Explanation:

System administrator accounts in the SMC are management-only and do not support binding to endpoints for use as conference-joining devices; endpoint binding applies only to conference user or room accounts.

NEW QUESTION # 22

Which of the following statements are true about the intranet-only SC cluster network? (Choose all that apply.)

- A. A standalone SC should be deployed to provide registration services specifically for H.323 endpoints.
- B. The intranet registration SC cluster provides only SIP registration.
- C. If a large number of SIP hard endpoints or soft clients are located on the intranet, you can deploy a registration SC cluster on the intranet.
- D. 323 endpoints must register with a standalone SC when an intranet-only cluster is used.
- E. The intranet SC cluster supports two distribution modes: single-active distribution and multi-active distribution.

Answer: A,B,C,E

Explanation:

Deploying an intranet registration SC cluster is recommended when there are large numbers of SIP hard or soft endpoints.

Explanation:

An intranet-only SC cluster handles SIP registrations exclusively, offloading SIP endpoint load.

The cluster can be deployed in single-active or multi-active distribution modes for flexibility and redundancy.

NEW QUESTION # 23

Which of the following registration information types are carried in an RRQ to register with the GK? (Choose all that apply.)

- A. Port number
- B. IP address
- C. H.323 ID
- D. MAC address

Answer: A,B,C

Explanation:

An RRQ conveys the endpoint's network address information (IP address and associated port number) along with its H.323 ID alias to the gatekeeper for registration.

NEW QUESTION # 24

Which of the following NEs' information cannot be collected using the diagnostic information collection function (Maintenance > Diagnostic Info Collection) on the SMC web interface?

- A. RSE8800
- **B. Box 310**
- C. HW CloudLink
- D. SMC

Answer: B

Explanation:

The Diagnostic Information Collection feature in the SMC web UI gathers logs and status from managed hardware network elements, such as SMC-connected SC nodes, RSE8800 recording engines, and Box 310 endpoints, by selecting their device types in Maintenance > Diagnostic Info Collection. It does not support collecting diagnostic data from software clients like Huawei CloudLink.

NEW QUESTION # 25

.....

In the 21 Century, the {Examcode} certification became more and more recognized in the society because it represented the certain ability of examinees. However, in order to obtain {Examcode} certification, you have to spend a lot of time preparing for the H11-861_V4.0 exam. Many people gave up because of all kinds of difficulties before the examination, and finally lost the opportunity to enhance their self-worth. As a thriving multinational company, we are always committed to solving this problem. For example, the H11-861_V4.0 Learning Engine we developed can make the H11-861_V4.0 exam easy and easy, and we can confidently say that we did this.
