質問 # 20

What does the task list in My Outbox show?

- A. Your completed and suspended tasks.
- B. Your tasks that the deadline were passed.
- **C. Your tasks that are not completed yet.**
- D. Your tasks that are to be sent to your manager.

正解: C

解説:

The My Outbox task list in SAP S/4HANA Cloud Public Edition displays tasks assigned to the user that are still pending or incomplete. This feature helps users track their open tasks and ensures timely completion of activities within the system.

* Your tasks that are not completed yet (Option C): The My Outbox functionality is designed to show tasks that require action from the user but have not yet been completed. This includes tasks such as approvals, reviews, or other workflow-related activities.

The SAP Fiori User Experience Guide confirms this behavior.

* A. Your completed and suspended tasks: Completed and suspended tasks are typically found in the "Completed Tasks" or "History" sections, not in the My Outbox task list.

* B. Your tasks that the deadline was passed: Overdue tasks may appear in the My Outbox list, but they are still considered incomplete tasks. The primary focus of My Outbox is to display tasks that are pending, regardless of whether they are overdue.

* D. Your tasks that are to be sent to your manager: Tasks that need to be escalated or forwarded to a manager are part of the workflow process but are not specifically displayed in the My Outbox task list.

* SAP Fiori User Experience Guide: Explains the functionality of the My Outbox task list and how it displays pending tasks. <https://help.sap.com>

* SAP S/4HANA Cloud Workflow Guide: Provides details on how tasks are managed and displayed in the system.

This functionality is particularly useful for making mass updates to fields such as delivery dates, quantities, or payment terms. The SAP Fiori Apps Reference Library confirms this capability.
- * A. Convert your purchase requisitions to purchase orders: Converting purchase requisitions to purchase orders is handled in other apps, such as "Process Purchase Requisitions," not in "Manage Purchase Orders."
