Salesforce Certified Experience Cloud Consultant Sample Questions (Q110-Q115):

NEW QUESTION # 110

Universal Containers (UC) updates its Salesforce CMS content often to meet the needs of its customers. The site builder wants to use a template with out-of-the-box components that dynamically update the CMS content on its Experience Cloud site. Which template should the site builder use?

- A. Build Your Own (Aura)
- B. Customer Service
- C. Salesforce Tabs + Visualforce
- **D. Build Your Own (LWR)**

Answer: D

NEW QUESTION # 111

Universal Containers is looking to onboard three new partners to the community.

- * Each partner have a branded experience containing their colors and logo.
- * Gold and silver partners should have access to the Leads inbox component, but Bronze partners should not.
- * Bronze partners should not have access to the Leads tab.

How should an administrator solve for these requirements?

- A. Create a separate community for each partner with audience targeting.
- B. Create branding sets, audience targeting, and navigation menu targeting.
- C. Create branding sets, audience targeting and a custom Navigation menu component.
- **D. Create branding sets, a separate page variation for each partner, and a custom Navigation Menu component.**

Answer: D

NEW QUESTION # 112

Universal Containers (UC) maintains multiple customer experiences, but only one profile for No customer has access to more than one experience Which two steps should the UC admin take to grant access to each customer?

Choose 2 answers

- A. Edit the applicable user profile
- **B. Create a permission Set**
- **C. Select a permission set for a given experience**
- D. Select the profile for a given experience

Answer: B,C

NEW QUESTION # 113

Bloomington Caregivers (BC) has created a customer Experience site using Experience Cloud that gives customers the ability to pay this, manage appointments, and open cases with support. BC also has a partner Experience site on Experience Cloud. The company's leadership has now decided to extend access to the customer Experience site to its partners and internal Salesforce users so they can collaborate more effectively.

What is the recommended way to add partners and internal users to the customer Experience site?

- A. Configure SSO between the partner site and customer site so partners get access. Also configure SSO between internal org and the customer site so internal users get access to the customer site.
- B. Enable the partner accounts and the internal accounts as customers; the users under these accounts will then automatically gain access to the customer site.
- C. Create business accounts for partners and internal users, enable the accounts as customers, and then create users under these accounts by creating contacts.
- **D. Add the existing partner profiles and internal user profiles to the customer Experience site; this will automatically give users access to the customer site.**

Answer: D

NEW QUESTION # 114

Northern Trail Outfitters has configured chat so customers can quickly get answers to their questions by chatting with an agent while browsing the Experience site.

How should an administrator embed the chat window in an Experience site?

- A. Create a custom component using the Embedded Service API.
- **B. Add the Embedded Service component to Builder pages.**
- C. Configure the Embedded Service connector.
- D. Create an Embedded Service quick action.

Answer: B

Explanation:

The Embedded Service component allows you to embed a chat window in your Experience Cloud site, so customers can chat with agents while browsing the site. You can add the Embedded Service component to any Builder page and configure its properties, such as the chat button label, pre-chat fields, and offline support.
