# PRINCE2 P3O Foundation Project Office2013 Exam Sample Questions (Q23-Q28):

## NEW QUESTION # 23
What is a portfolio, programme and project management standards office?

- A. Programme
- B. Hub Portfolio
- C. Organization Portfolio
- D. COE

**Answer: D**

Explanation:
The P3O Foundation (2013) manual defines the Centre of Excellence (COE) as the portfolio, programme, and project management standards office. Section 5.3.4 states, "The COE serves as the portfolio, programme, and project management standards office, providing guidance, best practices, and maturity support." This differs from the Organization Portfolio Office (A), Hub Portfolio (B), and Programme (C), which have distinct roles. The 2013 edition highlights the COE's role in standardizing PPM practices, ensuring consistency across the P3O model. This supports organizational capability development.

## NEW QUESTION # 24
How does a P3O model increase an organization's ability to deliver its strategy?

- A. Enables projects to efficiently develop their own financial processes
- B. Provides decision support to ensure the right projects are launched
- C. Ensures current projects are unaffected by changes to policy or strategy
- D. Allows senior managers to delegate their governance responsibilities

**Answer: B**

Explanation:
A P3O model enhances an organization's strategic delivery by providing decision support to ensure the right projects are launched, as outlined in the P3O Foundation (2013) manual. Section 2.1.2 states, "The P3O model provides decision-enabling support to ensure that programmes and projects align with and deliver the organization's strategy." This involves portfolio prioritization and analysis to select initiatives that maximize strategic value, rather than insulating projects from policy changes (A), enabling independent financial processes (B), or delegating governance (D), which could weaken oversight. The 2013 edition emphasizes this decision-support role as central to aligning change initiatives with strategic objectives, supported by tools like the P3O Value Matrix (Section 6.3). This ensures resources are focused on high-priority areas, driving effective strategy execution.

## NEW QUESTION # 25
How does a P3O typically deliver an information portal to the PPM community?

- A. By documenting business process swimlanes
- B. Using programme and project management forums
- C. By appropriate capacity planning for resource management
- D. Through an intranet site showing templates and guidance

**Answer: D**

Explanation:
The P3O Foundation (2013) manual specifies that a P3O typically delivers an information portal via an intranet site with templates

and guidance. Section 6.2.2 states, "The P3O delivers an information portal to the PPM community through an intranet site, providing access to templates, guidance, and best practices." This differs from process swimlanes (B), forums (C), or capacity planning (D), which serve other purposes. The
2013 edition emphasizes this centralized access to enhance collaboration and standardize PPM practices. This approach ensures efficient knowledge sharing across the organization.

## NEW QUESTION # 26

Which is an activity in the implementation lifecycle for a permanent P3O?

- A. Close down a Programme Office
- B. Return staff members to operational roles
- C. Run an office through to delivery
- D. Deliver capability Realize benefits

**Answer: D**

Explanation:
The P3O Foundation (2013) manual lists delivering capability and realizing benefits as an activity in the permanent P3O implementation lifecycle. Section 4.3.5 states, "The implementation lifecycle for a permanent P3O includes delivering capability and realizing benefits as it transitions to operational status." This differs from returning staff (A), running an office (B), or closing a Programme Office (C), which relate to temporary models. The 2013 edition focuses on this phase to establish and validate the P3O's operational effectiveness, ensuring long-term value. This activity supports strategic alignment.
Reference: P3O Foundation (2013) manual, Section 4.3.5, AXELOS.

## NEW QUESTION # 27

Which non-PPM function is often provided by a P3O in the interests of business efficiency?

- A. Challenging project data
- B. Scrutinising the impact of project delivery on business as usual
- C. Providing a secretariat service to management boards
- D. Escalating risks and issues

**Answer: C**

Explanation:
The P3O Foundation (2013) manual identifies providing a secretariat service to management boards as a non-PPM function often undertaken by a P3O for business efficiency. Section 7.2.3 states, "The P3O may provide secretariat services to management boards, including organizing meetings and documenting decisions, to enhance efficiency and support governance." This contrasts with challenging project data (A), scrutinizing impacts (B), and escalating risks (C), which are PPM-related functions. The 2013 edition highlights this administrative support as a value-added service, leveraging P3O's centralized position to streamline board activities. This role reduces duplication, ensuring management boards focus on strategic oversight, aligning with the P3O's broader support mandate across the organization.
